

I'll Explain Why I Always Drive a GENDRON

"You see the breaking of the springs causes us baby drivers more trouble than any other weakness in carriage cars. But there is no spring weakness in the GENDRON car. Note that double curve. It is exclusive with the GENDRON. It so distributes the strain that the spring never breaks. And then the wheels, you see they are specially welded, and cannot warp or break. Note also that little rubber cap over the nut of the axle. Sometimes when I have a restless passenger, I want to drive the car around the house without scratching the furniture—it is a little point, but a good one. The materials for all the GENDRON cars are the very best in the bodies, tops and every other part. There is style and service in every GENDRON model—Canadian made, so that any unexpected accident can be easily remedied."

T. W. BOYD & SON, 27 NOTRE DAME ST. WEST, MONTREAL.

TROUT BROOK.

Owing to the spring
the roads in this vicinity
in very good condition.

Mrs. J. Copp and daughter Mary
were the guests of the Misses
Waye on Sunday evening.

Miss Margaret Sobey, our teach-
er, spent a few days with Mrs. Joe
Hosford.

Mr. Dan Caine paid Redbank
flying visit on Thursday last.

Miss Violet Waye and her little
brother George, are both much
improved and able to be around
again, after their recent illness.

Mr. Wm. McKay of C. I. Road,
spent Sunday with Mr. Dan Caine.

Miss Della Hyland returned to
Mrs. Joey Mullin's on Friday,
after spending a few days at her
home in Redbank.

Miss Alberta Hosford spent Sat-
urday and Sunday with her friend,
Miss R. Stewart.

Messrs. Joseph and Albert Roy
of Sevegle pay frequent visits to
this place.

Miss Martha Cain spent Friday
in N. I. on the guest of her aunt,
Mrs. Edward Brown.

field, P.E.I., where he practised with
much success the past five years, has
located here taking rooms in Mrs. S.
A. Demers' residence, on Pleasant
street, opposite the Union Hotel. Dr.
McGrath is highly recommended as a
physician and surgeon.

Minard's Liniment Relieves Neuralgia.

MILLERTON NEWS

A New Pulp Mill Spoken of—Dis-
satisfaction over Delay in
Missing Link.

It is rumored that another pulp
mill is to be established in Mill-
erton to manufacture pulp with sul-
phite. It is understood that it
will be in connection with the
Miller Tanning Extract Company.
Something like two tank cars of
acid are used weekly in the manu-
facture of the extract and the
freight on the two cars is about
\$80 a week. It would be a consid-
erable saving to the Company if
they had their own acid.

As showing the benefit the Be-
verage Pulp Concern has been to
Derby it may be mentioned that
were \$5,000 worth of pulpwood
has been contracted for in this
season, a great part of which has
been delivered by rail on the Can-
ada Eastern. When the Missing
Link is in operation, it will make
a very large saving in the amount
paid for freight. The company
has been very much inconvenienced
by the delay in operating this line.
There seems to be no valid reason
why trains should not be running
through to Blackville long before
this. It is hoped that there will
be a "shaking of the dry bones"
when the new I.R.C. Commissioners
get to work. There is no reason
why it should not have been in
operation all winter. It is now
said that trains will be running
over it in June, when the Sum-
mer Time Table comes out, and here
it might be pointed out, the incon-
venience of changing the time of
running the trains two or three
weeks before the new time tables
are issued. An up-to-date arrange-
ment would have the time tables
out two or three weeks before the
change in times.

NOVA SCOTIAN FINANCES

In the Nova Scotian legislature
the receipts are estimated at
\$1,643,944 and the expenditure at
\$1,634,004. Royalty from mines
is expected to yield \$645,000; suc-
cession duties, \$75,000; subsidies
from the dominion, \$610,464, and
interest on Halifax and South-
western Railway mortgage, \$152,-
730. The chief items of expendi-
ture are: Education, \$316,000;
public charities, \$212,250; debent-
ure interest, \$306,476; roads
\$175,000; Nova Scotia Technical
College, \$35,000; agriculture, \$65,-
000.

PROTECTIONVILLE.

The recent snow storm im-
proved the sleighing and it was not
regretted by the young people as
we all know, for there are a great
many taking advantage of it.

Let us hope that summer, with
its bees, flowers and fruit will
soon be here.

The men of this place who went
to the drive on Thursday, have
returned on account of low water.

We are glad to have our old
friend Mr. George Haynes with us
again after an absence of several
months.

We are sorry to hear of the
illness of Mr. Harry Haynes'
mother. We hope she will soon
recover, and that he will soon be
with us again.

The men who who in the lum-
ber woods here, working for Mr.
Curtis, have returned home. Some
of them are sadly missed.

Mr. and Mrs. Ebenezer Travis
passed through this place one day
last week. We all extend to them
our congratulations.

There have been two organs
purchased in this place recently.
There is talk of Mr. L. Fletcher
having one installed in the
Methodist church here.

Mr. and Mrs. Alan Strang who
were visiting relatives in this
place and who have recently re-
turned to their home in P.E.I.,
are greatly missed, for they were
warmly received by all members
of society.

Postal cards are flying about
here and seem to be fashionable
with the young people.

The cheapest tea to use is not the
lowest priced. You can buy tea at
a few cents a pound cheaper that will
make a drink, but if you want an
absolutely pure, healthful, cleanly
prepared tea use "Saluda." It is
infinitely more delicious and decidedly
more economical than other teas.
Because it goes farther.

ABSOLUTE SECURITY.
