### Police Court.

(Before Mr. Morris, J.P.)  
Two boys were convicted of stealing two oil coats from a waterfront premises. They were each fined \$2 or 7 days.

A 24-year-old accountant, who assaulted a man named Langmead, was discharged to leave the country.

An assault case was not prosecuted.

A 22-year-old woman was up for being a loose and disorderly person. Inspector General Sullivan stated that the unfortunate creature was in a delicate state of health, and that she had been refused admittance to the S. A. Rescue Home by the Superintendent who was a new official there. Both the Judge and the I.G. adversely criticized the attitude taken by the Supt., believing she had a misconception of her duties and intimating that the institution which was kept up by Governmental and public support, had lowered itself in their estimation. The I.G. undertook to make another effort to get the woman in the Home and if unsuccessful would report the whole circumstance to the Government. Meanwhile the defendant was remanded.

### Sagona's Stormy Trip.

Back from the Labrador To-day.  
The s.s. Sagona, Capt. Parsons, arrived back to St. John's from Labrador ports at noon to-day, bringing a full cargo and as passengers in saloon: Rev. Mr. Kirby, wife and two children, Rev. Fr. Brown, Miss Bennett, Miss Ball, Messrs. Braser, Rowbottom, Carson, Strong, Cross, LeDrew, Dawson, Coleman, McCulloch, Mrs. Ford and 3 children, Mrs. Lewis and two daughters and 100 second class.

#### THE TRIP.

Capt. Parsons informed the Telegram that practically the entire trip was a continuous round of northeast gales and heavy seas, though the ship managed to reach Nain her terminus, and made every port of call going north. After leaving Hopdale the storm was at its worst and the ship was "hove to" for three days, without making scarcely any progress. From the time the Sagona left Hopdale until she got back again eight days had expired though only 200 miles were traversed. Coming south from the Labrador coast conditions were terrific. Daily the weather was boisterous and the ship was constantly shipping heavy seas. In consequence three ports of call—King's Cove, Wesleyville and Twillingate—had to be omitted.

#### POOR FISHERY.

Capt. Parsons did not bring a detailed report of the fishery this time, as the season is so far advanced and nearly all the schooners belonging to Conception, Trinity and Bonavista Bays have left for home. All the "floaters" were coming south when the Sagona was at Nain and are now on their way home. A few of them are well fished but the majority have fared badly. Asked as to his opinion of the whole Labrador fishery this year, Capt. Parsons said, "all things considered, it's very poor." A great drawback, he continued, is the fact that there is very little if any fish "made" on the Labrador this season, owing to the incessantly bad weather. He heard of only one steamer being on the coast yet. She was then at Flat Islands loading for foreign markets. She then had 800 qts. of cod on board. The bankers are not doing as well as they expected, according to Capt. Parsons' report, owing to the fifteen and then they get an average of about 100 qts. a banker. When the Sagona was at Battle Hr., shoremen were doing well, though weather conditions were hampering the fishermen, who could only get on the grounds once a fortnight.

#### WHALING NEWS.

The whaler Cachelot, operating at Hawke's Hr., had 47 fish captured up to four days ago when the Sagona was there. Three hundred and fifty cases of oil was taken from the factory at Hawke's Hr., and brought on to St. John's by the Sagona.

#### BIRTH ON BOARD.

A young woman, Mrs. Collins, who joined the ship at Hawke's Hr., gave birth to a son on board two days ago, following a violent storm that raged. Mother and babe were landed at Hr. Grace and were doing well.

**Good Catch by St. Pierre Fleet.**

North Sydney, Sept. 20.—S. S. Pro Patria arrived yesterday at one o'clock from St. Pierre with eighteen passengers en route to Montreal and New York. She will take a cargo of coal from the Dominion Coal Co., for St. Pierre. The steam trawlers operating from St. Pierre have had the best season since the inauguration of their business. The shore fishermen also report the best season in years, and his son having secured four hundred quintals to date. Bait is getting scarce, but fish is plentiful.

### Wedding Bells.

A very pretty wedding took place on the 22nd of September, when Effie daughter of J. Bellows, was united in hymen's bonds to Edmund, son of Alexander Tucker, of St. Phillips before a large congregation. The bride was dressed in cream satin with veil and wreath of lilies of the valley, she was attended by her sister, Mrs. L. James, who was dressed in white silk and large black picture hat, the other bridesmaid was Isabel Tucker, sister of the groom, who was dressed in white silk and large black picture hat. The flower girl was little Bessie Bellows who was dressed in cream satin and carried a bunch of lilies of the valley. The bridesmaids were Mrs. Reg. Grouchev and Mr. Wm. Wiseman. The wedding party went to the groom's home and had refreshments, leaving there at 8.30 for the bride's home where a wedding party was held, and songs and dancing were kept up till an early hour, then Mr. and Mrs. Tucker left for their new home, Livingstone Street, where they were the recipient of many useful presents, also a check from the bride's parents. The groom's present to the bride was a \$20 gold piece, and to the bridesmaids gold bracelets. We wish Mr. and Mrs. Tucker many years of wedded life. They left for St. Philip's to reach the honeymoon.—Com.
