218 LIVES LOST.

LONDON, Jan. 23.
By the sinking of two steamers by the enemy in the Mediterranean about three weeks ago, 218 lives were lost, it was announced officially to-day.

ACTIVITY ON ITALIAN FRONT.

ROME, Jan. 23.
The Italian War Office report issued to-day says there have been active operations in the Piave valley, the southeast slopes of Monte Spilva and the right bank of the Piave from Omic Valley. We brought back materials of various kinds, and in a successful surprise attack south of Quercia a French party captured prisoners and a machine gun. From Nervosa and Ponte Del la Priula our patrols drove back hostile parties. Five along the front at times grew more intense between Adiago and Brenta Valleys and along the banks of the Piave.

BRITISH LABOR TO FIGHT ON.

NOTTINGHAM, Jan. 23.
At the opening to-day of the annual Labor Conference, Frank Paddy, President, said that if Germany would not accept the terms Premier Lloyd George and President Wilson and the Labor party had laid down as the minimum, we must fight on. The amendment to refer the proposal to the executive for further consideration was carried by a small majority. In view of the adverse vote, consideration of the remainder of the executive report was postponed for a month, and the conference proceeded to discuss the annual report of the executive. Henderson moved what he described as a peace resolution, that welcomed the statement of the Premier and President Wilson in so far as they harmonized with the war aims of the British labor movement which called upon the Allies to formulate their war aims at the earliest possible moment, and approved of arrangements being made for an international conference to be held in London on February 20th. Henderson, in supporting his resolutions, said peace could never be brought about until all nations had stated their aims and proved that they accorded with the magnificent statement of the aims of President Wilson. James Ramsay MacDonald, Socialist Labor Member of Parliament, who seconded the resolution, said that they must have an international conference of working classes to obtain a settlement. After an attack by R. W. Williams, of the Transport Workers, on the Government for refusing passports for Stockholm, the resolution was unanimously adopted.

PEACE TALK INTERESTS GERMAN.

LONDON, Jan. 23.
The peace agitation in Austria-Hungary is receiving a great deal of attention in Germany. The Socialist newspaper Vorwaerts of Berlin emphatically declares the solidarity of the German proletariat with Austrian labor in the peace struggle and maintains the events in the dual monarchy must have a deep reaction in Germany. We have been walking on the edge of a precipice in the last few days, it says, and goes on to demand that the German Government resolutely take its place by the side of its Austrian ally. As the fruits of the Pan-German propaganda, it continues, we are menaced not only with the wrecking of the peace negotiations with Russia, but also with complete isolation.

Had Piles for Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief—Tells How Complete Cure Was Effected.
Branford, Ont., Jan. 10.—There is reported here three cures of chronic cases of piles. In all three cases many treatments were tried before it was discovered that Dr. Chase's Ointment is the only real cure for this distressing ailment.
Mrs. A. Oates, 22 Gilmerson street, Branford, Ont., writes: "I have used Dr. Chase's Ointment as a household remedy for ever so long, and am particularly indebted to it for a cure from Piles. I had suffered from this annoying trouble for ten years, and tried nearly everything I heard of. After using Dr. Chase's Ointment a short while I was completely cured."
Mrs. Wm. Shantz, 156 Albert street, Kitchener, Ont., writes: "For several years I was troubled with bleeding piles. I tried different remedies for relief without success. I read in Dr. Chase's Almanac of the benefits other people were receiving from Dr. Chase's Ointment, so I sent to your office for a sample box. I found it was such relief that I went to your store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from the use than any remedy I have ever used."
Mrs. F. Casson, Victoria street, Ingersoll, Ont., writes: "About two years ago I was suffering from hemorrhoids. I had tried many different remedies for this distressing ailment, but nothing helped me. Finally I got a box of Dr. Chase's Ointment, and after using it found that I was completely cured and have not been bothered in this way since. I can cheerfully recommend Dr. Chase's Ointment to anyone suffering as I did."

Kipling's Son.

At the end of January I went to France, eager to see with my own eyes the great things that were doing there and to taste with my own lips the cup of danger. That at least I was bound to do before I could come home and urge my countrymen to face the duty and brave the peril of a part in this war.

Paris was not so dark as London but more tragic. After Belgium and Serbia the heaviest brunt of this dreadful conflict has fallen upon France. She has suffered most. Yet on the faces of her women I saw no tears and in the eyes of her men no fear nor regret.

If Britain was magnificent, France was miraculous! Loving and desiring peace she accepted the cross of war without a murmur. Her women were no less brave than her men. She wears the hero-star of Roland and saintly halo of Joan of Arc.

After meeting many men in Paris—statesmen, men of letters, generals—and after visiting the splendid American Ambulance at Neuilly and other institutions in which our boys and girls were giving their help to France in the chivalric spirit of Lafayette, I went out toward the front.

The first visit was under the escort of Captain Francois Morod to a chateau beyond Compiègne, where Rudyard Kipling with his family and I with my family had passed the Christmas week of 1913 together, as joyous guests of the American chateau. Mrs. Julia Park. She has given the spacious, lovely house for a military hospital. And there, while the German guns thundered a few kilometres away from us and a German sausage balloon floated in the sky, I watched the skilful ministrations of French and American doctors and nurses to the wounded. One thought haunted me—the memory of Kipling's only son, nineteen years old, who was with us in that happy Christmas. The lad was reported "missing" after one of the battles between Loos and Hulluch. For six months I sought, through the German Legation at The Hague, to find a trace of the brave boy. But never a word—Henry van Dyke, in Scribner.

Hockey Meeting.

The annual meeting of the Hockey League was held last night at the office of the President, Mr. W. J. Higgins, who occupied the chair. As there are only three teams this season, it was decided to play three rounds, the first being:

Terra Nova vs. Victorias.
Feldians vs. Terra Nova.
Victorias vs. Feldians.

The games will begin as soon as each team has had four practices. If weather conditions prevent the playing of the three rounds then the championship will be decided by the standing of the teams at the end of the second. It was decided that the team of King's College be invited down on or about Feb. 16th to play three games with a city seven, which will be selected by a committee consisting of President Higgins and the captains of the local teams. No doubt we can look forward to a very interesting week of hockey, as it will be remembered that the visitors defeated the Windsor draft team, in two out of three games at Windsor last year winning the final game by a score of 11 to 2. The proceeds will be devoted to the funds of the W.P.A.

Regarding the decision arrived at last night to eliminate lifting, we were under the impression that that rule was enforced six years ago and has not, to our knowledge, been disregarded. Messrs. Higgins and Tobin, the League officials, will be the sole referees for the season.

HOCKEY NOTES.

The different College teams are now getting in shape for the coming hockey games and have already had practice at Burton's and other nearby ponds. The Prince's Rink has not yet been opened for skating and is not likely to till we experience a much lower temperature.

During the week which the King's College team will visit here will be a patriotic week. The curriers have also arranged for a series of contests in aid of the W.P.A.

Some of the hockeyists would have us believe that the long wrist shot should be classed as lifting.

Owing to the lateness of the season and the short time for practice, it is not likely any of the local games will be played till after the visit of the King's College team.
