Rod and Gun.

Readers of Canada's national sportsmen's monthly ROD AND GUN IN CANADA will look forward with interest to the November issue which contains among other interesting stories and articles, "Where the Amber River Flows," a story of the North country written by that premier sportsman, Robert G. Hodgson. "Lobstering in Nova Scotia" is the title of Bonnycastle Dale's instructive contribution to this issue. The annual tournament of the Nova Scotia Guides' Association is fully reported and illustrated in two articles. The sportsmen's departments, fishing, guns, conservation and kennel are up to their usual high standard. In addition to these interesting stories and departments, A. Bryan Williams, the noted big game hunter of British Columbia gives an interesting account of a big game hunt in the mountains of the Pacific province. ROD AND GUN IN CANADA is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

Not Accountable.

(From the Boston Transcript.) Casey managed somehow to get hold of a bottle of whiskey one Saturday night and after taking a few drinks he reserved the remainder for Sunday. During the night, however, he woke suddenly to find a fellow lodger gulping down the pre-

cious liquid.

"Here, Mulligan!" he cried, "what are you doing with that whiskey?" "Whist, man, whist!" said Mulligan, with great presence of mind. "O'im walkin' in my slape."

Reid Nfld. Company

BECOMES LIMITED LIABILITY CO.

On Thursday the Reid Newfoundland Company was incorporated as a Limited Liability Company, having a paid-up capital of fifteen million dollars, made up of 150,000 shares, the principal holders of which are Henry Duff Reid, William Duff Reid, Robert Gillespie Reid and Harriet Reid. A resolution sanctioning the change was passed at the annual meeting held late in October. Protests against the certificate of incorporation being issued was filed with the Registrar of Deeds and Companies by Sir William Reid and C. H. Cahane, as attorney for Miss Reid, as follows:—

"I, the undersigned, William D. Reid, a registered owner of more than 45,000 shares of the Reid Nfld. Co., have just received notice, dated 19th inst., of a meeting of shareholders of said Company, to be held to-day to pass resolutions for the registration of said Company under Part V. of the Companies Act of Newfoundland. Such notice is illegal and void, inasmuch as the bye-laws of the said Company require that not less than two weeks' notice be given of all general and

"special meetings of the said Company. Shareholders of said Company holding more than one-third in value of its entire issued capital stock, are opposed to said resolutions, but owing to short notice given of to-day's meeting, are unable to be represented either in person or by proxy at said meeting. I therefore protest against the issue of a certificate of registration of said Company under the Companies Act, and request that time may be given to me to present my objections in due form."

(Sgd.) W. D. REID.

"As attorney for Miss Harriet Reid, known as Nellie Reid, who is the registered holder of approximately five thousand shares of capital stock of the Reid Newfoundland Company, I protest on her behalf against the issuance of a certificate of registration to the said Company on the grounds that such registration would be defeating her rights in litigation now pending in the Superior Court of Quebec, and that the meeting of said Company was convened without proper notice and that all proceedings thereat were illegal and void."

(Sgd.) C. H. CAHANE.

As the applicants had complied with the formalities necessary under the Act, the Registrar granted the certificate. The objects of the newly-incorporated Company, as set forth in the memorandum of the Association, are, briefly, to operate and further

develop the present railway system and its branch lines, to operate the present street railway, electrical plants, dry dock, etc., to operate the steamship services now under control of the Company, to build, purchase or otherwise acquire boats and steamers for the purpose of maintaining or developing these services, to develop the natural resources of the country or that section thereof for which they have grants, such as mining, timber, etc., and in the operation of the railway and steamship services, the Company is to have priority over all other railways operated in this country, whether run by steam, electricity or otherwise.

Sugar Profiteering.

Editor Evening Telegram.

Dear Sir:—Did you see the letter about sugar in yesterday's Herald? May I ask you to publish it? As it features an important question, viz:—

"What right have the F.C.B. to tax us 15 cents per pound on the sugar we buy?"

The F. C. B. are profiteering. Profiteering means exacting an unjust profit. Taking unjust profit is robbery. Might doesn't make right.

This is a matter which should interest every reader of the Evening Telegram, because on each pound of sugar bought by YOU—you who are now reading this letter, the F. C. B. are robbing YOU of FIFTEEN CENTS.

Who runs the F. C. B. anyhow? Hon. Alex. Mews is not to be blamed, so they say on Water Street. I've heard things about another member of the F. C. B. that I don't wish to mention just yet.

The F. C. B. should answer Consumer's questions, and do it now.

Yours truly,

AMI WRIGHT.

Nov. 6, 1920.

THE SUGAR SCANDAL.

(Editor Herald.)

Dear Sir:—Can nothing be done to compel the F. C. B. to give us information about the price of sugar? In Tuesday's "Advocate" the Editor of that paper—who is also Chairman of the F. C. B.—said "It is not the intention of the F. C. B. to keep up the price of sugar beyond July." That is not enough information. What we want to know is, when is the price to be reduced to its proper value, 15c a pound? The F. C. B. was created to reduce the price of sugar, whereas they actually increased it, and it appears that the high price of 31c will obtain until July.

At present the F. C. B. are taxing the consumer 15c. per pound to pay for their bungling. What right have they to do this? I understand that the F. C. B. have 6,000 barrels stored at Harvey & Co.'s and that this sugar was invoiced at 11c., equal to \$16.00 per 100 lbs. landed. The F. C. B. will probably say the sugar cost more than \$16.00, but they will take care not to say how much more. When you were Food Controller, one could at all times get information about cost of sugar and your activities, but the present F. C. B. are afraid to come out in the open. What are they hiding? Who are they protecting? It isn't the Fishermen or Workmen. The Water Street Importers and Jobbers say they cannot get any information. The business was taken out of their hands in the interests of consumers, and the results are secrecy and 31c. sugar.

Is it true that the F. C. B.'s bungling has cost the Government \$250,000.00? Bungling due to their refusal to accept advice from an East End Sugar Importer. Is it true that Mr. Mort Greene, Mr. George Grimes and Mr. J. E. Dempster were opposed to the F. C. B.'s plans? Why weren't they listened to?

A CONSUMER.

St. John's, Nov. 3rd, 1920.

Attention!

Buy Beaver Board that is BEAVER BOARD

You want better walls and ceilings, in your new home, in present waste space, or to replace cracked plaster and dingy wallpaper. So you ask for Beaver Board, the original wallboard, that has been building better walls and ceilings for a dozen years.

But do you know that inferior wallboards are often sold as Beaver Board? They may look like Beaver Board, feel like Beaver Board, and even claim to be as good as Beaver Board.

But they can't give Beaver Board results. Be sure to get what you ask for. The Beaver trademark on the back of every panel of genuine Beaver Board is there for your protection. Look for it.

Celebrating Armistice Night.

The Great War Veterans celebration of Armistice night promises to be a very successful affair. A big concert and dinner have been arranged to take place in the C.C.C. Hall. His Excellency the Governor, Hon. W. F. Cosker, Acting Prime Minister, and Sir M. P. Cashin, the Leader of the Opposition, will be guests of honor. After the dinner the concert takes place and the old-time songs—the songs made popular during the war, and known to all soldiers—will be sung by those who sang them during the war, and the familiar marches will be played by the Jazzola Orchestra. The Colours of the Royal Newfoundland Regiment will grace the hall and will be received by three buglers, who will sound the General Salute.

Will Address Epworth League.

Hon. John Anderson will address the Wesley Church Epworth League on Monday night next, his subject being "Civic Affairs." This is a very popular subject at the present time, and one worthy of deep consideration. The Hon. gentleman, who is an authority on such matters, will deliver an address that will prove to be both very interesting and instructive.

MINARD'S LINIMENT FOR GARGET IN COWS.

The Fish Situation.

(From this Morning's News.)

Yesterday reference was made to a report that the price fixed for Labrador fish in the United Kingdom had been reduced five shillings a quintal, and that a substantial sale had been made at the lower figure. Further enquiry has elicited the fact that the first part of the story, at least, is correct, and there are circumstances connected with it that do not tend to strengthen confidence in the administration of the Export Regulations. It was only on Wednesday last that the Trade here were notified of the change in prices, but on Monday, or two days before, it was known in Liverpool that the drop was to take place, and fish was offered there at 60c. This is confirmed by messages to several concerns here, some of whom, it is understood, had to abandon negotiations for the disposal of small quantities of fish at the higher price which had practically been concluded. Where the Liverpool brokers got their information is not known, but it is believed that it could only have come from someone on the inside track, someone who was aware of the intentions of the Advisory Board. It is hardly necessary to point out the effect such an incident as this must have on the Trade, but that it must be destructive of confidence is inevitable. What faith can men have in the regulations, or how can they be expected to do business, if they are to be subjected to unfair competition of this kind? They cannot work with any

degree of security, because they never know when they are to be undersold or when their customers are to be taken away from them. And it makes a laughing stock of the effort to control prices.

C.M.B.C.—The members of the C.M.B.C. will hold their usual session in the Synod Hall on to-morrow afternoon at 3 o'clock. There will be Communion in the Cathedral at 8 a.m.

STOMACH TROUBLE

Regulate your digestion so you can eat favorite foods without fear.

Indigestion
Flatulence
Gases
Acidity
Palpitation

A few tablets of Pape's Diapepsin correct acidity, thus regulating the stomach and giving almost instant relief. Large 60c case—drugstores.
