Government Leader Says Negotiations May be Prolonged--Island of Yap Springs into Importance--London, Ontario, Has Sensational Murder--U.S. Congress Meets for 67th Session.

EDMONTON SCHOOL TEACHERS STRIKE.

EDMONTON, Alta., April 11. Following a refusal of the Board of Trustees to permit teachers' representatives to attend a board meeting, the High School Teachers went on strike here to-day. There is also a dispute regarding salaries.

STILL CONFRONTED WITH DIFFICULTIES.

LONDON, April 11. Austen Chamberlain, Government leader, said in the House of Commons this evening that while a right atmosphere had been achieved for the coal conference, neither the country nor the parties to the dispute were at the end of their difficulties. The sudden improvement of the coal trade rendered the finding of a new wage basis troublesome, he asserted, adding that negotiations promised to take some time. He declared there was an agreement outside the trusted leaders and outside the great unions of workers who were not unready to propagate their ulterior aims and therefore it was necessary to pursue the precautionary measures already entered upon. "It is vital that the community should show that its life and existence are attacked if its life and existence will be protected itself," he declared.

FRANCE AND BRITAIN REPLY.

WASHINGTON, April 11. France and Great Britain are understood to have replied to Secretary of State Hughes' recent notes regarding the Japanese mandate over the Pacific Island of Yap. The British Government's response is said to have been of a preliminary nature.

AN EARLY SEEDING.

WINNIPEG, April 11. Reports received by the Canadian Press Limited from various points in the Prairie provinces indicate that in many districts farmers will be at work on their land by the end of this week. It is expected that seeding will be general in ten days or two weeks.

WILL BE SENT BACK.

HALIFAX, April 11. Mary Rowe, of St. John's, who arrived here on Saturday on the Rosalind has been ordered deported by the immigration authorities and will be sent back to Newfoundland on the Rosalind. On her arrival here she was detained by the police on the authority of a telegram from the chief of police of St. John's for alleged theft of one hundred dollars. The information was said to have been laid against her by her husband.

HOLD UP AND MURDER.

LONDON, Ont., April 11. At noon to-day four armed but unmasked bandits shot and killed Russell Campbell, aged twenty-five a citizen of Melbourne village, twenty miles from here, as he attempted to prevent them from robbing the home, bank in that village. The holdup and murder was committed while Manager McCallum and two young women clerks were in the bank. The bandits drove up to the bank in a large touring car and in real western fashion swept into the village bank with their guns ready for action. They ordered Manager McCallum to open the safe which he pretended to do. Meanwhile several villagers including Campbell suspected a holdup and rushed into the bank. As Campbell attempted to grapple with one of the men he was shot by a companion of the robber dying in a few minutes from a bullet wound in the abdomen. Other villagers were soon on the scene and managed

CASTLE POINT CLEAR OF ICE.

NEW YORK, April 11. The freight steamerby Castle Point, previously reported caught in the ice off the coast of Newfoundland, has worked clear and is on her way to St. John's. Moore & McCormick, agents here, have been advised. The coast-guard cutter Seneca and sealing steamer Terra Nova went to her assistance.

WANTS PROVINCES TO OWN NATURAL RESOURCES.

WINNIPEG, April 11. The return of their natural resources to the Prairie Provinces by

World's Greatest Educational and Historical Industry.

THE MOTION PICTURE INDUSTRY.

In the business progress of the civilized world, no more rapid or wonderful advance has been made than has marked the Motion Picture Industry. To-day more people are interested in this great, new development and more people derive their chief pleasure, amusement and instruction from the silent drama than from any other source. Within less than a decade it has developed from an insignificant form of recreation and amusement into one of the greatest educational mediums of modern times. No other industry has ever been founded on a more solid foundation. The extent of the screen's appeal is limited only by the number of human eyes there are in the world.

ENORMOUS PROFITS OF THE BUSINESS.

It is interesting to know that nearly \$2,000,000,000 of capital is now represented in the producing and exhibiting of pictures; more than 300,000 persons are now regularly employed in its various avenues of activities; 4,000,000 ft. of film are produced weekly; over \$1,000,000 were spent in the United States and Canada in 1919 for admission to motion picture theatres, and it is represented that \$150,000,000 represents the profits made by producers and exhibitors. This remarkable record has been attained in the last fifteen years, making motion picture industries the third largest in the world and first in the amount of profits it has paid on the capital invested.

It is this development and these possibilities which have caused the entry to this field of such outstanding business and financial men as W. C. Durant, President of General Motors Corporation; Sir Herbert S. Holt, President of the Royal Bank of Canada; Harvey D. Gibson, The Liberty National Bank of New York; Lord Beaverbrook; Daniel E. Pomeroy, Vice-President Bankers' Trust Company of New York; Lord Ashfield, Chairman of the Underground Railways, London; Sir Hugo Cunliffe Owen, Chairman of British American Tobacco Co.

DID YOU EVER REALIZE?

That the moving picture industry pays a larger dividend on the investment than any other industry.

That most of the pictures you pay to see in your local theatres are produced outside of the Dominion.

That Canada pays the United States fifteen million dollars per year for Motion Picture Films.

That in the United States to-day there are three hundred and thirteen companies making film plays and that up to a year ago there was not one successful producing company in Canada.

Dollars represent energy. You can make them work and earn. The great industrial leaders of the world made their first start by saving a few dollars and investing wisely and at the right time in some new industry.

AND REALIZING THIS ARE YOU SATISFIED?

If you are interested in the moving picture industry as an investment, send your name and address on a postcard to J. R. BECK, Rates Representative, and we will forward without obligation to yourself some interesting literature pertaining to the industry in Canada.

Sixteen Million People Every Day Sit in Rows in Motion Picture Theatres and Watch the Shift of Fact and Drama on the Screen.

The Maritime Motion Picture Company of Canada, Ltd.,

HEADQUARTERS: SYDNEY, N. S.

The Federal Government will be urged in a resolution to be submitted to the Manitoba Legislature by Premier Morris.

Murder Detected by Dream.

On June 1, 1844, the Rev. H. Alexander, lecturing at Lancaster, stated a remarkable fact which had occurred many years before. A young man named Horrocks had been robbed and murdered. He was found with his head beaten in, apparently by blindfold. For many months vigilantly search was made for the perpetrator but all in vain. One night a man who had been on friendly terms with Horrocks awoke much disturbed, and told his wife that he had dreamt that Samuel Longwith, of Bolton, was the murderer. He did not know Longwith (except by sight), who lived twenty miles away. His wife told him to think no more of it, but to go to sleep. He did so, but again awoke from the effects of the same dream. He set out for Bolton and applied for a warrant for Longwith's arrest, but the magistrate declined it for want of evidence. Passing through the market place he met Longwith and persuaded him to visit an adjacent public-house. There he locked the door of a room and charged Longwith with the crime. The latter was seized and faintly denied the accusation, but in his evidence said he was innocent, as he did not strike the blow. "Then you know who did," replied the friend of Horrocks; and Longwith confessed to the murder.

According to Mr. Clegg's "Bolton Record," Longwith was gibbeted on Dean Moor in 1796.

OXO CUBES

A daily cupful of hot OXO gives warmth, energy, vitality and fortifies against illness.

Give Strength

Preached for Six Hours.

The story of how Rev. Ernest Whitcomb, pastor of the Beulah Heights Mission of the Church of Jesus, North Bergen, N.J., preached for six hours straight, and even munched his supper in the pulpit before surrendering the rostrum to his duly elected successor, has become known. When the new pastor, Rev. Harold M. Moss, of

Springfield, Mass., arrived at the mission to take charge, he found Mr. Whitcomb preaching. Mr. Moss did not desire to interrupt the service, but, nevertheless, called for two church officers and two policemen. Then he waited for Mr. Whitcomb to end his sermon. But Mr. Whitcomb preached from 2 a.m. until 8 p.m., and many of his congregation stayed with him. Finally the new pastor called on the old one to "resign and get out." At the same time motioning towards the policemen. Mr. Whitcomb then stopped preaching, but the five members of his flock placed under arrest were alleged not to have surrendered so meekly.

ECZEMA

You are not experiencing itching when you use Dr. Chase's Ointment. It relieves at once and gradually heals the skin. Sample box Dr. Chase's Ointment free if you mention this paper and send 2c. stamp for postage. 50c a box, all dealers or Richmond, Bales & Co., Limited, Toronto.

When scrim curtains get stained and faded, dye them a darker color than matches the color scheme of the room.

Eyesight Specialist, 307 Water Street.
(Over Kodak Store.)

Anglo-American Telegraph Company.

Effective commencing April 9, deferred Cable Service is reinstated to Great Britain and Ireland, and the principal countries in Europe, Africa, Asia, Dutch East Indies, Australasia (rate for Australasia is that via Eastern and Indo only), Argentine, Bolivia, Chile, Paraguay, Peru (except Wireless Stations), Uruguay and Brazil (except Acre District and Amazon River stations). The deferred service will be, on the usual basis of plain language and deferment in favor of full rate messages and the carrying of a prefix LCO, LCD or LCF as the case may be, in all cases including that of Great Britain and Ireland exactly one half the regular or full rate to country of destination.

This valuable service at one half normal rates has not been available since September 1918, when it was necessarily suspended because of the congested condition of the cable system throughout the world. The Anglo-American Telegraph Company and the Western Union have taken advantage of the first opportunity since the war to reinstate this service.
