## Houses! Houses! Houses!

THE GREATEST NEED OF THE PRESENT DAY.

And if you want to buy, Or if you want to sell your house; If you want information how to build: Ig you want money to build; If you have money to loan on good security;

If you want lumber at first cost; Just come and we will talk it over. Long experience is always worth seeking for. Come and see me at 301/2 PRESCOTT STREET.

Real Estate Agent. Phone 1388.

Taxation is the one great burden that every House-owner and Tenant is greatly concerned about. Many are continually at their wits end to know how to meet it, in fact, we are being bled white with taxation to-day, more particularly Unjust

I have been approached by scores of voters the past night concerning the new Assessment—the City's Form of Taxa-tion. Properties are being rated at a time when values are tem-porarily inflated. This tax is being unjustly levied. I have heard of cases in which the taxes are about to be increased any-where from 10 to 250%, others to remain as before. Why such discrimination? I have yet to learn of them being reduced; is it because Householders elect to keep their homes clean and bright and take delight in decorating the exterior, thereby beautifying their locality and the city in general, that they are a mark to be fleeced for more taxes? The system is rotten, rotten to the core

We are politely told by the Civic authorities that such is we are politely told by the civic authorities that such is the Law; therefore you will agree with me that the Law should be amended. I pledge myself that with your help, that is, the help of every House-owner and Tenant in the city, that I will move an amendment to it. Yoters just think of it, wages and salaries being throttled down and city taxes soaring skywards. Are you going to stand for it. You have the means; show your disapproval by voting for

RECOGNITION. The care of the teeth is now recognized as a necessity. In fact the large hospitals all over the world examine the patients' teeth and where it is possible put them in good condition before attempting a surgical oper ation. Experience has shown that the patient has a better chance for recovery with a clean healthy mouth than without at. This ought to convince the most skeptical that care of the teeth is requisite to health. oct31,eod,tf
