Holy Cross

School Festival.

September 14th is a red-letter day in the calendar of Holy Cross Schools. Yesterday the anniversary was celebrated in a manner worthy of the occasion. Most of the present and quite a number of the past pupils gathered at the early morning sacrifice at St. Patrick's Church. Having duly honored the Religious Aspect of the Festival, a holiday was declared and a large number of Senior boys assembled in the school whence they motored to the spacious playgrounds of Mt. Cashel where the day was spent in many games and athletic feats. The boys of Mt. Cashel graced the occasion by discoursing a selection of the classic music for which their band is deservedly famous. Needless to say the courtesy of the Mt. Cashel Community was highly appreciated. During the day the presence of some of the ex-pupils made the re-union all the more memorable. At 6 p.m. return was made to the city, and there was unanimity of feeling that the 1923 Festival of the Old School was the best yet.

Our Dumb Animals.

REPORT OF THE CHIEF AGENT FOR WEEK ENDING SEPT. 14th, 1923.

Attended to the landing of two car-loads of cattle at the Railway Station, on Sunday morning. Received word of some cattle which were shipped on the Glencoe. They were suffering very much as they were knocked about on the deck. I interviewed Mr. Taylor, the Freight Agent, who said he would give this his best attention in future, but they have no other way in carrying cattle on the bay boats. I attended three sales of cattle, about 200 head, besides a number of sheep and pigs. Also the landing of 4 head of cattle from the schooner, River, from Lunenburg; these are the cattle which were saved from the Sable I some weeks ago. The cattle were knocked about quite a bit but the Captain and crew of the schooner deserve great praise for the way they looked after those animals. I examined a horse for a city gentleman; the horse is getting very old and is apparently past its labor, he intends having it humanely put to death. I spoke to several drivers about fast driving. I also received a report of a dog being run over on Monkstown Road. I found the man who had done this named Mahoney. He said he did not think he had hurt it had enough to kill it. One hour after the accident I found the dog; it was dead. I warned the driver and told him what the Act said about it, and he promised to do better in future. All drivers are requested to report any accident which may happen, to the nearest policeman or phone 653. Another report from a lady on Watford Bridge Road of a very lame cow in a field. I also attended to this. I ordered the owners of three lame horses to give the animals a rest, and they did so. Quite a number of minor cases have been attended. JONAS BARTER, Chief Agent.

Talented Mary Carr

COMING IN "SILVER WINGS."

When William Fox presents a photo-play as a "special" to an American audience, it is always an event in the film world. When it is a picture in which he has surpassed himself, as in his latest, double importance attaches to the event. In Mr. Fox's newest and most pretentious film, "Silver Wings," featuring "the most famous mother in the world," Mary Carr, which opens at the Majestic Theatre Monday, will without doubt draw record attendances.

So much stir has been made in all the large centers where "Silver Wings" has already appeared that opinion is divided whether it is due to the emotional quality of the famous drama upon which it is based, to the very remarkable characterizations of the principal roles, or to the magnificence with which the story is presented.

Salvage of Laurentic Gold.

The S.S. Laurentic, which was sunk off Lough Swilly in January, 1917 had on board £7,000,000 in gold. For some time a ship named the Racer

has been engaged in salvaging the cargo. Practically the whole amount of the gold has been recovered, and it is expected that much more of value will be secured.

A millinery note of interest is the fan-shaped feather ornament placed at the back.

Dr. A. F. Perkins has resumed his practice. sept11,17
