Drank by Britishers.  
Lead Packets Only. 25c, 30c, 40c, 50c, 60c. All Grocers.

## THE "INS" AND "OUTS."

Hospital Trust Patches Up the Doctors' Differences.

## WILL BE GIVEN A TRIAL.

By-law Amended Allowing Seven Months to the Medical School Faculty.

## QUESTION OF EXCLUSIVENESS.

It Caused Some Warm Words, and May Yet Lead to Trouble—Non-Paying Patients Permitted to Call Outside Doctors Only Upon Giving Special Reason—Mayor Says the Hospital Has Been a Disgrace.

The difficulty between the "insiders" and the "outsiders" among the local medical men touching Victoria Hospital has been bridged, for the time, at least. The champion of the outsiders at the Hospital Trust, Mayor Wilson, assented to the settlement very reluctantly, claiming that the injustice being enacted was a gross one. The settlement was reached as a result of the meeting of the Hospital Trust yesterday afternoon with a delegation from the "insiders," or the doctors specially interested in the success of the medical school. There were some warm passages between the doctors. All the members of the Trust were present, Col. Lewis (in the chair), Mr. Thos. McCormick, Mr. Thos. H. Fardom, Q. C.; Mayor Wilson and Mr. James Gilmour, M. P., together with Supt. Balfour.

Dr. Meek and Dr. Hodge were the visiting delegation. Dr. Hodge was chief spokesman. The position that the school took, he said, was that the Trust were called upon to administer the affairs of the Hospital in the interest of the body of men or party of medical men or the medical men as a whole, but in the interests of the people at large.

The offer of the "outside" doctors to compromise on seven months for the medical school faculty and five months for the balance of the fraternity was stated to the delegation. Dr. Hodge said if this proposal was in the best interest of the patients and the citizens at large, the medical school would accept it. The hospital staff would thus consist of all the doctors in the city of London.

Mayor Wilson said the Trust had letters from Dr. Pyne, secretary of the Medical Council; Dr. C. L. Campbell, a member of the Council, and Dr. Rourke, the president, saying that it was not necessary for the school to have more than six months.

Dr. Hodge—Well, that is very funny. The law says differently. But these gentlemen may be able to override the law.

The Mayor—They say that Dr. Balfour may certify to the other two months.

Dr. Hodge—We are not willing to put Dr. Balfour in that position.

The Mayor—Of course you are not. I quite understand that. It is all very nice, but the Medical Council says you can do this if you wish.

Dr. Hodge said the men who gave clinics must be responsible to the faculty. No other college did otherwise. They would not have students brought here and kept for eight months, when they were only getting six months. There was no use in discussing that matter. The work must be done by men appointed by the university.

The Mayor—I do not think there is any use in the Trust trying to settle the matter. Let it go to the people.

Dr. Hodge—Yes; go to the people. We are not here begging for favors. We are just here to take this position. You do what is best for the patients and the citizens at large. If you can ask anything fairer than that, well and good. If you cut us off with four months it will close the school, and we cannot help it. If you give us eight months and let every man attend his own patients, we will be responsible and not we.

The Mayor—We want to be as fair as we possibly can. And if the school and the outside medical men come to something that will suit both, would it not be better?

Dr. Hodge asked how much interest had been shown in the hospital by any of the doctors who were raising the questions in dispute. Had they asked to take a place on the staff?

The Mayor—I will answer that. A year ago when we took hold of the hospital it was crying disgrace. I will name you a case. A woman was taken to the hospital about to be confined. And before she left the hospital again she was crying, "I am a fool and a mad woman."

Dr. Hodge—If that is a fact it is too bad these men have remained quiet during the last 10 or 15 years.

The Mayor—It is a very different thing. I have spent two years in getting a hospital fit for the city of London, and I ask with a number of others to be put on a fair footing with the other men. Am I asking too much? Is it fair or not, where my own money goes to pay for the building?

Dr. Hodge—That has nothing to do with the matter.

Dr. Hodge—If that is a fact it is too bad these men have remained quiet during the last 10 or 15 years.

The Mayor—It is a very different thing. I have spent two years in getting a hospital fit for the city of London, and I ask with a number of others to be put on a fair footing with the other men. Am I asking too much? Is it fair or not, where my own money goes to pay for the building?

Dr. Hodge—That has nothing to do with the matter.

Departure of the Sardinian With the Canadian Contingent.

AN ENTHUSIASTIC SEND-OFF

Given the Boys—The Route of Parade Lined With Thousands of Cheering People—A Splendid Body of Soldiers.

Quebec, Oct. 30.—The Canadian contingent received at 1 o'clock this afternoon the most enthusiastic send-off imaginable. Crowds of people from everywhere in the neighborhood, reinforced by thousands of visitors, lined the streets on the route of the parade, and the troops were the object of reiterated "Bravos!" and "God-speeds!" and other expressions of farewell from thousands of voices. They were escorted by all the local regiments, which had been called to muster at their headquarters. At 11 o'clock the contingent paraded in their war, or service, attire on the Esplanade. At 11:30 they were inspected by Major-General Hutton, and at noon sharp they were passed in review by the Governor-General, Sir Wilfrid Laurier was on the parade ground. After the inspection by His Excellency Lord Minto, a civic address was presented to the Canadian contingent by the Mayor, who was accompanied by all the officials of the City Hall in their uniforms. The Canadian contingent was highly congratulated on its splendid martial aspect and competency by Major Hutton and the Governor-General, Lord Minto. Col. Otter, in the name of the contingent, replied to the civic address in a cheerful speech, thanking the Quebec citizens for their expressions of sympathy and cordial encouragement.

The streets on the route of parade had been splendidly decorated with flags and inscriptions everywhere, especially opposite the Esplanade. The school children had received a special holiday for the occasion; the students attending the Seminary of Quebec also received a holiday, and the English flag floated from the Laval University. The entire contingent of the Sardinian at 2 o'clock, and will be ready to sail at 3 o'clock.

The Sardinian will be accompanied by a short distance by the Government steamer Druid with the officials and distinguished visitors.

DEPARTURE OF THE SARDINIAN.

Quebec, Oct. 30.—The S.S. Sardinian, with the Canadian contingent, sailed at 3:15 p. m. amidst the thundering of the cannon, the salute of the guns of the Citadel and the salvoes of thousands of people on the Dufferin Terrace and the different wharves along the St. Lawrence River. Many distinguished visitors arrived to see the contingent off.

# My Little Book "Three Classes of Men."

This little pocket edition of the celebrated Electric Medical Treatment is of great value to any one suffering from RHEUMATISM, SCIATICA, LUMBAGO, PAIN IN BACK, SLUGGISH ORGANS, KIDNEY, BLADDER OR LIVER COMPLAINT.

None can possibly form any idea of the wonderful currents produced by these body batteries without examining them. If you cannot call at our office and see and test the Belt, write for my FREE BOOK which will be sent sealed free to any one. Address: Office Hours, 9 a. m. to 6 p. m.

## AMERICAN DESPATCHES

Yukon River Now Icebound for the Winter Season.

Experimenting with Wireless Telegraphy—Frank Dawson in New York Election Reels Ration—Southern Electric Creditors in Maryland the U. S. Treaty Making—Gold Producers of the World—A Russian Cruiser to Be Launched—Della Fox Convalescens.

New York, Oct. 30.—The United States battleship Massachusetts passed out of quarantine this morning for a few days' trip at sea, to experiment with wireless telegraphy.

THE YUKON ICE-BOUND.

Seattle, Wash., Oct. 30.—One hundred and thirteen passengers, principally from Dawson, Atlin, Copper River and Lytle Canal ports, arrived here yesterday on the steamship Alki, six days from Skagway. Telegraphic advices received at Skagway from Dawson and intermediate points announce that river navigation of the Yukon had ceased; that floating ice, particularly in the head waters in the main channel, rendered it unsafe for steamers.

THE SAME OLD FRAUDS.

New York, Oct. 30.—John McCullagh, State Superintendent of Elections, in a formal statement, announces the discovery of gross frauds in the naturalization of foreigners in New York. In part he says: "In the eastern district court, located in Brooklyn, it was discovered that nearly five thousand names were naturalized between January 1, 1899, up to and including August 9, which was the last day that naturalization papers were available for use at the election of this year. The names were naturalized in the assembly hall, which was found that nearly four thousand men were naturalized during that period, a vast majority of the names claiming residence on the east side in the assembly district mentioned." Supt. McCullagh then declares: "I have secured absolute evidence of the falsity of the claims made by hundreds of these men, who have secured their papers, and the evidence will be submitted at once to the United States District Attorney for the southern and eastern districts of the State of New York."

SUICIDE OF A CONVICT.

Binghamton, N. Y., Oct. 30.—Adam Moser, who was on Thursday last convicted of manslaughter in the first degree, was found hanging from a beam in the cell of the Binghamton Prison. It was not until the good ship had steamed out of sight that the crowd began slowly to disperse and the farewell was over.

The splendid behavior of the men while in Quebec is greatly admired. It would be difficult to bring together a finer body of men.

Lord Minto gave a speech to the contingent, after the parade this morning, dwelling on the fact that Quebec which had witnessed the great battle of the Marston, and the battle of the Marston, should now witness the union of the descendants of those heroes under one flag for the honor of their Queen and Empire.

Spoke with his usual eloquence on the duty of Canada to take her proper place in the struggle of the Empire for liberty and equality for all.

General also said a few words of encouragement to the contingent, and after rousing cheers for the Queen the regiment started on its march for the place of embarkation, at the Allans Wharf, taking in the principal streets of the city en route. Crowds were stationed at every point of vantage, and the streets were crowded with citizens and visitors who cheered and applauded the contingent as they passed.

The Sardinian passed Grosbeak Island at seven o'clock and left at 8:20 p. m. Weather fine and clear.

MONTREAL NOT IN IT.

Montreal, October 30.—There is no prospect that the city of Montreal will contribute as a corporation to the funds for the Transvaal. The matter was brought up at the last meeting of the Council and referred to the city attorneys, who have prepared an opinion that there is no fund from which a sum for this purpose could legally be taken.

DEALS KINDLY WITH THEM.

Montreal, Oct. 30.—The Redpath Sugar Company, of which Senator Drummond is the head, a week ago offered any of its large force of employees who offered for the Transvaal their wages while away, besides an insurance, and their positions when they returned to Canada again.

The only Minister of the Crown who is in Ottawa today is Hon. R. W. Scott. All the others who are within reach are in Onondaga, the soldiers depart for the Transvaal.

## NEWS FROM MANILA.

The Situation from U. S. Sources in the Philippine Islands.

Manila, October 30.—General Young, with the infantry, is advancing upon Cabanatuan under difficulties. The country is furrowed with rivers and deep ravines, the bridges over which have been destroyed. The roads are short, and the transportation of supplies has been delayed by low water and the poor condition of the roads. There are sufficient stores, however, to keep the brigade. The insurgents for a long time have lived off the country, impoverishing it. The American horses are not yet accustomed to the native grass, and a long bullock train has left San Fernando carrying hay for the cavalry. The gunboat Laguna de Bay dispersed a force of rebels who are engaged in constructing trenches beyond Santa Rosa. The boat was fired upon by a party of insurgents bearing a white flag. She is now aground. Numbers of Chinese are coming to Angeles from Tarlac, paying the insurgents for the privilege. It is reported that Aguinaldo and the Filipino congress are still at Tarlac. There are about 500 insurgents before Angeles. They have been quiet for the past week. Two thousand rebels are at Bamban, five miles to the north. Gen. Bates has been recalled from San Fernando and ordered to sail for the southern islands as soon as possible.

RUSSIAN CRUISER'S LAUNCH.

Philadelphia, Pa., Oct. 30.—The Russian cruiser Varyag, which is designed to be the fastest armored cruiser of her class ever constructed by the Cramp ship-building firm, will be launched on Tuesday with unusual display. Prominent Russian naval attaches and government officials are expected at the christening. The choice of the fair consort for the warship has not yet been made, but the favored one will be either Miss Cassini, niece of the Russian Ambassador, or Miss Mertnago, daughter of the Russian attaché.

TO SET ASIDE A WILL.

Action to Be Heard at the Assizes in January.

Mrs. Margaret M. Burkholder left her estate to the Poor Children of Archdeacon Davis, and her Relations Are Now Trying to Upset the Will.

An action has been begun in the High Court of Justice to set aside the will of Mrs. Margaret M. Burkholder, of Bruce street, who died in August last, leaving an estate valued at about \$4,000. Under the will, which was executed three months prior to her death, Mrs. Burkholder appointed Ven. Archdeacon Davis and Mr. R. G. Fisher as executors, and ordered that the estate, which was in cash, should be equally divided among Llewellyn, Evans G. Gwendoline and Llanaph Davis, infant children of Archdeacon Davis, to be applied towards their education.

The plaintiffs are Helen Taylor, Isabella Trimmer, Hannah Dickey and Isabella Smith, relatives of Mrs. Burkholder, who allege that undue influence was brought to bear upon the deceased when she was making her will. The action was tried at the winter assizes in January.

R. M. C. Toth will represent the plaintiffs. T. G. Meredith will appear for Mrs. Davis. Meredith, Cameron, Judd & Drummond, for Mr. Fisher, and John Hoskin, Q. C., official guardian, for the infants.

A short time before her death, Mrs. Burkholder gave \$1,000 in cash to Miss Robinson, with whom she lived, and an action is also to be entered to recover the money.

THE WESTERN COUNTRY.

Items of Interest from the Prairie and Pacific Provinces.

Winnipeg, Man., October 30.—A shooting affray took place last night in a house of questionable character, in which a street car employ named Petchet was shot three times in the legs by Edward Cameron. The latter says Petchet and a companion came in and commenced annoying him, and that he fired once upon him as a warning, but this is denied by the wounded man and his friends. The bullets lodged high up in the legs and blood poisoning is feared. Cameron has a bad record. Lt. Gov. McInnes passed through here on Saturday on his way to Ottawa.

At Winnipeg, Mike Brady, one of the oldest and most trusted freight engineers on that road, was instantly killed in a collision.

Sir Charles Tupper is expected to arrive in the city this week, and arrangements are being made for him to address a public meeting on political questions.

William McKenzie and G. M. Mann, the contractors, left yesterday for the east.

## WEAK AND PUNY CHILDREN

Are fully restored to robust health by using

DR. CHASE'S NERVE FOOD

Some children are small, weak and puny from their birth. Others seem to never recover from the battle with the diseases of childhood, such as measles and scarlet fever. Their blood is thin and weak, and their system demands a restorative such as Dr. Chase's Nerve Food.

Mrs. Stephen Dempsey, Albany, Ont., states: "My little granddaughter, nine years old, has never been very strong. She was thin and weak, had no appetite, and seemed to grow weaker and weaker until we began to give her Dr. Chase's Nerve Food. It has done her very much good, and she now plays with other children, and enjoys romping with them."

Dr. Chase's Nerve Food is a restorative of inestimable worth to men, women and children. 50c a box, at all dealers or Edmondson, Bates & Co., Toronto.

Croup, whooping cough, bronchitis, coughs and colds promptly and positively cured by Dr. Chase's Syrup of Linseed and Turpentine.

FIRE FLASHES.

Regina, N. W. T., Oct. 30.—Fire yesterday completely destroyed the stables with some grain and hay belonging to Government house.

Port Dalhousie, Oct. 30.—The Windsor Hotel property owned by Mrs. B. Duffin, and occupied by Samuel Houston, along with John R. Smith's butcher shop, was totally destroyed by fire early this morning. All the hotel furniture was burned. It was partly covered by insurance.

Kansas City, Mo., October 30.—The sheep pens at the stock yards, covering an entire block, were destroyed by fire late last night and 600 sheep were cremated. Estimated loss \$200,000.

Hesperia, Ont., Oct. 30.—Fire broke out here early this evening in the house of Andrew Cudney. By the time work of the fire brigade the fire was confined to the upper part of the building. The damage of about \$200 is covered by insurance in the Gore District Mutual of Galt. The fire originated directly under the roof, probably from a defective chimney.

Woodstock, Ont., October 30.—A mysterious fire was discovered late last evening at the residence of Peter Peterson, Vansittart avenue. The family were all away and the house locked up. A person passing by noticed the flames inside and gave the alarm. The firemen responded in good time, and not much damage was done by fire, but smoke and water apparently did the most damage. Mr. Peterson, son, who is in Westfield, has been notified. The loss is as yet unknown. There was \$4,000 insurance on the house and \$2,000 on the contents.

WEALTHY PASSENGERS.

San Francisco, Oct. 30.—The steamer Bertha, arriving here today from St. Michael's with 375 passengers, most of whom are from Cape Nome district. The wealth of the Bertha's passengers is placed at over \$2,000,000. The miners say the district is far richer than Klondike, but not so healthy.

THE HURRICANE AT HAVANA.

Washington, Oct. 30.—Gen. Greley received a cablegram this afternoon from Havana, saying that a hurricane there had done great damage to property, that the money for communication between Havana and San Juan had been all cut. No mention is made of any loss of life.

He Mist
