Express and Railway Agent Skips—Cashier Shy Five Thousand.

Special to the Colonist.

Ottawa, Aug. 16.—The Hull police have arrested eight tramps, believed to be the perpetrators of the robbery of \$11,000 from the Standard Bank, Bowmarville on the 24th of May. The man of the bank has identified photographs of six of them.

Winnipeg, Aug. 16.—The preliminary trial of John W. Anderson, one of the Montreal bank heist, of stealing \$62,000, started today. Accountant M. Beth and Teller Nelles were examined. Their evidence showed gross carelessness as to the figures of the vault combination, and that the teller's cash drawer was unlocked, ready for any one's inspection. Anderson slept every night at the bank. The case was adjourned till Friday, when Davis, the detective, who unearthed the mystery, will give his story.

Brockville, Ont., Aug. 16.—A young married man named Purcell, agent of the Brockville & Westport Railway and Canadian and Dominion Express Companies, at Elgin, Ont., mysteriously disappeared this week. A considerable shortage was discovered in his books, and he has been traced to Brockville, where he is supposed to have crossed to the American side.

Toronto, Aug. 16.—At the police court Frank Tossall, defaulting cashier of the Freehold Loan and Savings Company, pleaded guilty to the charge of embezzling the sum of \$180, which is the electric charge preferred. He stole nearly \$5,000.

Montreal, Aug. 16.—(Special)—Late this afternoon warrants were sworn out by Mr. Courtney, deputy minister of finance, against W. A. Weir, president; Fred Smith, a director, and F. Lemieux, accountant, of the suspended Banque Ville Marie. The charge against them is making false returns of the bank's affairs to the government.

GUERIN IS TIRED.

No Fun Being Barricaded in His Club, and He Asks Terms for Surrender.

Paris, Aug. 16.—M. Joseph Lacier, anti-Semite and anti-Republic member of the Chamber of Deputies for Gers, and M. Massard, manager of the Paris, held a consultation today, with Premier Waldeck-Rousseau, on behalf of M. Guerin, president of the Anti-Semite League, who with sympathizers has been barricaded since Saturday in the office of the league, regarding terms under which Guerin would surrender. The Premier said it would be better if the league should be upheld, but that the government was as anxious as the mediators to effect a bloodless arrest.

GUERIN'S FOOLISHNESS.

Paris Will Not Use Force to Sherma His Self-Imprisonment.

Paris, Aug. 15.—M. Waldeck-Rousseau conferred several times during the day with M. Lepine, the prefect of police, with respect to the defiance of M. Guerin, president of the Anti-Semite League. In consideration of the fact that recourse to force in the arrest of Guerin might lead to a useless sacrifice of life, entailing still greater victimhood at the sequel of the victims, the Premier decided not to expose the life of any man, soldier, policeman or fireman, but to leave M. Guerin a choice between self-imprisonment and arrest. Meanwhile, it looks as though this affair would have rather a tame ending. The friends of M. Guerin are busying themselves to rescue him from an impossible and foolish position. Mr. Stern, son of the well-known artist, obtained a permit from the government to enter M. Guerin's house, and advised him to surrender at discretion, assuring him that no one doubted his courage, but that he ought not to compromise his friends and the cause by placing himself in a hopeless position.

M. Joseph Lacies, anti-Semite deputy for Gers, who was furnished with a similar permit, visited M. Guerin at 10 o'clock this evening, and conferred with him for three-quarters of an hour, making every effort to persuade Guerin and his associates that further resistance was vain and dangerous. About half past 10 M. Lacies went to see M. Waldeck-Rousseau, and the Premier, after a long interview afterwards M. Lacies denied that he was in charge of any negotiations, or represented either side. He said he was simply acting on his own responsibility, because he was anxious to avoid strife. There was considerable excitement accompanied by demonstrations in Rue Charobin in the course of the evening, and the police made several arrests.

As an Anti-Semite group was standing at the corner of the Faubourg St. Denis and Rue de Valenciennes this evening, some passers-by were greeted with cries of "Down with the Jews," whereupon they were surrounded and threatened. The supposed anarchist then fired several revolver shots, wounding three men. One of them, a man named Camille, was taken to a hospital seriously wounded. The alleged anarchist was arrested.

London, Aug. 15.—It is announced that Lily Langtry, the actress, was married on July 27 at the Island of Jersey to Hugo Gerald de Bathe, 28 years of age, eldest son of Sir Henry Percival de Bathe, Bart., a retired general and Crimean veteran.

BRIDE TAKES THIS MEANS OF ENSURING PROMISED MARRIAGE SETTLEMENT.

London, Ont., Aug. 16.—Miss McGarvey, of Delaware, exercised the womanly prerogative of changing her mind, by refusing her promised husband at the altar yesterday.

John Hargrave has been a resident of London for over 50 years, and his bride is a handsome woman, not yet 30. The banns had been three times published in St. Peter's cathedral, and the church was well filled to witness the ceremony.

When Rev. Father Tierman put the momentous question to the man he promptly answered in the affirmative, but the bride answered the congregation by answering "No, I won't," when it came her turn to talk.

Hargrave stood dumbfounded, the priest looked amazed, and Mrs. McGarvey walked away from the altar, while the audience whispered wonderingly as they dispersed.

SENIORITY ON THIS STATION.

Preference Given to Engineer Officer Subject of Explanation in the Column.

Additional details of the question raised by Sir John Colomb as to the seniority of officers on this station, appear in the English papers just to hand. The point of his question is apparent from the text, as follows: "Whether before conferring local rank on a senior officer of the Royal Engineers serving in garrison at Esquimaut, thereby putting him over the head of his senior belonging to another arm of the service, the Secretary of State for War should be aware of the fact that during the preceding period of nearly five years, dating from the establishment of the garrison, the command was held only for an interval of about one year by a Royal Engineer officer, and whether he adhered to his statement that the local rank in question was conferred because a Royal Engineer held the command; and whether, if so, whether the Secretary of State for War proposed in future to exclude officers of other arms of the service from command of garrisons at Esquimaut and elsewhere, by conferring local rank on Junior Royal Engineer officers in such garrisons whenever it could be shown that a Royal Engineer officer had, by the accident of relative seniority once previously held the command."

Mr. Wyndham replied: "The length of time during which Lt. Col. Mulheed commanded at Esquimaut is now influenced by the selection of Maj. Grant as his successor in that command. He was selected because it was considered desirable that the command should be held by an officer of Royal Engineers. There is no rule, and future cases would be judged on their merits." In answer to a further question of Sir J. Colomb, Mr. Wyndham said that important works were being constructed at Esquimaut, and it was felt to be necessary that an Engineer officer should be in command.

Pitiless Array of Facts to Establish Him Indeed the Traitor.

Refusal to Adjoin for Counsel's Illness Interpreted Against Prisoner.

By Associated Press.

Rennes, Aug. 16.—5:20 p. m.—The following bulletin has just been issued: "The condition of the patient is satisfactory, in spite of fever. The X rays has shown the bullet traversed the skin, subcutaneous tissues and muscles around the spinal column, flattening against the right side of the fifth or sixth dorsal vertebrae." The bulletin was signed by four doctors in attendance upon Labori.

M. Demange had a long consultation with M. Mathew Dreyfus this afternoon respecting the decision of the court-martial against adjournment until Monday, the gravity of which is fully recognized. M. Demange is much upset by the loss of the assistance of his colleague, M. Labori, particularly as the latter had prepared a special set of questions for the court, and the absence of this, together with the fact that Labori's secretary was compelled to be away, places M. Demange at a great disadvantage.

Counsel for the defence, however, will take Gen. Roget in hand first, and then reply upon the facts of the case. The decision is considered of grave portent, and is considered to mean that the members have refused to give up their minds unfavorably to Dreyfus.

Rennes, Aug. 16.—The Dreyfus trial was resumed this morning, Major Carriere, representative of the government, having refused to agree to an adjournment of the case until Monday, and being supported by counsel for the prisoner, owing to the murderous attack on Maitre Labori.

Labot, former minister of the colonies, testified in justification of his instructions to treat Dreyfus rigorously, declaring that at the time he thought an attempt would be made to rescue the prisoner.

When Rev. Father Tierman put the momentous question to the man he promptly answered in the affirmative, but the bride answered the congregation by answering "No, I won't," when it came her turn to talk.

DEAD HEAT AT BOSTON.

Quarter-Mile Amateur Wheeling Event Too Close For the Judges.

Boston, Aug. 16.—The visiting wheelmen who are attending the twentieth annual meeting of the L. A. W. in this city were rather tardy in making their appearance after their numerous pleasure jaunts and the water carnival at Waltham yesterday.

Two events were of interest—the third mile national championship for professionals and the quarter-mile national championship for amateurs. The former was won by Tom Butler by a few inches over Major Taylor in a sensational finish.

The amateur event was captured apparently by E. W. Peabody, of Chicago, but the judges were divided. Lester Wilson, of Pittsburg, third, five riders had finished in a bunch, and it was immediately claimed that Godwin of Australia, had crowded the others on the home stretch. After an appeal to the referee, it was announced that the final was a dead heat between Peabody and Tallandiero, and would be ridden again to-morrow.
