Invents Story of Shipwreck and Dis- aster, but Meets With Arrest. Newport News, Va., Oct. 23James L. Grant, alias Walter J. Harris, a deserter from the United States battle- ship Maine, was delivered to the police today by Robert B. Steele, chaplain in the navy. Grant is the sailor who last night related to Mr. Steele	ing for Insects and Fungus Diseases," explaining the various diseases and pests that the fruit trees of British Columbia are subject to, and the best way of treating them. A meeting of the Farmers' Institute took place at Royal Oak, when Mr. Henry Glendinning spoke on "Feeds and Feeding." Today Mr. Glendinning leaves for Sooke, intending to make an address at West Sooke hall. On Friday he will address a meeting at Colwood, and on Saturday he and Mr. Anderson will go to Sidney, where a meeting will be held in the school house. Mr. Glendinning will speak on "Cultivation of the Land and Rotation of Crops." It is gratifying to observe that these meetings conducted by the horticultura' and agricultural experts are being very much better attended than formerly, and also that a much keener interest is shown in the discussions which take place after the speeches and demonstra- tions.	AN AMERICAN STATEMENT. AN AMERICAN STATEMENT. The Hague, Oct. 22.—United States Minister Bowen and Judge W. Penfield solicitor of the United States state de partment, who is assisting Mr. Bowen in the Venezuelan negotiation before The Hague arbitration tribunal, have sub- mitted to the tribunal, which resumes its sessions November 4th preliminary statements concerning the question whether the allies are entitled to prefer- ential treatment over the United States from Venezuela in the matter of claim payments. In his statement Judge Pen- field says that if any government is en- titled to preferential treatment, it is the United States, which should share in the distribution of the thirty per cent trust fund. The warlike operations of the allies did not benefit the United States. Mr. Bowen asserts that to avert the possibility of war the allies consent- ed to present the matter to The Hague.	to snake up the heighboring houses are a rule, however, the detonations are muffied and subdued, especially these that are fired in the tunnels. The amount of rock brought down at each shot is not much, hence the progress 5 necessarily slow. It is fortunate that the weather has been dry for so long a period, as this undoubtedly facilitates the work and adds considerably to the comfort of the workmen. This class of work is, of course, very expensive and involves a very serious outlay, but the end justifies the means, and the important Douglas street residential district will before long enjoy the boon of a modern ser- erage system. It is because of the close neess of the bedrock to the surface in Victoria that municipal undertakings of the foregoing kind cannot be undertaken in anything like a spirit of mere experi- ment, and it is for that reason, also, that Victoria's sewerage, water and other public services are so much more costly than those of cities which are not founded upon so solid a foundation.
at least 15,000 men will be idle before tomorrow night. The decision prevents the Boston & Montana from paying any dividends, and it is stated will tie up that con- cern until the injunction is dissolved. The Boston & Montana next to the Anaconda is the most valuable prop- erty the Amalgamated Copper Company owns. INTER-COULLEGHATE GOLF. Garden City, L. I., Oct. 23.—The first match morning round, of the indi- vidual play championship of the Inter- collegiate Golf. Association today re- sulted in the defeat of Walter T. Egan of Harvard by F. O. Reinhart of Prince- ton, the latter winning by one up. B. B. Macfarland of Pennsylvania beat C. Truesdale of Yale one-up. H. Chandler Egan, Harvard, beat M. McBurney, also of Harvard, six up and four to	wed thy violin, but never a woman," and though some speak of a grave in a little cametery mear his native Pamplona, where his love lies buried, others declare that the master has simply followed out the rule given him thus early in fife. At any rate he is still an eligible bacheld, who has made £10,000 a. year for many years past. OOLOMBIAN POLITICS. Panama, Oct. 22.—News has reached the Isthmus that congress has agreed to adjourn upon November 14th, not withstanding the wish of many con- gressmen to postpone adjourning until a decision on the canal matters has been reached in the American congress. The opposition of congress to other plans of President Marroquin becomes plainer every day. Newspapers published in Bogota on October 18th, contained the political platform of Joaquin Velez, a gressidential candidate. The principal feature was the absolute rejection of	realized. But now the good people of New Westminister demand that its des- tived work of deepaning the river's channel shall be resumed without anoth- er week's delay. The Victoria people plead for thirty days' further use of the dredge and claim that its withdrawal now will entail an additional \$30,000 in completing the filling of the flats. But our neighbors in the Royal City insist on immediate action. A wessel expected to arrive at any time with rails cannot get up the river until the channel is dredged. The Victoria corporation is willing to pay the lighterage of the rails if the dredge can remain there for thir- ty days. But the New Westministerites are obdurate, and even the personal ap- peal yesterday of Mayor McCandless was unavailing. Perhaps the services of the corporation or Board of Trade of Wancouver might be useful if offered to arrange a settlement. Meanwhile the river channel is gradually becoming shallower while Victori's citizens view daily with delight therising surface of the flats as the dredge belches forth boulders, clam shells and mud suntched	EXAMINING TIMBER. It is because of the close ness of the bedrock to the surface in Victoria that municipal undertakings of the foregoing kind cannot be undertaken in anything like a spirit of mere experi- ment, and it is for that reason, also, that Victoria's sewerage, water and other public services are so much more founded upon so solid a foundation. The making of the house connections with the Douglas street main sewer will be no light undertaking. Church Social.—The second of the in St. Sunday school room. Herald
at least 15,000 men will be idle before tomorrow night. The decision prevents the Boston & Montana from paying any dividends, and it is stated will tie up that con- cern until the injunction is dissolved. The Boston & Montana next to the Anaconda is the most valuable prop- erty the Amalgamated Copper Company owns. INTER-COULLEGIATE GOLF. Garden City, L. I., Oct. 23.—The first match morning round, of the indi- vidual play championship of the Inter- collegiate Golf Association today re- sulted in the defeat of Walter T. Egan of Harvard by F. O. Reinhart of Prince- ton, the latter winning by one up. B. E. Macfarland of Pennsylvania heat C. Truesdale of Yale one-up. H. Chandler Egan, Harvard, beat M. McBurney, also of Harvard, six up and four to play. W. O. Chick, Harvard, defeated J. W. Barker, Princeton, one up on nine holes. The morning round was of ten holes medal play, the winners meet in the des model play, the winners meet in the semisfuel round. The two con-	wed thy violin, but never a woman," and though some speak of a grave in a little cametery mean his native Pamplona, where his love lies buried, others declare that the master has simply followed out the rule given him thus early in fife. At any rate he is still an eligible bacheld, who has made Elo,000 a. year for many years past. OOLOMBIAN POLITICS. Panama, Oct. 22News has reached the Isthmus that congress has agreed to adjourn upon November 14th, not withstanding the wish of many con- gressmen to postpone adjourning until a decision on the canal matters has been reached in the American congress. The opposition of congress to other plans of President Marroquin becomes plainer every day. Newspapers published in Bogota on October 18th, contained the political platform of Joaquin Velez, a presidential candidate. The principal feature was the absolute rejection of doreign control of the canal. The next day, the members of congress for the presidenty of supporting Senor Velez, a few	realized. But now the good people of New Westminister demand that its des- tined work of deepaning the river's channel shall be resumed without anoth- er week's delay. The Victoria people plead for thirty days' further use of the dredge and claim that its withdrawal now will entail an additional \$30,000 in completing the filling of the flats. But our neighbors in the Royal City insist on immediate action. A wessel expected to arrive at any time with rails cannot get up the river until the channel is dredged. The Victoria corporation is willing to pay the lighterage of the rails if the dredge can remain there for thir- ty days. But the New Westministerites are obdurate, and even the personal ap- peal yesterday of Mayor McCandless was unavailing. Perhaps the services of the corporation or Board of Trade of Wancouver might be useful if offered to arrange a settlement. Meanwhile the river channel is gradually becoming shallower while Victoria's clizens view daily with delight therising surface of the flats as the dredge belches forth boulders, clam shells and mud suatched, if not from ocean's depths, from the bottom of the harbor."	EXAMINING TIMBER. EXAMINING TIMBER. Count Fuerstenberg Inspects Tracts at Nanaimo Lakes. Nauaimo, R. C., Oct. 23(Special.)- Count Fuerstenberg, accompanied by German Consul Wulffoohn, yesterday weat out to the Nanaimo Lakes to ex- amine timber. He has been looking at parcels all over the Coast with a view to purchasing. It is believed that another big timber deal is probable. The count left for Victoria this morning. DESEBTER'S FAIRY TALE. Invents Story of Shipwreck and Dis- aster, but Meets With Arrest. Newport News, Va., Oct. 23James L. Grant, alias Walter J. Harris, a deserter from the United States battle- ship Maine, was delivered to the police today by Robert B. Steele, chaplain in the navy. Grant is the sailor who last night related to Mr. Steele a story about the wreck of a Ghoncester fish- ing schooner, which he said was the James T. Williams, of Cape Cod, and the drowning of all on board save him- self and Chas. Kieler, who is also be- lieved to be a deserter from the Maine.	ing for Insects and Fungus Diseases," explaining the various diseases and pests that the fruit trees of British Columbia are subject to, and the best way of treating them. A meeting of the Farmers' Institute took place at Royal Oak, when Mr. Henry Glendinning spoke on "Feeds and Feeding." Today Mr. Glendinning leaves for Sooke, intending to make an address at West Sooke hall. On Friday he will address a meeting at Colwood, and on Saturday he and Mr. Anderson will go to Sidney, where a meeting will be held in the school house. Mr. Glendinning will speak on "Cultivation of the Land and Rotation of Crops." It is gratifying to observe that these meetings conducted by the horticultura' and agricultural experts are being very much better attended than formerly, and also that a much keener interest is shown in the discussions which take place after the speeches and demonstra- tions. MURDERED IN DETROIT. Detroit, Mich., Oct. 23.—The dead body of John Dew, a bachelor, who worked about the shipyard at Wyam- dotte, was found to be and in his cottage with a hole in the temple The	AN AMERICAN STATEMENT. AN AMERICAN STATEMENT. The Hague, Oct. 22.—United States Minister Bowen and Judge W. Penfield, solicitor of the United States state de partment, who is assisting Mr. Bowen in the Venezuelan negotiation before The Hague arbitration tribunal, have sub- mitted to the tribunal, which resumes its sessions November 4th preliminary statements concerning the question whether the allies are entitled to prefer- ential theatment over the United States from Venezuela in the matter of claim payments. In his statement Judge Pen- field says that if any government is en- titled to preferential treatment, it is the United States, which should share in the distribution of the thirty per cent trust fund. The warlike operations of the allies did not benefit the United States. Mr. Bowen asserts that to avert the possibility of war the allies consent- ed to present the matter to The Hague. Why the allies resorted to warlike meas- ures, he continues, is a question they cannot answer creditable. Paris, Oct. 22.—United States Minis- ter Bowen is here consulting with the French representatives relative to the preparation of the if case acainst Van-	to snake up the heighboring houses are a rule, however, the detonations are muffied and subdued, especially these that are fired in the tunnels. The amount of rock brough down at cach shot is not much, hence the progress 5 necessarily slow. It is fortunate that the weather has been dry for so long a period, as this andoubtedly facilitates the work and adds considerably to the comfort of the workmen. This class of work is, of course, very expensive and involves a very serious outlay, but the end justifies the means, and the important Douglas street residential district will before long enjoy the boon of a modern ser- erage system. It is because of the close ness of the bedrock to the surface in Victoria that municipal undertakings of the foregoing kind cannot be undertaken in anything like a spirit of mere experi- ment, and it is for that reason, also, that Victoria's sewerage, water and other public services are so much more founded upon so solid a foundation.
