Letter from Mr. Cornwall. To the Editor of the Maritime Farmer : DEAR SIR,-There are one or two points securing a very credible exhibit. Mr. Jack did not take any part in this work in any form, every letter upon the subject he would refer to me. I had not contemplated anything of this find, and found the work taking up nearly all of my time, as I had personally to canvass many of the manufacturers and give them suggestions. However, as I had voluntarily undertaken the work I continued it, and not until a proposal came from had voluntarily undertaken the work I continued it, and not until a proposal came from the Government and Mr. Burpee, through Mr. Jack, had I any idea of taking any charge of the exhibit, or being officially connected with the Exhibition. I am not in the secrets of either the Government or the Land and Lumber Company, but as far as I can judga from Mr. Jack's communication and correspondence, I do not imagine there was any time when he proposed withdrawing going to Scotland. He did, however, repeatedly and its other chief sources of revenue, are inpondence, I do not imagine there was any of Fredericton, and to the control of time when he proposed withdrawing going city, which brings in a certain annual rent to Scotland. He did, however, repeatedly and its other chief sources of revenue, are inserted to the work of looking after the exhibits. He terest on its investments, and the Tuition Fees the work of looking after the exhibits. himself called upon me and asked me to take of its students, who each pay \$22.30 a year charge of the work for the Forestry Exhibiti- for their tuition. The advantages of the intion, as he could not attempt to do it justice.
His time, he said, would be fully occupied in attending to emigration matters, and besides body, and many of its most distinguished

pected to be paid for my work. This, I do of Aberdeen, is Professor of Mathematics, not think, was unreasonable, but all that I Natural Philosophy and Astronomy. The not think, was unreasonable, but all that I saked was a guarantee that my expenses should be paid. I did not want to make anything out of it directly, as I expected to work upp business interests, which would indirectly pay me for my time. I think you will now see that it was not my interference that led to the trouble with Mr. Jack.

The chair of English Literature and It was reported here that Mr. Jack was Hartt. The chair of English Literature and annoyed at my appointment as Agent for the Philosophy, is occupied by Thomas Harrison, Province, and I at once sent him the followa New Brunswicker, and a graduate of Trin-"They say you will not go because I was

At the Presidental Election of 1880, in your editorial reference to my connection with the Forestry Exhibition, which create College. Thus we see that the average and the Republican majority of the popular vote with the Forestry Exhibition, which create an impression, which I trust you will-allow me to correct. I never interfered in any way with Mr. Edward Jack, nor had I the most remote idea that anything I did could have been over twelve, and the average anterior in the state of the most remote idea that anything I did could have been the cause of his refusal to act. When I returned from Eagland during February, I learned from Mr. Jack himself, that the only effect he had made to prepare for the Exhibition, was to order Mr. Alexander Mitchell of Fredwirth and the I description, was to order Mr. Alexander Mitchell of Fredwirth and the I necessity and mercy: Oan for the popular vote, which was republished by Mose, and the average and matter the comparison with Acar of Fredwirth and the correct of the popular vote, was less than one thousand, and since then not thousand, and since then not inclusive, has been over twelve, and the average and the correct in every life in the correct of the fourth one thousand, and since then not the commandment, which was originally given to Adam in his unfallen purity, and by him to all nations, which was republished by Moses, reindorsed and explained by Christ, and has come down to us by the hands of apostles in 1876, only by the grossest fraud, and that the University does not graduate and matter the college remove and the sacred of the popular vote.

Tilden and not Haves we was all the chair of the popular vote.

The ideal Sabbath is that of the fourth commandment, which was originally given to Adam in his unfallen purity, and by him to all nations, which was originally given to Adam in his unfallen purity, and been fifteen the Democrate have met with great successes.

Popular opinion in the States is inclining to the opinion, that there should be a change of Government. It is remembered that a Democrate have a constant of the opinion, that there should be a change of the opinion, that there should be a change of the opinion, that there should be a change of the opinion, that there bition, was to order Mr. Alexander Mitchell of Fredericton, to collect specimens of wood. His time had been fully occupied in collecting information regarding the Province to be used while in Scotland. I then offered, with his sanction and the full approval of the Gevernment and Mr. Burpee, to assist Mr. Jack in making a collection of articles, and through the liberality of the newspapers, both Government and opposition, I did succeed in securing a very credible exhibit. Mr. Jack did not take any part in this work in any form, every letter upon the subject the newspapers.

ington, occupied by a Democratic President during the next term.

Independence.

The recent utterances of Sir Richard Cartwight, in Toronto, in favor of Canadian Independence, have awakened but little, if any enthusiasm in Canada. They are recognized as sentiments advanced by the Knight of Deficite, a bait as it were, thrown among the electors of Canada, with a view to ascertaining how it weuld suit as a new plank in a Liberal party platform in an approaching election. The miscalled Liberal party is dreadfully in need of a platform of some sert, at the present time. Herstofore their policy has been merely of a negative nature, consisting of nething more than a system of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution of fault-find-distance in the way of improvement by looking at the present constitution.

The recent utterances of Sir Richard Cartwight and Chicago have pend through an admitted.

The cities of San Francisco, St. Louis, not and thinks that drunkeness is a disease which can be done in the fault at all costs from \$40 to \$60 a month.

The recent utterances of Sir Richard Cartwight and Chicago have pend through a section and New York. The fashion three now is to live in flats, and at at all costs from \$40 to \$60 a month.

The fashion three now is to live in flats, and at at of nething more than a system of fault-find- mails. of nething more than a system of fault-finding with the Administration. It has been a policy of iconoclasts, who wish to break down the policy and measures that are building up and improving the country, and making it a Detter country to live in than it was under Grit rule, but who advance no measures, or policy, to take the place of the one they would so ruthlessly destroy. Finding that this ceurse has not met with favor from the electors, and seeing the necessity of having some defined and positive platform, on which to appeal to the country at the country to live in than it was under formed nearly all other tradesmen have their Sunday rest."

"Edinburgh and all other cities of the smoking in his bed-room in New York. It fell into a powder flask, and the explosion blew his right hand off.

Returns received by the Department of Agriculture alleges that 61,386 immigrants the world. The only stores open on the Sabbath there are those for selling milk and medicine, and these only for an hour or two to appeal to the country at the country red me that it was the intention graduates are men who have put themselves that he should go to Scotland at once and through College by their own unaided energy leave the matter in my hands to finish up.

When Lfound that I was expected to collect and exertions. The Professorial Staff consists of five members. Dr. Jack a native of sists of five members. Dr. Jack, a native of Scotland, and a graduate of the University some defined and positive platform, on which to appeal to the country at the next election, in the morning and evening—the druggists not being allowed, as they are in other places, to do business as universal providers, selling called "heaven born, financier," Sir Richard Cartwright has thrown out the Independence idea as a "feeler." This is the second time that a Grit leader has advanced one of these visionary schemes. The practical ideas of the day for rest the telegraph employes also have the Sabbath for heme and thought, one man only being kept at the central office for emergencies. Postal employes rest for Saturday at seven o'clock till Monday at six o'clock during which time also the saloonists have a rest. There are no Sunday newspapers, no local trains, no theatres, only hotel barbers work, and these demand for repairs.

Betha Clear, the Philadelphia girl who botblacks. Almost the only difference becalled "heaven born financier," Sir Richard ity College, Dublin, from which distinguished University he holds the Degree of L.L. D. Another New Brunswicker, Henry S. Bridges, to the realities that make a country great. A. M., is Professor of Classics, and is a gra-Mr. Blake basks in the sunshine, created by duste of the University of New Brunswick. his imaginative idea of Imperial Confederation, which means that we should help maintain the army and navy of England, and now his trusty lieutenant, Sir Richard Cartwright. advances the vision of Independence, which is so directly opposed to his leader's scheme of Imperial Federation. There is no unity work was done, that Mr. Jack informed me that he had accepted the work of both Emigration and Forestry Exhibition. Up to the official connection with the Exhibition, and while I hoped to be present for a short time at the Exhibition, it would simply have been as a visitor in the interests of our manufacture.

Professor Keirstead, who graduated in 1873.

The Rev. O. H. Paisley, Principal of the that he had accepted the work of both Emigration and Forestry Exhibition. Up to the time the offer was made to me, I had not any official connection with the Exhibition, and if it were put to vote very few then can they expect that many others will along these Grit leaders themselves, how would ask a change, the whole community would ask a change, the whole community agree with them on these questions. Mr. Cartwright's advocacy of Canadian Independance with the Exhibition, it would simply have been as wintor in the interests of our manufacture of strength, numbering as it does the strength, who graduated in 1873.

Every successive year additional medicinal would ask a change, the whole community would ask a change, the whole community having adjusted itself to a state of things while I hoped to be present for a short time at the Exhibition, it would simply have been as wintor in the interests of our manufacture of strength, numbering as it does of the delicious fruit is true, it is not heaf appear themselves, how would ask a change, the whole community would ask a change, the whole community having adjusted itself to a state of things which allows almost the entire population to spend the Sabbath in rest, and get seven days' work, rather than the American fashion of doing seven days' work work as a wintor in the interests of our manufacture.

The Rev. O. H. Paisley, Principal of the delicious fruit is true, it is not heaf appear to vote very few would ask a change, the whole community would ask a change, the whole can they expect that many others will always almost the entire population to vote very few and the work of th among its graduates, Principal Mullin of Canadian people feel that under the existing the Land and Lumber Company for having worked up the matter in such a way as to any people, or any nation on the face of the earth. Their political system is as free and that the afficience and are of a different character from those originally intended. It is who have all played, and are playing an important part in developing the mental capacities of the proposition of the exhibits have been withdrawn owing to my, not accompanying them, but still I feel sure the show will be no discredit to the Province.

In order also to show you that I am not as egileficial as you give me credit for, I may give you an estract from a letter I wrote the Attenday Character from a letter I wrote the formed me he would not act. I said, refers any, as their positions show for themselves, how for themselves, and unnecessary, as their positions show for themselves, and unnecessary and are playing an important part in developing the mental capacities. Who have all played, and are playing an important part in developing the mental capacities. Who have all played, and are playing an important part in developing the mental capacities. Wery favorably to some leading gentlemen, who at once formed a company with a capital of \$100,000 to manufacture it on a large acale, and to-day years by a Presidental Election, such as will soon be held there, and we in Canada are newly behind their orders. The article is soon be held there, and we in Canada are never under the mistification of seeing a Cabinet hold power with a majority of the sary, as their positions show for themselves, and the country is governed according to the well understood wishes of the people, as expressed by the irrepresentatives. Very favorably to chem the influence to demonstrate its yalue. In the month of September last he removed to the will the country is governed according to the well understood wishes of the people, as expressed by the interestive and the country is governed according to the well understood wishes of the people, as expressed by the interestive. Very favorably to chem the influence to demonstrate its yalue. In the month of September last he removed to Chicage, where he showed to che you and interestive and the country i

Toronto ministers are agitating against Sunday military parades. It is the custom among the French to kiss the forehead and not the lips. Ostrich eggs are now on the breakfast bill-

The immigrants arriving in Canada during the month of May were 24.466. The Wesleyan churches of Great Britain have 58,000 members more than they had in St. Patrick and \$5.000 to be a Knight of the

In San Francisco all of the day district telegraph work is done by women. They are paid from \$40 to \$60 a month.

When a young girl finds a four-leaf clover

lawyer, last week, "there were just thirty-six hogs in the drove. Please remember the

soon after marrying him, didn't know when she was well off. He died the other day and left a fortune of \$50,000.

Over 20,000 women work at the watch making trade in Switzerland. They do much of the fluest, most delicate work. There are two sisters who carry on a watchmaking and jewelry establishment of their own. Every successive year additional medicinal

It is asserted that the Maine First Heavy Artillery lost more in "killed and died of wounds" in the war of the rebellion than any other Union regiment, the exact figures being 2,502 men earolled and 415 killed and

died of wounds, or 18.8 per cent. The recent Papal encyclical against the Free Masons is aimed at no less than 138,065 lodges throughout the world, with 14,160,548 members, whose annual receipts are estimated to amount to about \$890,000,000, of which num fully two-thirds are expended in char

gave \$600,000 tewards christianizing the heathen. Of this large sum Presbyterian women gave nearly \$200,000, Baptist women \$156,000, Congregational women, \$130,000, Northern Methedist women, \$108,000, and Southern Methodist women, over \$25,000. Russia has 1,000,000 horses fit for military service, and is making preparations that will enable her to put 300,000 cavalry soldiers in the field. These men, armed with the Berdan repeating rifle, will fight on foot, the horse being used for transportation only. This is Russia's solution of the cavalry pro-

assign no reason for the singular occurence. One hundred tens of human hair are bought and sold each year, much of it being from the heads of the female convicts of Europe. Between the age of fifteen and forty a woman

seeking whom they may deprive of their The Canadian Gazette points out that

to have a great future before it, the demand for the article has grown so rapidly that last year no less than 19,000 tons of phos-phate were shipped from Montreal, and the shipment this year is expected to amount to 24,000 tone.

A large number of deer forests in Scotland are going a begging for tenants. Meoble, on Lock Moras, is for sale—an estate of 20,000 acres, capable of holding a stock of 6,000 sheep, but all cleared away. Still northward for miles and miles desolate glens tell the same tale. Lord Lovat's forest, in Kinlochmoras, Cameron of L'chiel's Ar Kaig, and

A leading photographer, of New York, says, that in a few months at the most, it will be possible to instantaneously photograph races and like events, and transfer the negatives, by certain chemical agencies upon metal plates, which can be used in printing

Aberdeen in 1630 forbade its being played in the streets of that city.

FAILING

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse. The only sure remedy yet found, s Davis' Quinine Iron and Wine, and this by rapid and thorough assimilation with the blood, purifies

and enriches it, and rich, strong

blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength. This is why Davis' Quinine, Iron and Wine will cure Dispepsia, Indigestion, Liver Complaint, Malaria. Intermittent Fevers, General Debi-

lity, etc. etc. BURTON, Sun. Co., July 17, 1883 GEO. H. DAVIS:

DEAR SIR,—I was great sufferer from Dyspepsia, and for several weeks could eat nothing, and was growing weaker every day. I tried Davis' Quinine, Iron and Wine, and am happy to say I now have a good appetite and am getting stronger. Yours,

Davis' Quinine Iron and Wine is not a drink and does not contain whiskey. It is a simple prepara of Iron and Quinine that causes no injurious effects. Get the genuine.

JOSEPH MCCAWLEY
