AN HISTORIC EPISODE

On Sunday, November 11th, the colors of the 25th Canadian Infantry Battalion and of the 85th Canadian Infantry Battalion, Nova Scotia Highlanders, were transferred with appropriate ceremony from Government House, Halifax, to the Province Building. Standing on the steps of the latter historic structure Premier Armstrong said in part:

"In the name and on behalf of the Government and people of Nova Scotia I accept for safe-keeping the colors of the 25th Canadian Infantry Battalion and of the 85th Canadian Infantry Battalion, Nova Scotia Highlanders."

"As the representative of the Government and people of this Province I assure you that these precious memorials of gallantry and loyalty will be reverently and securely guarded within the walls of this historic and public building. They will remain here as a perpetual reminder to all of us, of our indebtedness to these brave and gallant soldiers and to edify and inspire the generations of the future."

"The 25th Battalion was the first battalion of Nova Scotians to be wholly raised and equipped in this Province, and the first to man the trenches in France and Flanders. The 85th Battalion was thoroughly representative of Nova Scotia and was undoubtedly one of the very best infantry battalions sent from Canada overseas."

"In honoring the colors of these splendid regiments we are honoring all the men who willingly left farms and mines and shops and fishing villages of Nova Scotia and of Canada to safeguard the liberties of our Dominion and of our Empire. They fought that we might continue to enjoy the priceless gift of freedom. Many of them laid down their lives that we and our children might live in peace and happiness. Let the measure of our gratitude be in keeping with the greatness of their sacrifice."

BANKER URGES THE U. S. TO ACT

New York.—Otto H. Kahn, international banker, told the Foreign Policy Association that it was the duty of the United States to determine what should be done in the Franco-German crisis.

"I will not criticize the policy of the United States," he said, "but certainly it has not been a red blooded one. The United States should determine first in its own mind what should be done and then the public should be taken into its confidence. Let it then state openly what the issues and circumstances are under which the United States would help."

THE GRAY DAYS OF NOVEMBER

(By G. Frank Burns.)

The gray days of November Shall get no plaint from me; I know shall come the Springtime, And happy I shall be; I draw my chair and closer And to where the warm glow cheers, And dreaming in the freight, Look back across the years.

Mine is a steadier courage To meet November days; Mine is a faith serene

To walk life's fruitful ways; Mine is a love grown stronger Than ever youth could know To walk the way appointed Through Winter's falling snow.

The gray days of November, Will bring a silence deep, A blessed lull of resting When Earth and I shall sleep; But time shall bring a waking Which God will surely send— Through days of gray November I wait the long year's end.

Trapper Finds Vicks Handy For A Host of Ills

Ontario Man Says It Is A Most Useful Remedy.

Mr. C. Phoenix, of 755 Grey Street, London, Ont., writes: "I am very pleased to recommend Vicks VapoRub. I am a hunter, trader and trapper, also a fisherman. I use Vicks VapoRub in place of liniments, because it is very handy to carry and always gives such quick relief for small animal and insect bites, and for chapped hands and lips. My boots would blister my feet and I rubbed it on them and it made them just right. When I go trapping next Fall I will have plenty of Vicks VapoRub in my kit. I call it the "Trapper's Friend." I have not had a cold all Winter and I go out all the time and sometimes stay out all night with my traps."

Vicks VapoRub, the discovery of a Southern druggist, is a combination in salve form of Camphor, Menthol, Eucalyptus, Thyme, Turpentine, etc. Absorbed through the skin and at the same time inhaled as a vapor, Vicks reaches immediately inflamed, congested air passages.

It is the modern direct treatment for all cold troubles, the successor to goose grease, camphorated oil, liniments, ointments and plasters.

Used for croup and children's colds, Vicks gives remarkably quick results and also avoids nauseating internal dosing. Just as good for cuts, burns, bruises, bites, stings.

At all drug stores, 50c a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W. Montreal, P.Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

AGED MAN BABLY INJURED BY AUTO

Albert D. Parker, of Granville Ferry, Was Struck by a Car.

Ven. A. W. Watson attended the Diocesan Mission Board meeting in Halifax last week.

Miss Bernasconi is the guest of friends in Halifax.

Alden Winchester, of Lynn, Mass., is a guest at the home of Mr. and Mrs. Ralph Chisholm.

Fletcher D. Williams, who has been recently transferred from the Bank of Nova Scotia staff, Tatamagouche, to that in Parry Sound, is ill in the hospital here with appendicitis.

Dixon Regan, of Port Williams, is a guest at the home of Mrs. E. E. Wade.

Albert D. Parker, aged eighty-four years, was knocked down by an automobile and sustained serious injuries on Wednesday afternoon. Mr. Parker was returning from Annapolis and was directly behind a team about to come off the approach to the bridge onto the road when a car came along going to Annapolis. The car, which was being driven slowly, swerved out of the road for the team and came into contact with Mr. Parker, who, somehow dodged in front of it. Mr. Parker put his hands on the radiator of the car, fell backwards, falling on his side, the car passing over him before it could be stopped. It is feared that his injuries, three broken ribs, will prove fatal. The accident occurred right in front of his own home. Mr. Parker was planning to leave for the United States to spend the winter with some of his children. His children are the Rev. Boyd Parker, of Pugwash, whom he has been visiting recently; Augustus, Avard and Clarence Parker, all of the United States; Mrs. Lucy, of Massachusetts, and Mrs. Rena Parker, of Florida.

BEFORE MY BABY CAME

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will send that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will help others take it."—Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

CANADA'S TRADE FOR SEVEN MONTHS SHOWS ENORMOUS GAIN

Ottawa.—There was an increase of nearly \$173,000,000 in the total trade of the Dominion during the first seven months of the present fiscal year, according to returns made public by the Department of Customs. The total trade for the period under review, the seven months ending with October, was \$1,094,564,000 for the current year as compared with \$921,999,000 for the year previous. Canadian exports rose from \$430,000,000 to \$540,000,000, while exports of Canadian produce increased from \$490,000,000 to \$553,000,000.
