This Society aims to awaken and foster a more general interest in Scientific knowledge, to induce young men and young women to engage in systematic study at home, and to afford its members the means for mutual assistance in the pleasing and ennobling study of Nature's works. All efforts used to make the connection of students with the Club pleasant and profitable.

A Course of Study has been arranged extending over three years and including the following subjects: Physiology, Geology, Botany, Natural Philosophy, Astronomy, Chemistry, Zoology and Mineralogy.

The members report quarterly. Yearly examinations are held at the Students' homes and at the end of the course certificates are given showing standing, etc. Course of Study and full information sent upon application to the Secretary.
