We would call the attention of our readers to the clock—the hands pointing to noon will, we trust, be a constant though silent reminder to pray for Missions at that hour. It not able to kneel down and use our Auxiliary prayer, a simple raising of the heart to God asking His blessing upon our work and Missions in general, will unite us at the throne of grace, and, if offered in faith, surely the petitions of more than ten thousand hearts will not remain unanswered; "Ask and ye shall receive" was the promise of our Loving Father—do we ask often enough or faithfully enough?

The die for printing this clock face was the gift of our very interested and obliging friend, Mr. G. Parker, who prints our LEAFLET, and has proved himself so anxious to help us in our Missionary work. (See LEAFLET report further on). We have much pleasure in offering him the sincere thanks of the Auxiliary for this and many other kindnesses.

The Dioceses of Montreal and Huron have recently held their Annual Meetings, and we congratulate them most heartily on the success of the past year, and the interest and enthusiasm shown by the large assemblages of eager workers. Your Editor was so fortunate as to be present at Huron's meeting, and what struck her so much was, that while much business was done and done well—the *spiritual* side of our work was kept so prominently to the front—as it always should be, and that if anyone went away from the meeting unrefreshed, the fault must have been in themselves, not from a lack of opportunity of gaining spiritual help, and of having a high aim set before them for future efforts.
