**T. POYNTZ WRIGHT, Esq.,** Medical Officer of Health, New Street, St. Neots.

New Street, St. Neots, January 28th, 1894.  
I have much pleasure in giving you my experience as to the "Meat and Malt Wine" received from you some time since, and in bearing testimony as to its value as a recuperative and restorative agent.  
In the early part of last year my wife was seriously unwell, suffering from loss of flesh and appetite, together with mental and bodily exhaustion, and sleeplessness. She was under treatment for a considerable time without relief, and I at last determined to try "Wincarnis."  
The effect was marked, and convalescence commenced from that date; the appetite returned and the weight slowly increased, and in about two months the health was restored, and this result was in a great measure attributable to the use of "Wincarnis" — of this I feel certain, that in many cases this preparation is a most valuable adjunct to medicinal treatment.
