TESTIFIES.  
Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

**Ayer's Sarsaparilla.**

The following letter from one of our best customers, a Massachusetts Druggist, should be of interest to every sufferer:—

**RHEUMATISM.** "Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took Ayer's Sarsaparilla, by the use of two bottles of which I was completely cured. Have sold large quantities of your Sarsaparilla, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public."  
E. P. HARRIS,  
River St., Buckland, Mass., May 13, 1882.

**SALT RHEUM.**

GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by Ayer's Sarsaparilla. See certificate in Ayer's Almanac for 1883.

**ALL WELL PLEASD.**—The children like Dr. Lee's Pleasant Worm Syrup and parents rejoice over its virtues.

**Scientific and Useful.**

**CREAM COOKIES.**—One cup butter, one cup sour cream, two and a half cups sugar, two eggs, one teaspoonful saleratus.

**DELICATE CAKE.**—One cup white sugar, one-half cup butter, one-half cup sweet cream, one cup flour, (heaping), two table-spoonfuls corn starch, two of cream tartar, one of lemon extract, the whites of four eggs.

**SOFT GINGER BREAD.**—Two cups molasses, one cup sugar, one cup shortening, one cup buttermilk, or sour milk, two teaspoonfuls saleratus, one egg, stir the egg in the last thing; it is an improvement to the cake. Flour enough to make quite stiff.

**CHARLOTTE RUSSE.**—One quart cream, whipped stiff, two table-spoonfuls gelatine, dissolved in a little warm milk; two-thirds cup sugar; flavour. **CAKE.**—Common sponge cake cut in pieces to fit a round dish. Cream whipped, gelatine put in a dish on stove with milk, gelatine stirred into it cools, then put with cream.

**TEA BISCUIT.**—To one quart of flour add two heaping teaspoonfuls baking powder, thoroughly mixed by sifting, one teaspoonful butter, one teaspoonful lard, rub shortening in the flour; one pint sweet milk, one-half teaspoonful salt; make a soft dough. Knead as little as possible. Roll out one-half inch thick.

**TAPIOCA PUDDING.**—Wash one cup of pearl tapioca, and soak it over night in a pint of cold water. About an hour and a half before dinner add to the tapioca one more cup of water and one of milk and a little salt. Pare four or five sour apples, cut them in halves, core them and lay on the top, pressing them down till they are on a level with the tapioca. It is best baked in an earthen dish, and must be cooked slowly. It is done when the tapioca is clear and the apples tender.

**HE ACTED WISELY.**—"I am so weak I can hardly move, all run down with a Chronic Summer Complaint," said one gentleman to another on our street the other day. "Now, take my advice," replied his friend, "go to your Druggist and get a bottle of Dr. Fowler's Extract of Wild Strawberry. I never have known it to fail in curing any kind of Summer Complaints."

**ORANGE AND APPLE PIE.**—Cover a tin pie plate with puff pastry, and place a layer of sliced oranges, with the pips removed, on it, and scatter sugar over them. Then put a layer of sliced apples, with sugar, and cover with slices of oranges and sugar. Put an upper crust of nice pastry over the pie and bake it for half an hour, or until the apples are perfectly soft. Take the pie from the tin plate while it is warm, put into a china plate and scatter sugar over the top.

**PRESERVING FLOWERS.**—Fruit and flowers may be preserved from decay and fading by immersing them in a solution of gum arabic and water two or three times, waiting a sufficient time between each immersion to allow the gum to dry. This process covers the surface of the fruit with a thin coat of the gum, which is entirely impervious to the air, and thus prevents the decay of the fruit, or the withering of the flowers. Roses thus preserved have all the beauty of freshly plucked ones, though they have been picked several months. It is reliable and something all may try.

**CURRENT, RASPBERRY OR BLACKBERRY JAM.** Pick over and wash the fruit; allow one pound of sugar to a pound of fruit. Put the fruit and one-quarter of the sugar into a granite or porcelain kettle; when boiling, add another quarter of sugar, boil again, add more sugar, and when all is used, let it boil till it hardens on the spoon in the air. Apples, pears, peaches and quinces should be pared, cut small and treated in the same way. Cooking in only a little sugar at a time prevents the fruit from becoming hard.

**GRAHAM PUFFS.**—One and a half cups of graham flour, one cup of sifted wheat flour, two teaspoonfuls of sugar, half a teaspoonful of salt, two cups of new milk, three eggs. Mix salt and flour, add the milk and beat smooth; froth the yolks of the eggs separately from the whites; cream the butter, and add the eggs and then the butter. Bake in buttered stoneware cups or iron gem pans from thirty to forty minutes. The oven should be very hot, but do not keep the puffs in the oven after they have well puffed over the cups, as they collapse if not served at once.

**Listen to Your Wife.**

The Manchester Guardian, June 8th, 1883, says:  
At one of the "Windows,"  
Looking on the woodland ways! With clumps of rhododendrons and great masses of May blossoms!!! "There was an interesting group."  
It included one who had been a "Cotton spinner," but was now so  
Paralyzed!!!  
That he could only bear to lie in a reclining position.

This refers to my case.  
I was Attacked twelve years ago with "Locomotor Ataxy."  
(A paralytic disease of nerve fibre rarely over cured) and was for several years barely able to get about,  
And for the last five years not able to attend to my business, although  
Many things have been done for me,  
The last experiment being Nervo stretching.

Two years ago I was voted into the Home for Incurables! Near Manchester, in May, 1882.  
I am no "Advocate"; "For anything in the shape of patent" Medicines!  
And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her—  
Consented!!

I had not quite finished the first bottle when I felt a change come over me. This was Saturday, November 3rd. On Sunday morning I felt so strong I said to my room companions, "I was sure I could  
"Walk!"  
So started across the floor and back. I hardly know how to contain myself. I was all over the house. I am gaining strength each day, and can walk quite safe without any  
"Stirk!"  
Or support.

I am now at my own house, and hope soon to be able to earn my own living again. I have been a member of the Manchester "Royal Exchange"  
For nearly thirty years, and was most heartily congratulated on going into the room on Thursday last. Very gratefully yours,  
JOHN BLACKBURN.  
MANCHESTER (Eng.) Dec. 24, 1883.  
Two years later am perfectly well.

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with "Hop" or "Hops" in their name.

**BRIGHT'S DISEASE OF THE KIDNEYS.**  
The above symptoms are not developed in any order, but appear, disappear and reappear until the disease gradually gets a firm grasp on the constitution, the kidney-poisoned blood breaks down the nervous system, and finally pneumonia, diarrhoea, bloodlessness, heart disease, apoplexy, paralysis, or convulsions ensue and then death is inevitable. This fearful disease is not a rare one—it is an every-day disorder, and claims more victims than any other complaint.  
It must be treated in time or it will gain the mastery. Don't neglect it. Warner's SAFE Care has cured thousands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the specific for the universal
