

## TRAVEL AND ENTERTAINMENT.

Churches are requested to appoint delegates as soon as possible, and to send their names at once to Mr. James A. Hendry, Kingston. Special arrangements have been made for reduced fares for delegates and their wives along the following lines: Canadian Pacific, Grand Trunk, Canada Atlantic, and the Richelieu and Ontario Navigation Company.

Those travelling by rail, will purchase a first-class one-way ticket at the point of starting, and by a new arrangement, a *standard certificate receipt will be supplied free by the agent*, so that applications for a standard form of receipt will not have to be made to me as in former years. This arrangement, however, only applies to the railways. Those who desire to travel by water will have to apply to me for special certificates, as before.

Special attention is also drawn to the fact that reduced rates granted on the *Canadian Pacific* apply to "local stations in Ontario, and Atlantic and Eastern divisions, Port Arthur, Sault Ste Marie, and east, points on Michigan Central railway in Canada, and Northern and North-Western division (only) of G. T. Ry's; Erie and Huron Ry., Central Ontario Ry., and Kingston and Pembroke Railway.

Reduced rates on the *Canada Atlantic*, "apply to all stations on this road, and to Detroit, Port Huron, and all local stations east thereof, on the Grand Trunk Ry."

Reduced rates over the *Grand Trunk*, "will apply to Detroit, Port Huron, and all local stations east thereof."

Where delegates will travel over more than one railway, a certificate will be required for each railway, and a separate ticket purchased at each junction, except as arranged for according to the above specified regulations.

The *Richelieu Boats* "will commence simultaneously from Montreal and Toronto on the 2nd June, leaving Montreal at 10 o'clock a.m., and Toronto at two p.m. The former reaching Kingston at two p.m. on the 3rd, and the latter at four a.m. on the 3rd, and the rate will be "a single fare and a third, for the return trip; meals and berths extra going east, but included going west." Those intending to travel by boat, must not forget to apply to me for a certificate as before.

## WOMAN'S BOARD.

## ANNUAL MEETING.

As announced last month, the fourth Annual Meeting of the C. C. W. B. M. will be held (D.V.) in Calvary Church, Montreal, on Wednesday and Thursday, June 4th and 5th. A special meeting of the Executive Committee will be held on Tuesday at 8 p.m.

The friends in Montreal are preparing to entertain a large number of delegates. The names of all wishing for entertainment during the meeting should be sent to Mrs. George McGarry, 208 St. Antoine St. Montreal, Convener of Billeting Committee, as early as possible. A Business Committee (Mrs. R. W. McLachlan, 55 St. Monique Street, Montreal, convener), will attend to other business matters. The officers are trying to secure the usual reduced fares, and if obtained, the Corresponding Secretary, Miss H. Wood, Maxville, Ont., will supply travelling certificates.

An inspiring programme, including papers on Home and Foreign Missions and methods of work, is in preparation. A new feature will be the "Young Ladies' Hour," in part occupied by representatives of Young Ladies' Societies and Mission Bands, and in part by the missionary whom we hope to have with us.

The secretaries of Auxiliaries and Young Ladies' Societies, and the leaders of Mission Bands, are earnestly requested to send in annual reports of their societies, to the Branch Secretary when connected with a Branch, or to the Corresponding Secretary of the Board, when not so connected, *not later than May 15th*. Please let these report include the names and addresses of officers, the number of members and the average attendance. These facts are necessary, not only that the Secretary may present a correct report at the annual meeting, but that the annual report for the coming year may be complete. The omission from the list of Auxiliaries and Mission Bands in last annual report, of some societies that contributed to the funds of the Board, is due to the fact that
