

IN SURGERY AND GYNECOLOGY,  
 IN DISEASES OF THE RESPIRATORY SYSTEM,  
 IN DISEASES OF THE DIGESTIVE SYSTEM,  
 IN DISEASES OF THE EYE AND EAR,  
 IN MALARIAL, TYPHOID AND ERUPTIVE FEVERS,  
 IN GENITO-URINARY AND CUTANEOUS DISEASES,

and in the general antiseptic treatment of diseases of every character, Listerine has established an enviable reputation, thorough clinical test having demonstrated that no other one antiseptic is so well adapted to the general requirements of the Physician and Surgeon, for both internal and external use, as this carefully-prepared formula of essential oils, ozoniferous ethers, and benzo-boracic acid—all antiseptics and chemically compatible.

Literature on demand.

# SCOTT'S EMULSION

## THE WHOLE OIL!

There is no secret about Scott's Emulsion. Nothing is covered up by obscure references to active principles or alkaloids. Neither is it an alcoholic mixture put up under some mystifying title.

It is simply an emulsion of the best Norwegian cod-liver oil combined with the hypophosphites and glycerine.

We use the whole oil (*a*) because the great reputation of cod-liver oil as a food and medicine was made by using it in this way; (*b*) because such use is, almost without exception, approved by the medical profession of the whole world; and (*c*) because we fail to find a single writer, worthy to be called an authority, who advocates differently.

When cod-liver oil is indicated, the whole oil must be used.

We will gladly send you our formula, together with sample bottles, upon request.

Two sizes; 50c. and \$1.00. SCOTT & BOWNE, Chemists, Toronto
