BRISTOL'S SARSAPARILLA.

This powerful vegetable detergent has been fully tested in nearly every part of the civilized world. It has been tried in leng-standing cases of

SCROFULA,

and has invariably been successful in curing them. It has been again and again tested in Fever and Ague Intermittent and Remittent Fevers, and always with the same excellent results. In

RHEUMATISM AND GOUT

tis infallible, curing cares that had resisted all other treatment for nearly a lifetime allaying every phase of inflammation, and leaving the joints in a natural condition. In

OLD SORES

it is a sovereign remedy-causing new circulation of the blood around the edges of the sore, and speedily filling up and drawing together the flesh, which in old sores is generally inert and lifeless. In

SORE EYES AND RUNNING EARS

the effect is truly wonderful. The scrofulous nd deprayed blood and humors on which such sores feed and live, are neutralized at the stomach, the fountainbood, and new and healthy blood soon washes away every vestige of disease. In.

ULCERS AND TUMORS

the effect is equally gratifying, although of course, it in necessary to persevere for some months in diseases such as those having their origin in bad blood and

humors; and in such diseases as CANCER, the Sarasparilla should be continued for at least four

or five months after the trouble has to all appearance been overcome, because, unless this is done, and the nature of the blood and bumors be entirely changed throughout the whole body, the disease is liable to return with unabated force. In

BOILS AND CARBUNCLES

the Barssparilla should be taken five or six times a day; but not in very large doses say two or three sablespoonfuls at a time. And in all of these diseases we strongly arge the use of Bristol's Sugar-Coated Pills in conjunction with the Barsaparilla, taking two or three pills every second night on retiring to rest. In this way, cures will be more speedily ef-

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

Норе

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
