

## NOTICE

This Company has branch houses throughout the United States and Canada, each with a representative in charge who is familiar with conditions affecting his territory and with points that might prove of interest to anyone visiting that particular city. We are always ready and willing to assist our customers whenever the opportunity presents itself, and in keeping with this policy we are inserting herewith a list of our branch houses, with the names of our various managers and the addresses at which they may be found. If at any time our many friends have occasion to visit any of these cities, our representative will esteem it a privilege to have them call on him.
