**THREE LECTURES ON THE SCIENCE OF  
LANGUAGE. By PROF. F. MAX MÜLLER.**

With a Supplement "MY PREDECESSORS." Cloth, 75 Cents.

Prof. F. Max Müller points out that the difference between man and animal is due to language, yet there is no mystery in language. He shows the origin of language as developed from the clamor concomitants of social beings engaged in common work. Thought is thicker than blood, and the bonds of the same language and the same ideas are stronger than of family and race relation.

**THE PSYCHOLOGY OF ATTENTION. By TH.  
RIBOT. (Sole Agents in England: Longmans,  
Green, & Co.) Authorised Translation. Cloth, 75 Cents.**

**THE DISEASES OF PERSONALITY. By TH.  
RIBOT. Authorised translation. Cloth, 75 Cents.**

The works of Th. Ribot explain the growth and nature of man's soul. The former book, "The Psychology of Attention" is an exposition of the mechanism of concentrating the will upon a special object, thus showing the cause of the unity of the soul and throwing light upon the nature of the ego. The latter book, "The Diseases of Personality" elucidates the hierarchical character of man's psychic life which rises from simple beginnings to a complex structure. The growth of personality is shown by an analysis of its diseases, and its evolution is set forth in the instances of its dissolution.
