

LIVERPOOL COTTON EXCHANGE OPENS UNDER RESTRICTIONS

NEW YORK HAS BROADER INQUIRY

Restricted Business on Liverpool Cotton Exchange Causes Optimism.

STEELE STATEMENT SOON

Paris Rates Increase — No Hint About Reopening of Exchange.

Canadian Press Despatch.

NEW YORK, Nov. 5.—The result of the present elections was reflected today in a broader enquiry for investment issues and general advances in the prices of listed securities being made in outside the stock exchange.

Another helpful factor was the announcement that the Liverpool Cotton Exchange is to reopen on a restricted basis on Tuesday, which created a feeling of optimism in local cotton circles, where it was felt that similar action would soon be taken by other exchanges.

Black exchange authorities felt little time in denying reports that the representatives of the British Government now conferring with our treasury officials and bankers had suggested the advisability of an indefinite suspension of regular market operations here. It is a fact, however, that at this time not even an approximate date for the reopening of the local exchange has been set.

Sentiment improves.

Improvement in sentiment was most pronounced in the steel trade, despite the belief that the October statement of the U. S. Steel Corporation, to be issued next Tuesday, is likely to show another large decrease in unfilled orders. Manufacturers in other lines, including textiles, also expressed a more hopeful view of the immediate future.

Another increase in rates on Paris was the feature of the foreign exchange market, both bills and cheques rising materially as a result of the resumed supply of bills. The London market was a shade easier, with additional offerings of commercial bills, because of the termination of the moratorium. Exchange on Montreal rose again, the most plausible explanation in that connection being found in the heavy purchases made here by Canada for the account of the British Government.

An increase of over \$18,000,000 in the gold holdings of the Bank of England was the outstanding feature of the week. Substantial gains in total and in liability reserves were also noted. The Imperial Bank of Germany had about \$2,500,000 to its store of gold, and increased its holdings of emergency and other bank notes by over \$18,000,000.

Canada First—Buy at Home

No doubt there are hundreds of people in Canada today who regret that they placed orders for material out of Canada before the war. In times of peace the world is wide open. The only trade barriers are tariffs. In times of war every nation begins jealously to conserve its own resources. We were forging ahead at such a pace a couple of years ago that we reached out our hands to every hand to get not only money and men, but materials. Now we have to get along with the least possible borrowing.

We must be content to do without immigrants for a while. And we must get our materials in Canada. The first two are matters of necessity. The last is a matter of pride.

We happen to have all materials for manufacture in a degree possessed by few nations. Now is the time to take stock and to develop our own resources.

The wholesale produce merchants have moved from the market at the foot of Yonge street to their winter quarters (their warehouses) and business seemed a little more brisk yesterday. Dawson Elliott had a car of Malaga grapes; also about one thousand baskets of Eogers and Niagara. They also had a large shipment of cauliflower from W. E. Bunting, St. Catharines.

Ramford & Sons had a large shipment of red and blue grapes from J. A. Foran, Winona, and a large shipment of Boston head lettuce.

Chas. S. Simpson had a shipment of mushrooms, the week ended today were \$5.75, as against \$5.85 last week, and \$4.95,88 for the corresponding week a year ago.

QUEBEC, Nov. 5.—Bank clearings for week ended today \$3,816,150, corresponding week last year \$3,693,478.

MONTREAL, Nov. 5.—Bank clearings for week ended today were \$4,322,933, as against \$4,813,821 last week, and \$4,730,045 last week and \$6,945,809 in the corresponding week a year ago.

LONDON, Nov. 5.—Bank clearings for the week ended Nov. 5 were \$1,871,693, or against \$1,918,942 a year ago.

WINNIPEG, Nov. 5.—Bank clearings for the week ending today were \$39,481,623 as compared with \$53,773,368 for the corresponding week last year and \$47,574,725 for the same week of 1913.

DOWNWARD SWING IN CHICAGO WHEAT

Profit-Taking, Due to High Prices, Has Bearish Effect.

Canadian Press Despatch.

CHICAGO, Nov. 5.—Lively profit-taking due to the fact that the wheat market here has risen to a higher level than at any time since early in September, brought about a decided downward swing today in wheat. The market closed heavy, 78c to 1 3/8c under last night. Corn suffered a net loss of 3/8c to 3/4c and oats of 3/8c to 1/2c. Provisions would have been unchanged to 3/8c higher.

Holders of wheat were prompt to take advantage of a new upturn today in prices. Gradually, however, the enthusiasm over the huge export sales of an offset. Gradually, however, the weight of realizing sales began to count, and the finish was at the low point of 78c to 1 3/8c under last night. From that point, which at first appeared to follow the market during the early advance, showed a noticeable contraction here later on, possibly owing to reports of difficulty in obtaining ready freight room on the Atlantic.

Big wheat sales at primary points, especially Chicago, had a good deal to do with making conservative dealers, dealers about pressing the bull side of the market. Despite supposed signs of a smaller movement soon from the farms, the arrivals at the chief terminals remain materially in excess of the record of the corresponding time a year ago.

In the corn crop, estimates that the new crop would be 75,000,000 bushels more than expected had an unmistakable bearish influence. Clear weather that was favorable for maturing and shipping tended also to lower the market, although moderate export sales continued.

Trade in oats lacked volume. There was no call from the seaboard to speak of. Provisions ruled decidedly higher for the most part. The sharpest advances were early in the day, when scared shorts were covering because of orders to close the stock yards here. On the bulge packers were sellers and a somewhat easier feeling ensued, but the tone at the close was firm.
