. State Value

PAGE	ART. FAGE
16	47. Signs of Moments 61
17	48. Geometric Representation of a Moment 61
13	49. Two Equal and Opposite Parallel Forces
	50. Moment of a Couple 62
	51. Effect of a Couple on a Rigid Body
	52. Effect of Transferring Couple to Parallel Plane not altered 64
	53. A Couple replaced by another Couple
	54. A Force and a Couple 65
	55 Resultant of any number of Couples 66
	56. Resultant of Two Couples 67
URRING	57. Varignon's Theorem of Moments
	58. Varignon's Theorem for Parallel Forces
	59. Centre of Parallel Forces
21	60. Equilibrium of a Rigid Body under Parallel Forces
21	61. Equilibrium of a Rigid Body under Forces in any Direction 75
22	62. Equilibrium under Three Forces
	63. Centre of Purallel Forces in Different Planes
24	64. Equilibrium of Parallel Forces in Space
25	65. Equilibrium of Forces acting in any Direction in Space 88

OHAPTER IV.

66.	Centre of Gravity	100
67.	Planes of Symmetry-Axes of Symmetry	101
68.	Body Suspended from a Point	101
69.	Body Supported on a Surface	102
70.	Different Kinds of Equilibrium.	102
71.	Centre of Gravity of Two Masses	103
72.	Centre of Gravity of Part of a Body	103
73.	Centre of Gravity of a Triangle	103
74.	Centre of Gravity of a Triangular Pyramid	105
75.	Centre of Gravity of a Cone	106
76.	Centre of Gravity of Frustum of Pyramid	107
77.	Investigations involving Integration	109
78.	Centre of Gravity of the Arc of a Curve	110
79.	Centre of Gravity of a Plane Area	115
80	Polar Elements of a Plane Area	118
