Yukon Rink Already En Route to Winnipeg, Jan. 4.—With all the sub-committees working energetically arrangements are progressing very ratisfactorily for the next botspiel. At the last meeting most encotraging reports were presented, especially from the finance committee. There has been a very generous response from business men and other citizens to the appeal for funds, as they realize the bonspiel is a great benefit to the city, and that it has no "gate" as in other sports to meet.

A letter was read from M. H. Jones of Dawson City, advising of the departure from the Yukon of a rink to take part in the botspiel, composed as follows: "McPlerson, Moncrieff, Jones and Strickland." The president, W. F. Palmer, who were appointed a sub-committee on reception to visiting curiers, suggested most suitable form of entertainment, all sufficiently large for the latter purpose has been seen, and an option taken for two leight, after which it was resolved to has been seen, and an option taken for two leight, after which it was resolved to has been seen, and an option taken for two leight, after which it was resolved to has been seen, and an option taken for two leight, after which it was resolved to have a bruyered. All arrangements in reference thereto were left in the hands of the sub-committee. The report was discussed at some as bruyered. All arrangements in reference thereto were left in the hands of the sub-committee. The finance committee reports firther progress in the collection of funds, having received some \$500 additional since the last report. Among the contributors were two of \$100 each, the T.
