A BAD COLD SETTLED ON THE LUNGS

hroat, the lungs, and the bronchial tubes, are, in the beginning, but coughs and colds, and failure to take hold at once and get rid of them will cause many years of suffering.

Dr. Wood's Norway Pine Syrup

contains all the lung healing virtues of the pine tree and will certainly cure all coughs colds and lung troubles.

Mrs. Jas. McDowell, Langton, Ont., writes: "In November, 1905, I caught a bad cold that settled on my lungs, so I got two bottles of Dr. Wood's Norway Pine Syrup, and used one and a half of them and by that time I was cured. I laid the balance of the bottle away for future use. A few days after our eight months' old baby took the whooping cough.

He was so bad we had to call the family shysician, but he said he could do but little. I commenced using the Dr. Wood's Norway Pine Syrup and to my great estisfaction the taby was cured. I only used four 25 ment bottlee; a small dooter bill.

I believe there is no other remedy for

DRAMATIC SCENES CLOSE TRIAL

Gillette's Attorney Charges Graft and Perjury.

ATTACKS DOCTORS' TESTIMONY

utor Makes Savage Attack on His Old Friend in His Reply-Case to Jury Today.

Herkimer, Dec. 3.-Never perhaps in the history of Herkimer County justice had the closing scenes of a murder trial been characterized by such bitter attacks of counsel as developed in the summing up of the Gillette case today. Replete as the trial has been with surprises and sensation, none was prepared for the sharp exchange with

which the day closed. Judge Devendorf had expected to give the case to the jury today, but after District Attorney Ward had spoken for fifteen minutes, court was adjourned until tomorrow morning. The prosecutor will conclude and the judge's charge will be made tomorrow,

It is expected. Former Senator A. M. Mills, a close personal and political friend of the prosecutor, made the last appeal to the jury to acquit Chester F. Gillette of the murder of Grace Brown, at Big Moose Lake, July 11.

He had occupied nearly the whole of the session and it was late in the day when he dramatically declared that the five physicians who had sworn that there was a blood clot on Grace Brown's brain had sworn to a falsehood; that they had gotten together and agreed upon a common story for the witness stand, and deliberately withheld testimony favorable to his client. Intimating that the physicians were improperly influenced, he added: "If there is an investigation of graft, some of these five doctors may figure in it. They were paid large fees to give evidence, which it was thought, The news which reached the city last was prepared so that it would convict eek regarding the discovery of a rich
