To Be Dyspeptic Is To Be Miserable.

I spepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, pickles, confectionery, etc.

Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, and fullness and distention of the stomach are a few of the many distressing symptoms of the poor, weary dyspeptic. Burdock Blood Bitters regulates the stomach, stimulates the secretion of the saliva and gastric juice to facilitate digestion, removes acidity, purifies the Victoria Hall, Queen St. E. blood, and tones up the system to full health and vigor, and thereby cures dyspepsia and all its tributary diseases.

Mr. Amos Sawler, Gold River, N.S., writes:-"I was greatly troubled with dyspepsia, and after trying several doctors to no effect, I commenced taking Burdock Mic-Mac Excursion to Barrie Satur- Blood Bitters and I think it is the best medicine there is for that complaint."
