Her Daughter
Took Very Sick As
Result Of Catch-
ing Cold.

Mrs. Dennis Delaney, Friar's Head,
 N.S., writes: "At the close of the year
 1907, our youngest daughter, five years
 old, took very sick as the result of catch-
 ing cold. She became very weak and
 could not move around at all. We con-
 sulted doctors and gave her various kinds
 of medicine but they did not seem to
 relieve her any. On the advice of a
 friend I procured a bottle of your valuable
 remedy, Dr. Wood's Norway Pine Syrup,
 and after using the first bottle noticeable
 improvement was the result and after
 using three bottles she was entirely cured.
 I can certify that it was through your
 valuable remedy that she regained her
 strength and would advise every mother
 having young ones similarly afflicted to
 obtain your valuable remedy. For my-
 self I would not be without a bottle in the
 house."

Dr. Wood's Norway Pine Syrup con-
 tains all the lung healing virtues of the
 Norway pine tree combined with Wild
 Cherry bark and other pectoral remedies.
 It has stood the test for many years, and
 is now more generally used than ever.
 Price 25 cents at all dealers. Manufactur-
 ed only by The T. Milburn Co.,
 Limited, Toronto, Ont.

PROTECTION FOR BRAKEMEN

Coroner's Jury Suggests Platform
 From Engine to Car.

"In the opinion of the jury, it would
 be of valuable assistance to brake-
 men in the discharge of their duty if a
 platform were built from the tenders
 of engines a sufficient distance in the
 direction of the following car to enable
 them to cross in safety."

The foregoing was a rider attached
 to the verdict of the jury investigat-
 ing the cause of the death of Charles
 D. Pearson, who was fatally injured
 by being run over in the Streetsville
 yards, Jan. 7, while performing his
 duty as a brakeman in the employ-
 of the Canadian Pacific Railway. The
 verdict was accidental death.

Pearson was from a brakeman on the
 freight train. It was his duty to cross
 from the front freight car to the en-
 gine. While doing that he fell. It is
 supposed that he lost his balance or
 slipped while climbing down the ladder
 on the side of the freight car in cross-
 ing. Coroner S. Singer was in charge
 of the enquiry.

Mrs. Auld Wilson Dead.
 WINNIPEG, Jan. 13.—(Special).—The
 death occurred this morning of Mrs.
 Mary Shaw Auld Wilson, aged 71
 years, wife of John E. Wilson. For
 over 20 years she was a resident of
 Galt, Ont. and the Muskoka Lakes, and
 also lived for three years in Toronto.

WILL ASK LEGISLATURE FOR POWER TO BUY PARKS

Committee Approves Suggestion to Issue Debentures to Add to Breathing Places.

In view of the fact that the parks department is so often without money when an opportunity is afforded to purchase a good site for park purposes, Controller Spence, altho not a member of the parks committee, made a suggestion that met with the hearty approval of all the members of the committee. The suggestion was the issuing of debentures to raise money to purchase sites at any time, the cost to be met thru the issue of debentures. The motion was, therefore, carried, that the committee ask the legislature to apply to the legislature for power to issue debentures to raise money to purchase property for parks, playgrounds and boulevards, when recommendation is carried by a two-thirds vote of the council, but the sum shall not exceed one-half mill of the current year's assessment and shall spread over a period of five years.

A recommendation of Parks Commissioner Wilson, that boulevards and lawns in front of residences be looked after by the city, was sent on to the council. It will be included as part of the local improvement scheme, if passed. The council will have to apply for legislation.

The committee recommended that the Queen's Own Rifles be allowed the use of Exhibition Park for their 50th anniversary and reunion next year. The commissioner's recommendation fixing the pay for Sunday labor at \$2 a day, the same as on week days, was adopted. Mr. Wilson did not favor paying \$2.50, as requested.

The committee recommended that the Queen's Own Rifles be allowed the use of Exhibition Park for their 50th anniversary and reunion next year. The commissioner's recommendation fixing the pay for Sunday labor at \$2 a day, the same as on week days, was adopted. Mr. Wilson did not favor paying \$2.50, as requested.

Property Committee.

At the meeting of the property committee yesterday the interim appropriations for the year of \$15,000 for improvements to building and \$10,000 for the jail, were granted, as was also \$2000 for repairs at Geddes' wharf, which has been leased by the R. & O. Navigation Co. The recommendation of Commissioner Harris, that application be made for legislation to permit the city to sell hay and fodder at city cattle market, was passed. It was opposed by Ald. Baird.

The question of providing prisoners of the jail with plain suits instead of stripes while employed in Riverdale Park was referred to the property commissioner and the jail steward to report upon.

Foster's Suggestions.

Both proposals of Controller Foster, one to amalgamate the industries department with the assessment department and the other to merge the city architect's into the city engineer's department, did not meet with the approval of the board of council yesterday morning. They were laid over for a week.

With regard to abolishing the department of Industries, Controller Foster considered that it was a waste of money to keep it up. Little had been done but to give a good time to some people at the expense of the city. Controller Spence thought the department should be wiped out, but that Commissioner Thompson could be retained for general utility work. Mayor Geary and Controller Ward and Church considered that Mr. Thompson well earned his salary of \$2500 a year, and his worth suggested that Controller Foster submit information as to the saving by such an amalgamation.

Controller Foster's motion to join the island park committees was also laid over for further consideration.

Street Railway Service.

After discussing Ald. O'Neill's motion favoring the holding of a conference with the Toronto Railway Company with regard to forming some arrangement for improving the service and laying down new lines, the board of control decided that the proposed legislation looking to an improvement in the street railway service be prepared in time to go into effect in The Ontario Gazette next week.

Ten Wards.

Mayor Geary, Controller Spence, Ald. Chisholm, O'Neill, Maguire, McMurich, Dunn, McCauland and Baird were chosen as a committee to consider the advisability of dividing the city into ten wards, with two aldermen from each.

The city solicitor will report on the question of asking the railway commission to order the Bell Telephone Co. to make the telephone rates uniform thruout the city.

The civic vote committee will deal with the city engineer's report to-day regarding the extension of Victoria-st. The cost of this would be about \$300,000, according to his estimate. The land damages here fixed by the assessment commissioner at \$300,000. The estimate includes a width of 18 feet as track allowance for the street railway, a 12-foot roadway on each side and 8-foot sidewalks. The extension is from Gerrard to Alexander-street.

The city engineer recommends that the city solicitor be asked to apply to the Dominion Railway Commission for an order declaring Royce-avenue a public street, West King-street.

German Tailors From Toronto in Bad Flight.

WINNIPEG, Jan. 13.—(Special).—Six young German tailors from Toronto have asked the provincial immigration office to send them back to Ontario. They say they were brought here and then were refused work. They are without funds.

Taxicabs for Winnipeg.

WINNIPEG, Jan. 13.—(Special).—A local company has placed an order for ten taxicabs for delivery here next month. A representative of the Toronto company is also here arranging for a service.

Virginia Harned, the actress, will go to Reno, Nev., to establish residence for divorce from Sothorn, the actor.

TO FOIL BURGLAR MEN

Police Will Have Really Safe Safe to Protect Valuables.

Police headquarters is to have a brand new fire and burglar proof safe, in which to keep the money and other valuables constantly in their custody. The police commissioners have taken a tip from The World when it pointed out the ease with which the present rickety old contraption could be burglarized, and at their last meeting appropriated money for the purchase of a really safe safe.

MISSIONS TO CLARIFY FAITHS OF THE WORLD

Great Gathering of Anglicans at Second Annual Banquet of Laymen's Movement.

"The missionary movement," said Ven. Archdeacon Cody at the second annual Anglican Laymen's Missionary Movement banquet at McConkey's last night, "is not a movement against other faiths, in as far as they are faiths. It is a movement to rescue what of faith is there, to complete it and clarify it. It is all very well to read for ourselves a selection of the sacred books of the east, and see what these cults mean on their theoretical side, but this is not their practical side."

The obligation of missions was three-fold. It rested on the commission of Christ, the value of missions in spreading civilization and the call of philanthropy. The worst of all heresies was not merely the rejection of an article of assent. The worst heresy was the heresy of disobedience to a command.

Dr. Cody then dealt with objections sometimes raised to missions. In regard to the argument that we should first deal with the heathen at home, he remarked: "The heathen in Toronto are such by their own choice. There are billions who have not had the chance to say whether they will be Christians or not."

Some said missions were badly conducted, the men unsuitable, that missionaries lived too luxuriously, that \$5 was spent to send every \$10 out. These assertions he characterized as a series of mis-statements.

"Who are the people who bring back these reports?" he asked. "Travelers, globe-trotters, who have shared the hospitality of the missionaries. It makes me hot. I am righteously angry. Shame on such reports."

"As to the quality of the men, there is no business in which there is less of watered stock than in the missionary business; and who has ever made any money out of missions?"

The chair was occupied by W. D. Gwynne, who reviewed the history of the movement. The plan of campaign embraced making the appeal concentrated, comprehensive, simultaneous and effective. It was to be made in all the parishes on the same three Sundays in January, and would embrace all the various funds. This would be followed up by a canvass by a parish missionary committee. According to the basis of distribution the 15 richer parishes would contribute \$65,000 (\$7 a head), and the 26 poorer parishes \$16,600 (\$2 a head).

Bishop Sweeney said he rejoiced in the movement as tending to bring together the separated churches. "It is the touch of the Holy Spirit, which shall make us kin."

Dyce W. Saunders, K.C., said: "We should endeavor to influence men rather than to raise subscriptions. The giving of our substance is a different

AIKENHEAD HARDWARE LIMITED 17, 19, 21 Temperance Street

For Coughs and Colds

Exposure to cold and dampness, sudden chilling of the body, these are causes of the heavy chest colds which so often lead on to pneumonia or consumption.

What a good idea to always have Dr. Chase's Syrup of Linseed and Turpentine in the house so that you can check a cold when in its early stages and easily controlled.

There never has been such a satisfactory treatment for severe chest colds and bronchitis. The effects of this medicine are so thorough and far reaching that you can depend on it when real trouble comes. It loosens the cough, aids expectoration, allays the inflammation and positively protects the lungs by curing the cold. Particularly as a relief and cure for bronchitis and chest colds this medicine has made a remarkable record.

The only thing is to be sure and get the genuine, bearing portrait and signature of A. W. Chase, M. D., the famous Receipt Book author.

Dr. Chase's Syrup of Linseed and Turpentine

25 cts. a bottle, family size 60 cts., at all dealers or Edmanson, Bates & Co., Toronto.

thing from giving of a surplus left over after we have gratified our own desires."

Hon. A. B. Morine, K.C., spoke on the necessity of a sense of personal responsibility.

In addition to the speakers Bishop Reeves, Rev. J. P. Llywd, Dr. N. W. Hoyle, K.C., Rev. Prof. Cayley, and Arch. Campbell occupied seats at the head table. About 450 were present. Out of town clerical guests were Rev. E. Paterson Smythe, Montreal; Canon Davidson, Peterboro; R. P. McKim, N. B.; Archdeacon McKim, Kenora; Headley, B.C.; Walter Crawford, British E. Africa; R. H. A. Haslam, India; and N. I. Perry, St. Catharines.
