ANXIOUS CROWD IN LINE FOR "BEN-HUR."

RECORD-BREAKING RUSI FOR BEN-HUR' SEAT SALE

Line Started at 11 o'Clock P.M. on Wednesday and Many Kept All Night Vigil.

A rush for seats, completely eclips ing everything in the annals of Toronto theatricals, marked the opening of the "Ben-Hur" sale at the Princess Theatre yesterday morning. The line started forming at 11 o'clock Wednesday evening after the audience had left the theatre at the finish of the An-

na Held performance. The first persons to take positions were two elderly ladies, who asked Treasurer Mulholland for camp stools so that they could rest and wait for the opening of the box office window in the morning. They had brought their lunch and books to read and appeared perfectly contented for the long vigil in front of them. At midnight two dozen persons were in attendance and as the hours slipped by the line gradually increased, until at 9 a.m. when Treasurer Mulholland opened the ticket window, fully one thousand persons were waiting to be served. Manager O. B. Sheppard took personal charge of the sale and put everybody in good humor by his pleasant remarks while getting the people in their proper order and giving no one an opportunity to register a grievance. No favoritism was shown and consequently everybody

was happy. Speaking to a representative of this paper last evening in his office at the Princess Theatre Mr. Sheppard said In my time I have handled many notable attractions thruout Canada and have counted up heavy advance sales, but the 'Ben-Hur' crush to-day completely eclipses everything I have ever managed. It was a record-breaker that indicates that this stirring religiohistoric drama will establish a new mark in Toronto theatricals."

Tour of Sheffield Choir. LONDON, Eng. March 10.-Everything is now ready for Dr. Harris' great to take place next year. 'Mr. Harris has returned to London from his tour of the oversea states, and says:

"By the time we sail from England, in 1911 it will have taken just ten years as "Pierre," in "Pierre of the Plains," to get around the world with my pro and to settle the details. But mind you, this tour is not the end for which all these years I have been working. It is only the initial step at the foundation-stone ceremony of musical reciprocity within the empire."

Dr. Harris intends to sail about the last week of March, 1911, with 200 memhers of the Sheffield Choir for Canada six months, the choir returning at the end of September.

Meanwhile Board Will Mull Over Proposal to Supply Clean Drink For Pupils,

That the board of inspectors should immediately report upon some plan to obtain pure water during school hours was a motion passed at the meeting of the management committee of the board of education yesterday. Dr. Conboy, the mover, stated he had already received numerous complaints from parents regarding the drinking water, and he suggested that schools be supplied with gas stoves so the water might be boiled.

Dr. Bryans, in seconding the motion, thought it would be well for all parents to supply their children with bottles containing boiled water until pure water could be supplied. He was in favor of having mineral water supplied as well.

NORTH BAY, March 10 .- (Special.) -Arrangements made for the presentation of the Royal Albert medal to Thomas Reynolds, for heroism at the Spanish River wreck, are far from satisfactory to his friends. and North Bay citizens generally.
