Owing to Lady Salisbury's Death.
Owing to the recent death of Lady Salisbury, the Premier did not give the custobury, the Premier did not give the Custobury Parliamentary dinner this evening. This was given on his behalf by the Duke of Devonshire. Lord President of the Council. Mr. Balfour, the Earl of Kimberley and Sir Henry Campbell-Bannerman also entertained their respective supporters.

Amendment to Be Moved.

The Opposition leaders have decided upon Lord Edmund Fitzmaurice, member for the Cricklade division of Wilts, to move the amendment to the address involving the of a comprehensive character, virtually convicting the Government of want of knowledge and foresight in the management of South African affairs since 1895, and in the preparations for war, it is supported by several prominent members of the Opposition, identified with Lord Rosebery's views, and the debate is expected to occupy a week.

What The Thunderer South

What The Thunderer Says. What The Thunderer Says.

The Times, in an editorial comment upon the forecast of the Queen's speech, says:

'It is satisfactory to know that further provision will be made for increasing the efficiency of the navy, a duty enjoined by the undisguised hostility of foreign opinion. Diviously, it will be practically out of the question to introduce any measures of lomestic reform involving large expenditure."

Reproaches the Opposition. Reproaches the Opposition.

The Times severely reproaches the Opposition for "opening the flood gates of controversy," by the Fitzmaurice amendment, which it declares can do no good at the present juncture. It says: "We hope it is not too late for the Opposition to reconsider its decision. No national benefit of any kind can possibly balance the mischlef to be done by such a display of division of counsel in the face of the country's enemies. There is much in the conduct of the Government calling for criticism, but this is not the proper time."

London, Jan. 29.—In consequence of a report received by the India Office from Lord Curzon, who announces that 3,500,000 people are receiving famine relief, a Mansion House fund will probably be started. less with the kidneys and backache. or less with the kidneys and backache. Every little cold aggravated the trouble, until of late years I have had a great deal of trouble, being laid up at times. To stoop or lift anything was out of the question. I tried everything I could think of, giving each a faithful trial, but until I got a bottle of Dr. Pitcher's Backache Kidney Tablets I got no relief. I got them at Marshall's drug store, corner Queen and Berkeley-streets. They have made a decided effect immediately, and, strange to say, before the first bottle was gone, the trouble that had existed for years was under control, and the second bottle settled it. Since then I have been in splendid shape, and shall always keep them at hand. I used them in my daughter's case, aged seventeen, with equally good results, and I might say that it was by me years. hand. I used them in my daughter's case, iged seventeen, with equally good results, and I might say that it was by no means an ordinary case, as she suffered a great deal. We certainly will never be without them, and am glad to recommend them.

"My kidneys were out of order. I knew it by the secretions, that tiresome, constant backache and acute sensitiveness when stooping or getting up from a chair. I did not sleep well. I was restless. I was compelled to rise frequently. I have had nothing to do me the good that I derived from Dr. Pitcher's Backache Kidney Tablets. They removed the pain and lameness from my back. I am strengthened in other ways. My kidneys cause me no inconvenience now. I am not having those headaches as formerly, and that languor mornings does not occur. I know of nothing that I can so ardently recommend as Pitcher's Backache Kidney Tablets for kidney and bladder troubles."

Remember that Dr. Pitcher does not recommend his tablets for every trouble; only for Backache, Kidney and Bladder Troubles and their

C. W. Down is a grocer doing business at 668 Queen-street east, carrying a general supply of family groceries. He had procured Dr. Pitcher's Backache Kidney Tablets from the corner druggist, A. E. There had been much talk of those tablets in the eastern end of the city, and a reporter, to ascertain if they were deserving of the praise that so many accorded them, interviewed Mr. Down regarding them, and obtained the following statement:

If I sat down and attempted to rise, this excruciating pain caught me. I was induced to try Dr. Pitcher's Backache Kidney Tablets, and they very quickly removed the whole lifficulty in that respect.
