## Embryo Veterinaries Gave W. B. Morgan a Rough Ride Because Old Initiation Ceremonies Were Prohibited.

Hazed by his fellow students, W. B. Morgan, a senior class man at the Ontario Veterinary College, lies in a serious condition at his boarding-house at 230 Richmond-street. Morgan was taken from the house on Monday morning, forced to mount a horse and was galloped along Richmond-street, from Duncan to Bay, and down Bay to the Veterinary College, with the result that internal injuries were sustained. The treatment accorded Morgan was not the consequence of the unpopularity of the victim, for, in addition to being a senior class man, Morgan was president, and one of the best liked members in his class.

## HON. MR. TARTE SUGGESTS PROBING TO THE BOTTOM

Propheying the Revealing of a Good Deaf More Than Has Yet Been Revealed.

Montreal, Dec. 7.—(Special.)—Hon. J. Israel Tarte writes in La Patrie as follows: "The political newspapers are filled with what they call a conspiracy to overthrow the Laurier government by means of the purchase of newspapers, arrangements with several of his colleagues, the resignation of Hon. Mr. Blair, etc. The names of Vandervliet, Dr. Webb and others have been mentioned, as well as the leader of the opposition, but Mr. Borden publishes a statement of the subject today. If we have information that Mr. Blair was going to do it and when he was going to do it, starting an announcement, Hon. A. G. Blair's resignation of the railway commission, "Believed Mr. Blair regards present administration as betraying Canada into the hands of foreigners." Mr. Blair will take the stump and make his own explanation. "Perked bombshell in the Liberal camp," "Grand Trunk in consternation." "Believed the whole fabric of the Liberal party is falling to pieces." "Stitching the Montreal Star, St. John, N.B., Oct. 18, 1904." The Daily Telegraph is out with an extra, announcing Mr. Blair's resignation of the railway commission, the best paid government position in Canada. Blair's resignation to the premier discloses the fact that he is retiring into private practice. Blair's resignation is longer tolerated to see his country ruined. It is believed Mr. Blair says a great Portland Portland, a lesser St. John, a lesser Halifax. The crisis is historic and will have a lasting effect upon the future of Canada. Mr. Blair's resignation will give the people of Canada a view of the man.

## WINNIPEG'S TYPHOID EPIDEMIC

Whitney, Dec. 7.—(Special.)—Two hundred and fourteen cases and twenty deaths in the typhoid fever epidemic in Winnipeg for November. The situation in all respects is well explained by a letter written to W. M. Wood, secretary of the provincial board of health, by J. A. Douglas, health officer. After dwelling on the disagreeable condition of a large portion of the north side of the city, where there is no proper drainage system, Dr. Douglas says a good many cases are traced to the impure milk which is sold from cow sheds, carried all over the city with the exception of the "old cow."

## FIRST OF SEVEN

(Canadian Associated Press Cable.) London, Dec. 7.—Halford John Mackinder, reader in geography in Oxford University, delivered the first of a series of seven lectures in London on the subject of "The Future of the East." His lecture was held last night and a draft agreement reached providing for the conditions upon which the railway passes through the town. Connections are to be made with the tannery and the country by June 15, and a line run to the lake park by July 15. Opposition is being raised by some local merchants, but the majority look with favor at the prospect of a speedy connection with Toronto by an electric railway.

## JAPS BATTERING RUSSIAN BATTLESHIPS

Three Already Put Out of Business

St. Petersburg, Dec. 8, 2:20 a. m.—The news that the Japanese have mounted heavy guns on 203-Metre Hill is regarded as seriously significant, and has created a deep depression at the war office. If the reports of the sinking of the Russian warships in the harbor of Port Arthur are confirmed it destroys the last hope of a sortie, and when the end comes nothing remains but to sink those that remain in deep water to prevent them from falling into Japanese hands.

## PREMIER GOING TO FORGET PAST UNPLEASANT THINGS

Ottawa, Dec. 7.—(Special.)—"Forget things," was the message the Hon. G. W. He also made a statement to indicate that a general election will be held at an early date. Hon. Mr. Ross announced that he came to Ottawa on a business trip, and did not know that he was to be privileged to speak at a Liberal meeting. ## INTEREST IN WINTER FAIR SHOWN BY GENERAL PUBLIC

Dr. James W. Robertson Says That What is Needed in Canada is Better Farm Buildings.

Guelph, Dec. 7.—(Staff Special.)—The only function today of an essentially public character in connection with the Winter Fair was the meeting held in the city hall to-night. The large gathering showed the immense interest the general public takes in the Winter Fair, for in addition to the visiting stockmen and agriculturists were a large number of citizens who have had little time to take an interest in the proceedings during the day. Hon. John Dryden acted as chairman and made suitable replies to addresses of welcome presented by his worship the mayor, W. Hamilton and G. B. Ryan, president of the board of trade.

Commissioner of Public Works Cummings, Leonard Wood, Mr. C. J. Peters, who now has a majority of six, will likely lose his seat when the special election is held in the winter. The leader of the opposition, was elected with a good majority. Both governments worked hard to defeat the Conservatives. Imported hay, which was obtained in large quantities, was distributed and every possible scheme was worked.

## THE WITNESS ALSO

The witness in the course of a long editorial review of the situation makes the following comments: "The Russell Blair incident, Mr. A. G. Blair, the ex-minister of railways and canals, wrote a letter to The Gazette yesterday, denying as a whole, and one by one, the charges made against him in The Toronto World. The denial is natural and some of the charges are fanciful, as well as extravagant. But Mr. Blair can't wonder if rumor runs thru the town, considering the time he has spent for his resignation, and the use of the Conservative press. Mr. Russell's assertions, the opposition press threatens to publish, and the revelations, Sir Wilfrid told them the Monument National to bring on his charges, but he never did. Something had gone wrong, but what that something was we do not know. Perhaps the libel actions will show us. Anyhow, thru all the charges."
