AGENT'S REPORT.

The Report of S. B. Johnson, Esq., the esteemed Travelling Agent of the Upper Canada Bible Society, who zealously labors in our part of the field, commences thus:—“In presenting my report of labor during the past year in visiting the branches in connection with the Kingston Auxiliary Bible Society, I am happy to say that most of them are evincing signs of life and progress.” His first visit was to Marmora: there “an encouraging beginning had been made—a supply of Bibles had been obtained, and the neighbourhood had been canvassed for subscriptions.”

At Blairton a new branch had been formed in a village lately sprung up in connection with mining operations, which promises to do well.

He reports the best meeting ever held in Bath, for which he thanks “the good secretary.”

He says:—“It was with great difficulty and at some peril that I reached Amherst Isle—a capital meeting—lively interest.” Notices of other branches, &c., will be found in the Report. For which see appendix, (page 14.)
