SUCCESSFUL YEAR FOR

BANK OF NOVA SCOTIA

Profits After all Expenses De-
ducted Amount to Nearly
Million and a Half Dollars.

The Bank of Nova Scotia was incor-
porated in 1852 and the statement of
its affairs as at December 31, 1918, which
appears in today's issue is, therefore,
the 66th of the long series. It has always
kept itself in a position of great strength
and the statement now being submitted
to its shareholders shows its reputation
to be well maintained and to be equally
well deserved. The bank has had a
successful year. Profits, after deducting
the expenses of operation and providing
for all other charges, ascertained and
estimated, amounted to \$1,411,225. The
sum of \$560,269 was brought forward
from the previous year as undivided
profit and, adding this to the net profits,
\$1,872,193 became available for distribu-
tion. \$101,000 was taken to pay the
usual dividend, the war tax on circula-
tion took \$55,000, contributions amount-
ing to \$47,200 were made to various pa-
triotic funds, \$50,000 was added to the
officers' pension fund and \$180,000 was
written off bank premises account, leav-
ing \$749,993 of undivided profit to be
carried forward into the current year.
The total assets are increased by \$23-
029,448 to \$161,329,703, of which \$35-
287,266 is represented by actual cash on
hand and in the central gold reserves
as security for the excess circulation—
almost 65 per cent of the bank's total li-
abilities to others than its own share-
holders. Other quickly available re-
sources—balances due by other banks,
government and other securities, etc.—
are again seen to form a large proportion
of the total assets—an element of safety
and an evidence of strength which must
continue to commend this bank to the
confidence of its large and growing num-
ber of depositors.

The circulation has increased very
materially, notes amounting to \$17,568-
924 being outstanding as compared with
\$12,714,429 a year ago. Non-interest-
bearing deposits show an increase of
\$21,883,772, or over 93 per cent. Inter-
est-bearing deposits are reduced by \$3,708-
781, due to the very large withdrawals
made for investment in war loans. Total
deposits show a net increase of some
\$18,000,000. Balances due to other banks
are practically unchanged. The paid-up
capital and reserve remain at the former
figures, viz: \$6,400,000 and \$12,000-
000, respectively.

The Bank of Nova Scotia has always
stood high in the estimation of its pa-
trons and the general public and the
statement now published will show this
confidence to be fully merited and its
continued success to be assured.

BANK OF NOVA SCOTIA ABSORBS BANK OF OTTAWA.

An agreement has been entered into
by the Bank of Nova Scotia and the
Bank of Ottawa whereby an amalgama-
tion has been arranged. The basis of
the amalgamation is that the Bank of
Nova Scotia shall exchange four shares
of its own stock for every five held in
the Bank of Ottawa.

Banquet to Bank Man.
A large number of business and pro-
fessional men tendered C. E. Jubien a
banquet in Moncton Saturday evening
on the eve of his departure for St.
John's, Nfld. He was for several years
manager of the Royal Bank of Canada
in Moncton.

Now For a Quick Wind Up In Wiesel's Great Clearaway Sale

A NEW WEEK starts off in the great Wiesel Clear-away
Sale, and the interest is unabated. Last week a new
high water mark was recorded here, and from all appearances
another will be established this week.

And no wonder. Conditions over which we had absolute-
ly no control have forced a situation that means quick action
on our part of clear away from our shelves Boots and Shoes
that were late in arriving through freight and express conges-
tion.

This in pursuance of the Wiesel quick turn-over policy.
This means much more in this store than in ordinary small pur-
chasing stores—as Wiesel buys heavy, therefore the selections
are great and the values exceptional—as the following brief
listing will show.

If you haven't yet taken advantage of the offerings, do so
today, as they will not last indefinitely.
