Huerta to Use Extreme Measures With Rebels

SAYS IT IS NECESSARY

Five Leaders Are Executed—American Residents Say Reports That They Sought British Protection During Troubles Are "Detestable Falsehoods"

(Canadian Press)  
Mexico City, March 1.—That President Huerta does not underestimate the task he has undertaken is indicated by the statement he made at the fall of the government of Madero that there were in the country not less than 50,000 rebels under arms, without counting the numerous groups of bandits, whose number, he said, he could not estimate. Many of these bandits and rebels, the president said, were yet operating in Mexico, Durango, Puebla, Tlaxcala, and Chihuahua.

"I repeat," said President Huerta, "that to bring about pacification of the country, which at this time is a supreme necessity, I shall use all the measures provided by law. It will be absolutely necessary to use that power granted under the suspension of the guarantees in certain places."

This measure gives to the government the right summarily to execute persons found bearing arms or in any manner aiding the rebels or bandits.

The execution of five Zapatista leaders in the state of Morelos, has served to indicate the sternness with which the government will deal with the rebels, but the burning of three more haciendas, resulting in the loss of a half million pesos, is considered to be an answer to the challenge of the government by one defiant group.

Emiliano Zapata and his brother Eufonio have established themselves with their forces in the district about Villa Ayala, Morelos, their home. Pending arrangements with the government, they are reported to be maintaining excellent order in that district, and it is not improbable that President Huerta will encourage their cooperation, though possibly it will be necessary for him to pay their forces in indemnity. Nearly all the forces in which the forces of Generoso, Amador Sanchez, and Juan Orozco are operating.

Antonio Limon, the most notorious of the five Zapatista leaders, executed in Morelos, was captured in a brief engagement, and shot without trial. That all of Limon's men are not disposed to ally his defiant forces with Huerta, is shown by the presence today near Tlaxcala, a suburb of the capital, of a force of his men, and of troops of Trinidad Ruiz, totalling 2,000, awaiting incorporation in the regular army of Huerta.

"Detestable Falsehoods," Say Americans

At a meeting of the residents of the American colony in Mexico City, statements alleged to have been published, declaring that during the bombardment and the street fighting which recently took place in the capital, American citizens sought safety under the British flag, were denounced by the meeting as detestable falsehoods.

Official reports state 4,000 rebels have surrendered in the state of Puebla, and Vera Cruz 1,000 in the state of Mexico, and small detachments in many other states.

Manuel Chazaro, former ambassador to the United States, may compete with Felix Diaz for the presidency.

Havana, March 1.—Senora Francisco I. Madero, Jr., widow of the President of Mexico, Senor and Senora Madero, his father and mother, and Ernesto Madero, six uncle, arrived here last evening. There was a great demonstration when the Mexican refugees landed.

MOTHER OPPOSES THE  
GENERAL OF SUFFRAGISTS

New York, March 1.—Among the members of the anti-suffragist party making a trip to Washington to protest against the suffragist demonstration in Mrs. Oliver L. Jones, mother of "General" Roselle Jones of the marching suffragists.

MATCH POSTPONED  
The curling match between the Thistles and Carleton, arranged to be played today, was postponed until next week on account of the soft condition of the ice.

Dr. Friedmann to Conduct Public Clinic in New York Offices for two Weeks, Beginning on Monday

(Canadian Press)  
New York, March 1.—The widespread attention drawn to the tuberculosis serum of Dr. Friedrich Friedmann, German bacteriologist, may be brought to a climax today when Dr. Friedmann will open offices near his hotel in Fifth Avenue, and for two weeks, conduct a public clinic where the poor as well as the rich will be treated, the serum to be administered free to those who cannot afford to pay for it.

It is declared that physicians will be invited to attend the clinic, to assist in diagnosing the cases and to watch them afterward and learn Dr. Friedmann's method.

SEVEN MONTHS OLD  
BABE FALLS INTO  
BOILING WATER

Sackville, March 1.—A distressing accident occurred at Dujay's Point, not far from Great Smokey on Wednesday last, which resulted in the death of the seven months' old child of Mr. and Mrs. Dujay. The little one was placed in a high chair by the stove to get warmed, and was left in the care of a young child, and in some manner the child fell head foremost into a pot of boiling water on the stove. The mother, who was badly shocked, a doctor was summoned, and everything possible done to save the life of the child, but death occurred about two hours after the accident.

## CITY GRANTS LEASES

Various matters relating to the development work in Courtenay Bay were before the city commissioners for discussion today. Among other things taken up were the proposed sale of the Municipal Home and the subsidies for the steel and ship-building industries. No action was taken.

On the recommendation of the committee, a lease of a lot with house and livery stable in Parville was granted to William A. Reed, and the Wilson Box Company was given a consolidated bid for the three lots which they have held under separate leases.

WAS IN DANGER OF DEATH  
BECAUSE SHE WOULD NOT EAT

London, March 1.—Home Secretary McKenna, in answering criticisms of action releasing Lillian Lenton, who, with an other suffragette, Joyce Locke, set fire in Kew Gardens, said his action was taken because Miss Lenton was in imminent danger of death owing to her refusal to take food. Her release was conditional on her undertaking to surrender for trial when she was well enough.

Given Promotions  
Montreal, March 1.—Captain J. D. Wein has been appointed superintendent of construction and of lights under the Montreal agency of the Marine and Fisheries Department. He has been assistant superintendent.

Bigamy Charge Hearing Must Go Over Again—Policeman Gives Evidence of Character of Erin Street House

Lawrence McCarthy, aged 19, was arraigned in the police court this morning on the charge of attempting to escape from the Boys' Industrial Home at East St. John last week. McCarthy, who got out of the building by climbing out of a window. They were found hiding in the hay loft of a nearby house about twenty minutes after they had escaped.

The witness said that McCarthy had told him that McCarthy had been put on a bread and water diet yesterday on account of his bad behavior. When asked to tell for three stitches put in the hand, McCarthy said that he would rather go there than stay at the Industrial Home on bread and water. He was remanded to jail until he would be taken before Judge Bigamy.

Hearing in the case of Joseph Stewart, charged with bigamy, was to have been resumed this morning, but on application of E. S. Ritchie, a further adjournment was granted. He said that he was endeavoring to have a witness come here from Toronto to give evidence, and that he probably would be able to go on with the case next week. G. E. Logan, for the defense, consented. The adjournment was granted with the understanding that if the prosecution is not ready to go on with the case by next Saturday, the prisoner will be released.

William Forster, charged with stealing a pair of boots and shoes from the Victoria Hotel, pleaded guilty and consented to be tried in the police court. He was remanded to jail for three stitches put in the hand.

May Johnston, charged with keeping a disorderly house in Erin street was remanded to jail for three stitches put in the hand. He said that he had a bad temper. He said that a few nights ago he found a man lying outside the door, and bleeding. He also learned that a man was hit with a plate in the face during a row in the house and was injured. He said that there was a row in the house and that he was almost every night.

Myles Wright, charged with using profane language was fined \$8 or thirty days in jail.

Two prisoners charged with drunkenness were fined \$8 or thirty days in jail, and two others \$8 or two months in jail.

## BEFORE JUDGE FORBES

McCarthy Tells Story to Court—Superintendent Denies Part of It

McCarthy was brought before Judge Forbes this morning. His Honor asked him to explain what the trouble was. He said that when he went back to the institution the other day he was given bread and water for his meals; on Thursday he had had the customary meals when Mr. McDonald saw him putting molasses on his bread on Friday morning and when he had not been given the bread and water diet, and he replied that he was not ordered to have bread and water only; whereupon the superintendent told him that he would from that time on.

McCarthy said he then told another lad in the institution that he had been put on bread and water and that he would stay as he pleased. His Honor then asked the boy if he had been inebriated or had done anything wrong since he had gone back and the boy said that he was given bread and water for escaping the first time. Mr. McDonald, he said, accused him this morning of drinking at the other boys across the table but he did not, he said.

His Honor:—"Well, supposing you did, every boy who drinks has to get bread and water? Every boy should have a fair show."

His Honor said he would remand the boy to jail until Monday morning when he would have Mr. McDonald in court to explain just what the cause of the trouble was.

The lad had a large cut on his head and in reply to a question from His Honor said that Mr. McDonald had caused it by beating him with a strap on the head last night.

Superintendent McDonald when interviewed by a "Times" reporter this afternoon, said that the statements made by McCarthy to Judge Forbes regarding a cut on his head were untrue. "I did not inflict any injuries whatever to the boy, said the superintendent, and if he said that, I was responsible for the cut on his head, he was telling a falsehood."

STRIKE ROW IN  
BOSTON STREET

Police Club Way Through and Escort Strike Breakers to Benches—May be Trouble in Montreal

(Canadian Press)

Boston, March 1.—A party of non-union workers who have taken the places of the striking men garment workers, were attacked by a crowd of several hundred persons as the men arrived at the shops today. Several persons were injured and one was carried away in an ambulance.

Police reserves clubbed their way through the crowd and, rescuing the assaulted ones, gave them safe escort to their benches. They then turned their attention to the strike sympathizers who were handled roughly before they gave way.

Two of the crowd were arrested. Montreal, March 1.—Nearly 1,000 operators, a large percentage of them women and girls, members of the Cloak and Skirt Makers' Union of Montreal, will walk out in a body if the union on Tuesday next, definitely decides to call a general strike. Higher wages and better working conditions will be the incentive to the walk-out, if it takes place.

EARL OF ASHBURNHAM  
SAILS FOR CANADA

Frederickton, March 1.—The Earl of Ashburnham, who has been in England looking after his estates, sailed for Canada yesterday.

The value of goods entered at this port collected was \$88,670, and the duty collected was \$6,050. For the corresponding month last year the imports totalled \$72,734 and the duty was \$4,984, which was \$15,936 more than for February 1912.

HON. MR. HUGHES GIVES A  
BRILLIANT MILITARY DINNER

Ottawa, March 1.—The minister of militia, Hon. Col. Sam Hughes, last night entertained 200 military and naval officers at a brilliant banquet in the House of Commons restaurant.

The Duke of Connaught, praised the splendid spirit that he found everywhere existing among the millions of the militia. There was an excellent musical program, and the minister of militia was preparing himself to defend the native land.

Hon. Colonel Sam Hughes said that there were now upwards of 50,000 men in Canada desiring to enroll in the militia, but could not be received because there was not sufficient equipment.

GERMANY TO SPEND MUCH  
ON HER NAVY AND ARMY

Berlin, March 1.—According to the Lokai Anzeiger, the new German military bill involves an expenditure of nearly a billion marks (about \$250,000,000), spread over three or four years, and thereafter there will be an annual increase in the army budget of from 200,000,000 to 250,000,000 marks. The newspaper says that large part of the billion marks will be devoted to building forts on the eastern frontier and that 100,000,000 marks will be used for new barracks.

London Paper Reports Situation Brighter

TUKREY'S CASE TO POWERS

Story That They Will Treat For Her With Allies—Blizzard Interferes With Fighting—Krupp Guns For Turks

(Canadian Press)  
London, March 1.—The Daily Telegraph claims special information regarding the Russo-Balkan situation in which it is said that peace is nearer than at any time since the beginning of the armistice on December 3. Turkey is about to entrust her cause unconditionally to the powers, who will treat directly with the allies.

The Daily Telegraph's correspondent at Bucharest telegraphs that Rumania has absolutely refused the suggestion of the powers to arbitrate the dispute between Rumania and Bulgaria instead of to mediate.

A despatch to the Times, from Constantinople says that a blizzard has blown for four days over the Gallipoli peninsula and the eastern theatre of war, rendering rapid military movements impossible. Both armies are suffering from the cold and another result of the weather has been the temporary breaking up of Enver Bey's army, and the stopping of any attempt of the Greeks to land at Boskya Bay or Avila.

According to a despatch to the Chronicle from Constantinople, the Krupp have supplied to Turkey eighteen batteries of four guns each on credit. The correspondent says heavy firing was heard in the region around Balir on Thursday night.

Athens, Greece, March 1.—Heavy losses were inflicted on a Turkish detachment today by Turkey eighteen batteries of four guns each on credit. The correspondent says heavy firing was heard in the region around Balir on Thursday night.

The fight is said to have lasted six hours and the Greeks declare that they buried on the field 112 Turks, including eight officers, besides taking 120 prisoners. The Greek losses are given as "only four wounded," but independent observers here regard the story with some skepticism.

SCARLET FEVER CLOSES  
COLLEGIATE ACADEMY  
AT WOLFVILLE, N. S.

Classes Dismissed Until After Easter and Care Taken to Drive Out All Signs of Disease

Wolfville, N. S., Feb. 28.—Several cases of scarlet fever have broken out in Acadia Collegiate Academy and the institution has been closed until after the Easter holidays. Most of the boys left on Friday's train but a few are remaining in boarding houses in town that they may better keep away their studies. Extra work has been assigned the classes so the time will not be altogether lost.

The sick have been carefully quarantined in one end of the academy home and it was hoped that no new cases would develop. Every precaution has been taken. One new case developed on Thursday so it was decided to close the home and disband the classes on Friday morning. The patients all are doing well and are under the care of a trained nurse. The buildings will be thoroughly disinfected and cleared by the health authorities so that there will be no further danger when classes reopen on March 25.

It is felt that the disease was brought in by a student who was home visiting in a neighborhood where there was scarlet fever, as he first showed symptoms of the disease. The disease has been confined to the academy and there are no symptoms of it in the other institutions nor in the town.

MR. MATTHEWS HOME;  
WILL NOT CONFIRM OR  
DENY \$600,000 STORY

After having gone to Washington in connection with the procuring of the patent rights for an instructive puzzle he had invented, S. C. Matthews, cashier in the superintendent's office of the Western Union, returned home this morning on the Boston train, accompanied by Dr. J. M. Smith. In conversation with a "Times" reporter, Mr. Matthews said that the project was not sufficiently advanced to say anything definite for publication as yet, but bright prospects were entertained for its being launched successfully. Mr. Matthews declined to affirm the report that he had received \$600,000 for the patent by selling the rights in his entirety.

It is understood that the matter has been partly dealt with, but that it will probably be several weeks before completion. Mr. Matthews, it is said, has a splendid article in his invention, and while at the present he does not care to discuss figures or facts, it is said by friends that his rights will bring him a nice round sum.

FIFTEEN DEATHS  
Fifteen burial permits were issued by the Board of Health during the last week. The causes of death were: Phthisis, three; pneumonia, two; broncho-pneumonia, two; erysipelas, two; measles, one; peritonitis, one; enteritis, one; foot, one; spinal meningitis and chronic rheumatism, one each.
