CLEANLINESS IN DENTISTRY

If people knew the frightful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

Don't Waste Coal This Winter In An Old Stove, Now Is The Time To Make The Change

If you keep that old stove this winter you wont have any more heat and you will burn more coal. If you examine your stove and find the seams all open, the flue strip sprung, your fire box warped and oven cracked, you may come to one decision and that is, it wont pay to have your stove repaired and that you are wasting coal. Our Glenwood Ranges will give you heat, save your fuel and make your labors light. All made in St. John. You can't get better anywhere, sak those that are using them ask those that are using them.

Men's New Fall Suits At \$15.00 and \$20.00

Two particularly strong assortments in the Oak Hall line

Some men want to spend \$15.00 for a Fall Suit—others decide that \$20.00 is about the right price to pay. Both can get here at either price high-quality clothes—clothes of real worth, the unmistakable excellence and good style which are visible at every point.

And the man who pays us \$15.00 for a suit gets as much for his money as he can get in any other store at \$20.00. The man who buys an Oak Hall Suit at \$20.00 will get as good a suit as he can buy else-If you ask the reason for the difference between our prices and

those of other stores the answer is, that we being manufacturers having no middleman's profit to pay, we are able to sell to you at practically the same prices other stores pay at wholesale. Of course the same advantage applies to all our prices from \$15.00

to \$30.00. We merely mention \$15.00 and \$20.00 lines because these are two especially popular prices.
