If you read the papers you must have noticed that most of the cities to the south of us have already had big snow storms. It's hard to believe, enjoying as we now are, bright, clear sunshine, that soon we, too, may be snow bound. What a pleasant thing it is if, on awakening in the morning and finding the streets covered with snow, to have handy a pair of warm, comfortable

## The Evening Chit-Chat

By RUTH CAMERON

In a cemetery through which I had occasion to pass the other day, I saw standing out among the conventionally mournful shafts of marble and granite, huge grey boulders, primeval and unheaven.

I inquired about its presence there and was told this: The young man, whose grave it marked, was passionately fond of a certain rugged spot on the coast where he spent his summers. This boulder had marked a prominence where he used to sit and watch the ocean at sunset, and when he died a few months after his marriage, just as he was about to fulfill his dream of bringing his bride to the spot he had so often described to her, she chose to bring that boulder, rather than some conventional expensive shaft of granite or marble, to mark his grave.

Don't you think that was a beautiful thought?

It seemed so to me.

I know another case where a man who believed in cremation left instructions that his ashes should be carried out to the farm which was his boyhood home, and scattered in springtime over the ploughed fields.

And just recently, I heard of a woman who requested that she be cremated and her ashes carried out "as close to the horizon as you can get," and given to her in the heart of the sea she had loved so intensely all her life.

As it happened, those whom she left behind greatly objected to cremation, and after consulting a lawyer and making sure that their act would not invalidate her will, they calmly refused her last request. She lies today in the centre of a crowded cemetery two hundred miles from her beloved ocean, respectfully in a conventional marble shaft upon which is fulsomely chiseled her family's respect and grief for the woman whose last request they saw fit to deny.

You think this is a decidedly mournful tale? You don't like to be reminded about things like that? You make me think of Keats's famous sonnet—Remember her how "a cried out God, God, God, the four times; now it is to comfort him, but him a should not think of God, I hoped there was no need to trouble himself with any such thought yet."

But truly I didn't mean it to be lugubrious. I just wanted to tell you of some people I admired for being able to rob death of a little of its horribly conventional ceremony.

## Had Severe Pains In His Back.

## Could Hardly Work.

Mr. Alfred E. Davis, Corrie, Ont., writes:—For some years I suffered from severe pains in my back and could hardly work at all, and when I stooped down to pick up anything felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in their favor.

—This was nearly four years ago and I still remain cured.

Those who have never been troubled with kidney trouble do not know the suffering and misery which these afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney trouble.

They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Price 50c per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

## RECIPROcity CONFERENCE ENDS; WILL BE SECOND MEETING IN JANUARY

Ottawa, Nov. 10.—At the conclusion of this afternoon's meeting of the Canadian and United States trade negotiators the following statement was given to the press by Hon. Mr. Fielding:

The conference between the representatives of the United States and Canada on the subject of improved trade relations terminated today. The conference began on Saturday, the 6th inst., and was continued on Monday, Tuesday and Thursday.

The whole discussion was of the most frank and friendly nature. While no conclusion was reached, the ground was cleared for a further conference, which will be held in Washington, probably early in January.

The members of the conference—Messrs. Hopt, Pepper and Foster, representing the United States, and Messrs. Fielding and Patterson, representing Canada—separated with the strong hope that on the resumption of the conference at Washington an arrangement can be reached that will prove acceptable to the people on both sides of the boundary line.

Sydney, Nov. 10.—Cape Breton tonight protested emphatically against reciprocity in coal with the United States. When at a large public meeting held in the Sydney Lyceum, under the auspices of the County Club, expressing the opinion that the removal of the coal duties would be ruinous to this county, were unanimously adopted.

## MORNING LOCALS

The St. Peter's high tea and sale was brought to a close last night. It has been most successful. The prize winners were: Men's bean board, James Barrett; ladies' bean board, Mrs. D. Boyce. Rev. Father McLaughlin of Milltown, won an electric iron and box of candy in one of the fancy booth lotteries, and Rev. Father Doyle also of Milltown, won a picture. The drawing for the gold watch and stove will take place next week.

Andrew Hatheway, an employee of A.W. Gregory, cut his knee so badly yesterday, while in the woods near Lepreau that he was brought to the General Public Hospital for treatment.

The concert given a short time ago by the children of St. Mary's Sunday school, was repeated last evening in the school room with great success.

The loss in W. A. Gibbs' barber shop in Waterloo street by the recent fire has been adjusted at \$300.

## JUDGE PARKER CAN'T ACCEPT SENATORSHIP

New York, Nov. 10.—Judge Alton B. Parker authorized the following statement tonight: "I am not unappreciative of the fact that many good people favor my selection as a candidate for the United States senate to succeed Senator Depeux. I am, indeed, most grateful to them for thus suggesting a most attractive opportunity for useful public service, but my obligations are such that I could not accept the office, even if it should be tendered to me."

D. Cady Herick, mentioned as another probability, said today that he would certainly accept the senatorship were it offered to him. Edward M. Shepard, also spoken of, was non-committal.
