Freest is prepared to furnish the necessary ice. Talk of New Brunswick League. Fredericton, N. B., Dec. 11--A meeting was held here tonight to consider matters of forming a hockey league to include Fredericton, Miramichi, St. John and St. Stephen. Hit in Nova Scotia League. Halifax, Dec. 11--The hockey situation in Halifax has taken another turn early today it was announced that the new promoters of the Halifax teams after considering the matter decided that owing to their business at this season of the year, and other matters in connection with the organization of teams that they would not be able to take hold, and it now looks as if Sydney, the only city, will have real sporting possibilities in the province, will have to jump into the breach and help the Halifax people out.

Sydney was notified of the decision but J. C. Larder is determined to have hockey in that town and the rest of the province if at all possible, and has made an offer which may save the situation. He has requested a representative here to make an offer to lease the Arena Rink for the 24 games, paying them a stipulated sum, and he will give Managers Murphy and Innes, of the Crescents and Socials, the 70 per cent required. He will also make arrangements with New Glasgow. The matter was submitted to Manager Maher, and the Arena will accept his offer. Messrs. Larder and Murphy will seriously consider the offer, and as soon as details are received will announce their decision.

HOCKEY With the Puck Chasers. Greg, George is expected to be with the Ottawas the latter part of the week. There is a difference in the amount requested and offered, but it will certainly be adjusted.

Lester Patrick Injured. Victoria, B. C. Lester Patrick broke one of the small bones in his left forearm and will be out of the game for at least a month and may be kept out of hockey for the balance of the season. His loss to the team at the opening of the season is a severe setback to the championship aspirations of the local applicants.

McGregor Coming East With Bride. Fort William: William McGregor, the well known Fort Arthur hockey player, a brother of Dr. McGregor, the Tecumseh lacrosse star, was married today to Miss Parker, of Port Arthur. He leaves tomorrow with his bride to join the New Glasgow professional hockey team in the Maritime League.

Montreal: All of the players who up till a few days ago were on the reserve list of the clubs in the Maritime League are now looked on as free agents by the National Hockey Association, and the agreement between the N. H. A. and the Maritime League has been practically called off.

This is announced by President J. Emmett Quinn of the National Hockey Association, who has had a letter from the east. The letter asks that the agreement between the Maritime League and the N. H. A. be allowed to stand until the new organization was gotten under way. President Quinn notified the clubs in the Maritime League that the agreement was cancelled, and the changes suggested by the new league would not be acceptable to the N. H. A. and they would look on the players as free agents. President Quinn gave the new organization till Saturday to put their league on a solid footing and accept the terms as in the agreement between the Pacific coast and the N. H. A.

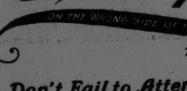

RING. England Depressed by 'Wald's' Defeat. London: John Bull is in the doldrums over Bonharder 'Wald's' ignominious defeat. The fight is London's one topic of conversation.

The English are trying to take their beating like sportsmen and the sincerest admiration is everywhere expressed for the depressed conversation wherever men foregather one would imagine that the nation had lost a pitched battle.

The Times explains that the secret of our discouragement is partly due to the rather pigheaded and insular way in which we cling to the old traditional methods which served well enough when we competed only among ourselves, but which have now in many ways been superseded.

Edmonton, Dec. 12--The board of appeal of the National Trotting Association, sitting in Chicago, has awarded a decision in the Substantiated futurity case. Manager Stark of the exhibition association was present during the hearing of the case, representing the association.

The case was that in which J. R. Sutherland of Calgary, who had the only entry in the futurity race at the last exhibition, claimed all of the prize money of \$1,000. The exhibition association considered that Mr. Sutherland was

only entitled to the return of the entry and forfeit money. Instead of the exhibition association paying out the \$1,000, the decision of the board of appeal was that the association will have to pay to Sutherland, in settlement, an amount aggregating \$854.
