MRS. WINSLOW

Assisted Nurse and Female Physician presents to the attention of mothers her SOOTHING SYRUP, FOR CHILDREN TEETHING, which greatly facilitates the process of teething, by softening the gum, reducing all inflammation - will allay all pain and spasmodic action and is SURE TO REGULATE THE BOWELS Depend upon it, mothers, it will give rest to yourselves, and RELIEVE AND HEALTHY TO YOUR INFANTS We have put up and sold this article for over ten years and can say, in confidence and truth of it what we have never been able to of any other medicine - never has it failed on a single instance to effect a cure when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effect and medical virtues. We speak in this matter, what we do know, after ten years experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS AND WIND COLIC and overcome convulsions, which, if not speedily remedied end in death. We believe it the best and surest remedy in the world, in all cases of dysentery and diarrhea in children, whether it arises from teething or any other cause. We would say to a mother who has a child suffering from any of the foregoing complaints - do not let your prejudices, nor the prejudices of others, stand between you and your suffering child, and the relief that will be sure - yes, absolutely sure - to follow the use of this medicine if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of Curtis & Perkins, New York, is on outside wrapper. Sold by Druggists throughout the world. Principal Office 133 E. 4th Street, N. Y. Price only 25 Cents per Bottle. For sale by Donald Mack, St. Andrews.

THE GREAT REMEDY FOR DYSPEPSIA

Liver Complaint, Liver Complaint, Bilious Complaints, Sick Headache, Bilious Complaints, Sick Headache, Acidity, Acidity, FLATULENCY, LOSS OF APPETITE, FLATULENCY, LOSS OF APPETITE, Debility of the System, Debility of the System, HEARTBURN, WATER BRAKE, HEARTBURN, WATER BRAKE, FEVER AND AGUE, FEVER AND AGUE, THE OXYGENATED BITTERS, THE OXYGENATED BITTERS.

THE OXYGENATED BITTERS.

This remedy is just what it purports to be, - a "ready for Dyspepsia." Though containing no alcohol, yet it will retain its virtue in any climate. It is highly concentrated, - a teaspoonful in half a tumbler of water constitutes a dose. Among all the remedies ever discovered for this prevailing and obstinate complaint, there is none which ever wrought such great and permanent cures, or which can produce so many and unsatisfactory cures from the recipients of its benefits. A single dose often relieves the distress, and a permanent cure is usually effected.

THE OXYGENATED BITTERS.

From a highly respected Physician in Michigan SOUTH FARM, Mo., Dec. 25, 1861. MRS. E. W. FOWLE & CO., - Send me a few bottles of the OXYGENATED BITTERS in some form of Dyspepsia and General Debility. They have generally given satisfaction, and sometimes have effected a permanent cure where other remedies had been used without benefit. I do not hesitate to recommend them. Respectfully yours, WILLIAM A. REED, M. D.

THE OXYGENATED BITTERS.

Letter from George Foster, Esq. STONDAK, N. B., Sept. 25, 1861. MRS. E. W. FOWLE & CO., - Send me a few bottles of the OXYGENATED BITTERS. I have been afflicted with Dyspepsia and General Debility for many years, a great sufferer from Dyspepsia, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hilditch, to use the OXYGENATED BITTERS. The first bottle produced but a slight alleviation in the distress, and had it not been for the urgent request of my physician I should then have discontinued their use, thinking them to be of no avail; but his confidence, having put me to the test, and after using the second of half a dozen bottles, I had entirely regained my health. I find the OXYGENATED BITTERS will be induced to give them a fair trial, being confident that this remedy is the most valuable for the various forms of DYSPEPSIA, that has been produced. Yours, GEORGE FOSTER.
