Latest War News

(Condensed)

Aug. 22.—The German Commander has levied a war tax of \$40,000,000 from the city of Brussels or he will bombard it. Namur is reported to have fallen; this has again been denied. Britain loans Belgium \$50,000,000 for war purposes. A number of German prisoners have been sent to England. French forces defeated German cavalry near Basel, Switzerland.

Aug. 24.—Japan declared war on Germany yesterday. Italy still remains neutral. While Italy remains out of the fight, France has to keep a large body of troops on the French Italian frontier. Big battle between the Allied forces and the Germans in Belgium began yesterday, and may last several days. Russia officially announced that her armies have severely defeated the Germans and Austrians. Austrian Emperor is said to be dying. Austria has suffered a defeat in a naval engagement in Adriatic.

Aug. 25.—Germans claim big victory over the French army in Luxembourg. British official press bulletin says the Allies failed in their first offensive movement against the Germans in Belgium. The British troops held their ground, but had 2000 casualties. The Russian army of 4,000,000 men are moving over the entire German and Austrian frontier, and are defeating the enemy at every point. The German fleet is still bottled up in North Sea and German commerce is paralyzed.

Aug. 26.—Germans are now held back in Northern Belgium by combined French, British and Belgian forces. French troops have been pushed from Alsace. Nearly 3000 have enrolled for the 1st regiment.

Aug. 27.—German attack on Alsace Lorraine Tuesday repulsed. In Belgium the Allies are firmly entrenched in strong defensive positions. The Japs are preparing to besiege Tsing Tau. The Russians are attacking the fortress of Posen, only 150 miles from Berlin. The advance and success of the Russians will no doubt tend to weaken the German forces on the western frontier.

Note of Thanks

The family of the late Patience Snow desires to thank all the friends who assisted them in any way in their late bereavement; also the following who sent wreaths to adorn the casket, viz: Mrs. (Capt.) J. Parsons, Mrs. Edward Snow of Jonathan, Mrs. Isaac Mercer, Mrs. Wm. Kearley, Mrs. EH Badcock, Mrs. (Rev.) Wm. Grimes, Miss Ellen Dawson.

A public meeting is called for Monday night next in the Court House.

Have the painter do your work with the paint that will prove most economical and satisfactory.

SHERWIN-WILLIAMS PAINT, PREPARED

It will prove most economical because it will put off the need of repainting for the longest possible time; most satisfactory because it will give the best results in application, appearance and wear.

We would like to have the opportunity of figuring on your painting requirements when you are ready. A full line of colors in S.W. F to select from.

VERY LATEST

The German armed auxiliary cruiser Kaiser Wilhelm der Grosse has been sunk off the West Coast of Africa by H. M. S. High Flyer. Bravo!

The German cruiser Magdeburg was captured by Russian ships in the Gulf of Finland, and her commander beached her. The Magdeburg was blown up. The Russians announce victory after victory. They have taken 100 cannon from the enemy.

The Germans and Austrians are continually retreating before the advance of the Russians.

Obituary

There passed peacefully away at her residence, Bay Roberts, Wednesday, Aug 19th, at 6 o'clock a.m., Patience, widow of the late William Snow, and daughter of the late Stephen and Mary P. Russell, at the ripe old age of 86 years. The deceased was of a fairly strong constitution up till a few years ago, when her advanced age began to tell on her strength, and last year she had an attack of paralysis from which she never fully recovered. She was of a quiet disposition and noble character, which gained for her the respect and esteem of all who knew her.

Her life was one of unbounded trust in God, always trying to do her Master's will, and when the end came she had no fears. Death for her had no terrors. She passed quietly and peacefully away from this world to be with God whom she had so long loved and served.

She leaves to mourn their loss one son and two daughters, viz: John Snow and Mrs. Samuel Mercer and Mrs. Timothy Pike; also 11 grandchildren and 7 great-grandchildren.

Notice to Owners and Masters of British Ships

The attention of Owners and Masters of British Ships is called to the 74th Section of the "Merchant Shipping Act, 1894."

74.—(1) A Ship belonging to a British subject shall hoist the proper national colours—

(a) on a signal being made to her by one of His Majesty's ships (including any vessel under the command of an officer of His Majesty's navy on full pay), and

(b) on entering or leaving any foreign port, and

(c) if of fifty tons gross tonnage or upwards, on entering or leaving any British Port.

(2) If default is made on board any such ship in complying with this section, the master of the ship shall for each offence be liable to a fine not exceeding one hundred pounds.

At this time of war it is necessary for every British Ship to hoist the colours and heave to if signalled by a British Warship; if a vessel hoists no colours and runs away, it is liable to be fired upon.

The Cost of Living

ADVERTISING turns over stocks rapidly, and therefore multiplies profits. This means that prices in a shop which advertises are short rather than long.

More than in a shop which does not advertise. The chances are that they are oftentimes lower.

This also, is generally true: You will find better goods, better values and better service in those shops which turn over their stocks rapidly. This means, as a general thing, shops which advertise.

A Note to Merchants
Advertising costs you nothing—it is paid for by the profit on increased sales.
Advertising is easy—it is simply saying in writing what you say to the customers in your shop.
Turn over stocks quickly, if you would make more money.

REID NEWFOUNDLAND Company.

Bronze Motor Boat Propellers.

We have just received a large Shipment of TWO and THREE blade "Solid Bronze" Motor Boat Propellers.

Our Bronze Propellers are designed on the true screw principle; they have large blade areas, and are therefore particularly efficient in attaining the highest speed, and also give the best results when used in connection with heavy duty Engines, such as are now in use all around our Coast.

Owing to the special design of our Bronze Propellers, they are unequalled for towing.
