Society turned out in force on Wednesday even-ing to attend the Neptune Rowing Club ball given in the Mechanic's Institute. An efficient committee had the affair in hand and, nothing was left undone for the comfort of their guests. The fact that this was the last dance to take place in the old assembly

rooms seemed to add zeast to the enjoyment of those present.

The decorations in the different rooms were in red and white, the club colors, and these warm tints mingled with clusters of crimson and gold tinted maple leaves made an effective combination. The reception room was as dainty and cosy as good taste and pretty furniture could make it. In the super room the same colors were used. The tables glistening with cut glass and silver were artistically arranged with maple leaves and crimson candles.

Our. 10.—Mrs Whitehead's tea on Saturday afternoon given in honor of her guest Miss Browne, of Houlton, was quite a brilliant afiair, and a rather new departure was the presence of a goodly number of gentlemen who really enjoyed the spicy chat which always accompanies a cup of delicious tea. Mr and Mrs Whitehead received their guests as they entered the drawing room, Miss Browne received with the Misses Whitehead.
