Laced Trimm Hat In Latest Vogue

The keynote of fashionable headwear is lace, as shown in photograph. The hat should be of dark straw to form an effective background for the delicate tracery of the lace. In the hat above dark blue straw is trimmed and rimmed with the Irish lace. A pompadour of fluffy white feathers completes the coiffure.

THE GRAND TRUNK

IN NEW BRUNSWICK

Line to be Taken Over Next

Fall—This Summer will

See Great Activity in the

Operations.

Ottawa, June 7.—It is expected that great progress will be made this summer with the construction of the Grand Trunk Pacific, through the mountains.

Last summer operations were delayed owing to shortage of supplies and men on the eastern and western steeps.

The closing of the Skeena river a month earlier than usual last fall shut supplies out on the Pacific side, and made the usual winter operations on rock cuttings and tunnel work all impossible.

However, the contractors made a special effort during the winter to get in supplies and succeeded in placing large depots along the route, which can be drawn upon for the summer work. An abundance of labor is available for work on the eastern side of the mountains and

prospectors are good for a fair number of laborers being obtained for the summer operations on the Pacific side.

It is expected that before operations are held up by the arrival of winter, the two ends of the line will be driven through line from Winnipeg to Prince Rupert.

Mr. Collingwood Schreiber leaves Ottawa for Prince Rupert on the fifteenth of this month to inspect the work done so far. After going over the Pacific and he will go to Edmonton and go in over the Eastern end as far as operations have been carried on.

Good progress is being made with the National Transcontinental in the east. Some portions of the line east of Winnipeg are ready for freight.

That portion from Winnipeg to Superior Junction has been operated all winter.

The National Transcontinental Commission are about to hand over to the Grand Trunk Pacific for operation a 330 mile stretch from the Quebec bridge to Mont Au Chene. This stretch will have a heavy lumber pulpwood and pulp traffic to handle from the St. Maurice.

Negotiations are going on for the transfer of the section between Moncton and Plaster Rock to the Grand Trunk Pacific for operations, but it is looked as if it would not be done until next autumn. Good progress has been made with construction all the way between Levis and Moncton, but there are a couple of big bridges to be put in which will hold back the transfer of the Maritime section for some little time. However, the commission are arranging for the transfer and the buildings by Lawrence by connecting ferries until the Quebec bridge has been completed.

Hon. N. S. Parent, chairman of the commission, has returned from Chicago, where the transfer of the Maritime section has been looking into the ferry situation. There are no great difficulties in the way though there is a twenty foot bridge, a strong wind some severe winter conditions to be reckoned with. Engineers are to be sent down at once to select the terminals for the car ferry and tenders for the boats will be called for shortly.

UNCLE SAM CUSSES IN ARMY ADVERTISEMENTS.

Chicago, Ill., June 6.—Uncle Sam, disguised and dressed in all his utterances has lapsed into naughty, naughty words, "Cusses" words are the latest.

Many of his children shuddered when they read cards issued at the United States recruiting station, 505 South State street yesterday, calling for recruits for the army and the navy.

The card inviting nice young men to join the army and become real soldiers, reads as follows:

"Don't cuss in this place; It sounds like him."

If you want to fight, Join the army."

THROWS \$1,500 FROM TRAIN IN STOCKING.

Los Angeles, Cal., June 6.—While travelling in this city, Mrs. Frances Held of Danbury, Conn., inadvertently threw a pair of stockings out of the window of a fast Santa Fe train, a few miles west of Albuquerque. Soon after she discovered that she had let a roll of \$1,500 in bills in the toe of one of the stockings, and she appealed to Conductor Milo Thompson for help to recover it. At the next station Thompson wired back to the agent at Albuquerque. He made a search, which was done, and the stockings and the money were found. This information was wired to Winslow, Ariz., and when Mrs. Held's train arrived there the company representatives handed her the cash. The stockings it is stated, are now on the way by mail, because they could not be forwarded by wire.

OUR GOLD COINS

GOOD IN THE STATES

A Reciprocity Agreement—

Soldiers to be Vaccinated—

Hon. C. P. Graham to British Bridge Builders.

Ottawa, June 7.—Reciprocity with the United States in the matter of gold coins is the latest outcome of negotiations between Ottawa and Washington. Five and ten dollar gold pieces are to be coined at the Ottawa branch of the Royal Mint, of the same weight and fineness as the five and ten dollar gold coins issued by the United States. At present American gold coins are legal tender in Canada and must be accepted in payment of public and private debts. While there is no corresponding provision in the American statute, it is understood that an executive order will be issued requiring all sub-treasurers, national banks and other fiscal agencies of the United States government to receive the new Canadian coins at par. This will have the effect of making such coins currency without charge of exchange in all parts of the United States and relieve Canadian visitors of the inconvenience they now suffer from having their Canadian money refused.

A militia order out today announces that commanding officers will be held responsible that all officers, non-commissioned officers and privates proceeding to camp are protected from small-pox infection by vaccination.

Hon. George P. Graham, returned to Ottawa yesterday and was asked with reference to the complaint of the British Empire Bridge Company concerning the awarding of the contract for the Quebec bridge, Mr. Graham confirmed largely the previous official statement regarding the matter.

"We are guided wholly," he said, "by the advice of the Quebec bridge commission, and necessarily so. The matter is a very technical one. Tenders were called by the board on a plan which might be styled the original one, but two members of the board insisted also that bidders should have the right to submit alternative designs. This was explicitly stated in the notices and the British company admits it. Probably they assumed that the board would favor the original design, but this was not the case. It was an alternative submitted by the Canadian company which the board, after calling in two outside experts, recommended as the safest and most economical design. The committee's recommendation was to award the contract to the British company as was free to offer designs as were the rest. As for the government, we were wholly guided by the committee's recommendation."

HAVE A GOOD COMPLEXION.

First of all you need plenty of blood—the red kind. Have it pure, or otherwise blotches and pimples will render your natural charms unavailing. Nothing can equal Ferrone's, a skin purifier. By driving out humors, Ferrone cleanses inside just as water does outside. Because of this, Ferrone brings the complexion to a high point of vigor, from which shines vim, ambition, good looks, good health, and good spirits. For good looks good health, and good spirits, look for Ferrone, all dealers in 50c. boxes.

ROOSEVELT TO SUPPORT TAFT FOR RE-NOMINATION.

Washington, June 7.—President Taft in his candidacy for the presidential nomination of 1912 will receive the unqualified endorsement of former President Theodore Roosevelt. The information that Col. Roosevelt will not allow his own name to be presented to the Republican national convention was conveyed to the White House several days ago, but it did not become known until last night. That Col. Roosevelt feels that the Taft administration should be continued was brought out partly as the result of a cordial greeting between the two men at the Cardinal Gibbons' Jubilee in Baltimore yesterday. Messrs. Taft and Roosevelt had a long and friendly conversation and the president invited his predecessor to the White House for several days ago, but it did not become known until last night.
