

RETAIL MERCHANTS' ANNUAL CONVENTION CLOSED WITH BANQUET

Will Ask Legislation Making False Advertising of Goods a Criminal Offence—Meet in Toronto Next.

Ottawa, Feb. 18.—The ninth annual convention of the Dominion Board of the Retail Merchants' Association of Canada assembled here Tuesday and Wednesday came to an end tonight, when a banquet was given in the Chateau Laurier to which the manufacturers and the wholesale hardware trade and the retail hardware dealers were invited.

Some very important subjects were taken up at the convention during the two days' session. Among other subjects they decided to press forward legislation during the present session, if possible, to make the false advertising of any article a criminal offence. They also desire an amendment to the criminal code to prevent the giving of voting contest tickets, which are used by some merchants to deceive customers. The proposed code of ethics was considered, and with the exception of one or two clauses that affected the retail trade it was approved.

The next annual meeting will be held in Toronto.

TEXTILE MILLS TO CLOSE DOWN IN PROTEST

Five Big Factories to Stop Work Because of Guelph's Determination to Appeal Against Judge's Decision.

Guelph, Ont., Feb. 18.—Five factories controlled by the proprietors of the Guelph Carpet Mills and Guelph Worsted Spinning Company will be closed down on Saturday for an indefinite period, said to be in consequence of the city's intention to appeal against Judge Middleton's decision in the spring flood cases of 1912 and 1913, in which the two companies were awarded \$25,000 damages and costs. Four hundred employees of the factories this afternoon appointed a deputation to try to persuade the mayor and council not to appeal in order that the factories might resume operations.

UNIONISTS WANT THE LORDS TO SUPPORT INQUIRY INTO CHARGES

London, Feb. 18.—It was decided today at a meeting of Unionist members of the House of Lords and the House of Commons that the peers should support the motion of Baron Althorp for an inquiry into the charges brought by the newspapers of the purchase of titles by subscriptions to party funds. This will have the effect of resuming the debate tomorrow in the House of Lords on the scandal connected with the purchase of Marconi shares by members of the British cabinet at a time when contracts were pending between the government and the company.

This course means the adoption of the motion by the House of Lords but it is anticipated that the government will refuse to participate in the inquiry on the ground that there has been already one inquiry and should this be so the motion will resolve itself into a purely party affair.

FIXED WHITE LIGHT ON PARTRIDGE ISLAND

The estimated cost of the proposed change is \$3,200.00 and when completed it will be one of the most efficient aids on the coast, and will assist materially vessels making the Port of St. John.

Here is the Secret of Long Life

While looking forward to health and long life it is possible that you are unaware of the conditions necessary to attain healthful old age. Careful eating and consequent preservation of the health and vitality of the digestive and excretory organs, is of the greatest importance.

Overeating is the usual cause of torpid sluggish liver action, and when the liver fails additional work is thrown on the kidneys and they break down. Kidney disorders are the great source of suffering in old age. Rheumatism, bodily pains, aching arms and legs, backache and lumbago are the result.

By the use of Dr. Chase's Kidney-Liver Pills to regulate the liver, kidneys and bowels, as occasion requires, you not only overcome the suffering, inconvenience and unpleasantness of such ailments, indigestion and constipation, but you actually grow young from keeping these organs in good, healthy condition. This medicine is a wonderful source of comfort for people of old age.

CONVENTION OF SEED GROWERS' ASSOCIATION

To Be Held March 5th and 6th—Prominent Speakers Chosen to Address Meetings on Subjects of Interest.

Ottawa, Feb. 18.—The 10th annual convention of the Canadian Seed Growers' Association will be held on March 5th and 6th, 1914, and will be the occasion of important business and addresses concerning the "good seed" question. Some of those who will address this convention are Prof. C. A. Zavitz, O. A. C. Guelph, Ontario, on "The production of seed alfalfa," Prof. Klitch, Macdonald College, Quebec, will deal with the question of "Soil management in relation to yield and quality in seed." Dr. C. A. Saunders, Ottawa, Ontario, will speak of "The difficulties encountered in the propagation of pure seed." Mr. J. Lockie Wilson, Toronto, Ontario, will outline the development of field crop competition in Ontario and will discuss the value of these contests. Prof. McCready of Guelph, will speak on the subject: "What can the rural school do to promote an active interest in the production of pure seed in Canada." The report of the board of directors and of the secretary, is expected, will be of unusual interest this year, owing to the progress which has been made in the growing and handling of "registered seed" during the past season. It is hoped that a large number will be present on the occasion of this convention.

LABOR MEN WOULD REGARD THORNTON AS UNDESIRABLE ALIEN

London, Feb. 18.—Henry W. Thornton, the new American general manager of the Great Eastern Railway Co. of England as a undesirable alien was the proposition advanced today in the House of Commons by Will Crooks, the labor member for Woolwich.

The members of the labor party had been greatly incensed by a demand put forward by the Unionists for legislation to prevent such "alien desperadoes" as the labor leaders deported from South Africa after the recent general strike, from being "dumped" into England.

A storm of protest filled the house in the midst of which the burly member for Woolwich shouted: "What about Thornton, the new manager of the Great Eastern? Is he an undesirable alien?"

EARTHQUAKE SHOCK AT RENO CAUSES SCARE

Reno, Nev., Feb. 18.—An earthquake occurred here at 10:15 a. m. The shock was violent and lasted about three seconds. The direction was from southeast to northeast. The only damage done here consisted of broken windows and in a few cases cracked walls. Hundreds of persons badly frightened rushed into the streets from business buildings and residences.

Reports from Virginia City and Carson say that the shock was severe there although the amount of damage is not known.

CAN'T HOLD HAGUE CONFERENCE IN 1915

London, Feb. 18.—Francis Dye Acland, Parliamentary Under Secretary for foreign affairs, informed the House of Commons today that it would be impossible to hold the third Hague peace conference in 1915, as under the rules a committee must sit for two years in advance of the meeting, preparing a programme and the committee had not yet been formed.

Great Britain, Mr. Acland said, could not take the initiative owing to its failure to pass the naval prize bill, and thus ratify the agreements of the last conference.

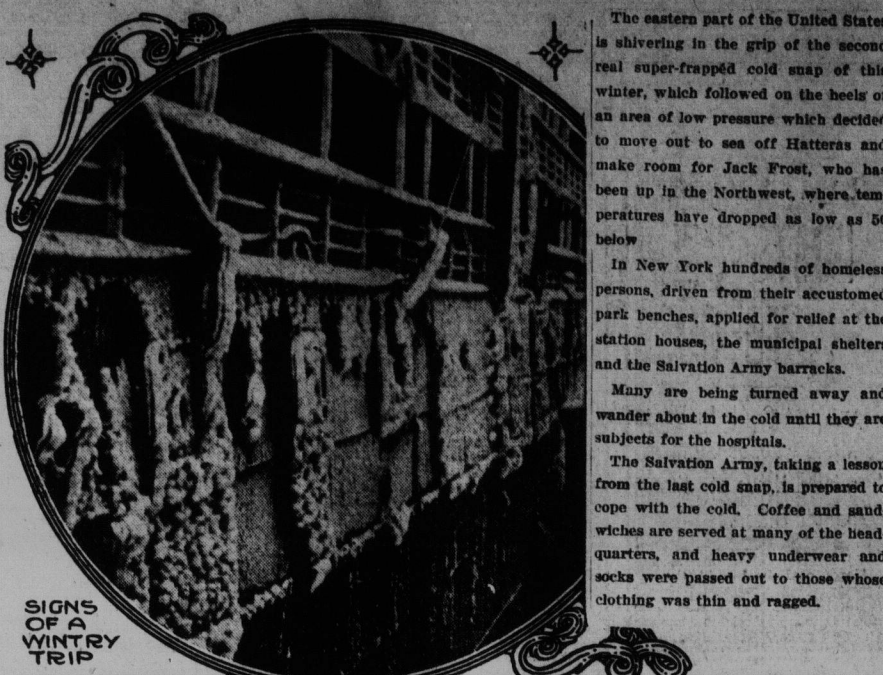

NINE YEARS IN PRISON FOR WHITE SLAVERY

Beuthen, Prussia, Feb. 18.—A Russian, Lubelski, was today sentenced to nine years' imprisonment for engaging in the "white slave" traffic. Lubelski had hundreds of agents in Russian Poland, and were ostensibly engaged in a general emigrant business. Lubelski detached the girls from the emigrant parties after they crossed the frontier.

WESTPORT ALL RIGHT

Captain Lewis is one of the best known men of the sea that plies between this port and the ports of Nova Scotia and he is in command of the steamer Westport III. It was mentioned about the city a few days ago that the "Westport" had been ashore and damaged. Captain Lewis, when he arrived in port yesterday, (a day ahead of time, owing to the ice in Yarmouth harbor) said that his steamer had grounded for a short time some days ago, but was not damaged, and reports that had gone abroad were unfounded.
