

CANADA WILL CARE WELL FOR HER SOLDIERS

Col. Sharples, of Military Hospitals Commission, Tells of Work that Organization is Doing and Will Do.

Colonel J. J. Sharples, officer in command of military hospitals in Canada, arrived yesterday from Ottawa. He was accompanied by Colonel Alfred Thompson, medical superintendent of the Military Hospitals Commission. Colonel Thompson is a member of parliament for Yukon. These officers are here to gather material for the establishment of a plan of looking after returned soldiers.

Colonel Sharples said in answer to a question as to the precise objects in view that "the welfare of the returned soldiers all over Canada will be looked after in every instance. They will not be neglected in any circumstances. In many ways it will be difficult to know exactly how to treat every individual case, but it is our purpose to see that, no matter how long the war may last, the men returning from the front shall not want."

"Those who are partially incapacitated will receive physical and vocational training and any education required to fit them for resuming work in the ordinary avocations of life. Men, physically fit, who have returned from the front because of incapacity will be invited to assist in the work of maintaining military homes throughout the Dominion for the need of these homes will, in the nature of circumstances, be obvious to all. Prominent men, the world over, are interested in these plans for attending to the requirements of returned soldiers."

"Up to date," said Colonel Sharples, "no less than 8,000 men have returned, properly discharged, most of these arriving at Quebec, others at St. John, Halifax and elsewhere."

"Some of these discharged soldiers will be good for more military work," remarked Colonel Sharples, "and it is our purpose to encourage these men so that they may see that a discharge does not necessarily mean that they cannot get on the job again, if by every effort both of medical skill and careful treatment in hospitals and homes they can be made fit for further service if such further service should be required. In any event the Military Hospitals Commission will look after the returned soldier whether he be able to return to the front or not."

STUDEBAKER LARGEST PRODUCERS OF 7-PASSENGER CARS:
70,000 SHIPPED IN PAST 14 MONTHS.

During the past fourteen months, according to information just made known, the Studebaker corporation led the automobile industry in the production and sale of 7-passenger motor cars. In that period 70,000 Studebaker 7-passenger automobiles were built and shipped.

Announcement of this record is made by J. E. Grady, sales manager of the Studebaker Corporation of Canada, at the offices in Walkerville, Ont., where the Studebaker Canadian factory is located.

Not only is 70,000 a larger number of 7-passenger cars than any other automobile maker placed in the hands of owners during the fourteen months period. It is also a larger number than were ever before produced in any fourteen months period in the history of the automobile industry.

In addition to the record established in 7-passenger Studebakers, there has also been a large increase in the output of roadsters and closed cars; in fact, in all the models built by the Studebaker corporation, including commercial cars.

The Studebaker business has shown a 100 per cent. increase during the past year, and production at present is at the rate of 100,000 cars annually. This will show a big gain over the output of the previous year, which up to that time set a new record for Studebaker. Two years ago the production was 37,000 Studebakers for the year.

Fredericton, Oct. 1.—Fire destroyed the residence of Richard Howard at Gibson this morning. A heavy wind was blowing at the time of the fire and several buildings nearby were narrowly saved from being burned. The blaze was discovered by Mrs. Howard. The building is a total loss, while practically none of the furniture was saved from the building. Only the excellent work of the fire department prevented the blaze from spreading as there was a high wind blowing at the time.

May Allison, who has a lyric soprano voice, was once ambitious to be a grand opera prima donna. When eighteen years old, she wrote a light opera and played the leading role at a production given by amateurs in her home town. On the stage, her first role was in the Henry W. Savage production of "Everywoman," in the part of "Vanity." She later played with De Wolfe Hopper in "Miss Carey," and had the leading role in "Apartment 127."

RECRUITING WAS BETTER LAST WEEK

Northumberland Leads Province with Enlistment of 25. St. John, Second with 23—Total Enlistment 120.

Recruiting in the province for the week ending Saturday, September 30th shows a marked increase over the week previous. In fact it is the best showing made in this province for many weeks. Northumberland leads the list with twenty-five men and St. John is second with twenty-three. Five counties failed to recruit a man—Charlotte, Albert, Kent, Gloucester, and Victoria. The total for the week was 120 men. The list for the week follows:

BACK IN ST. JOHN AFTER FORTY YEARS ABSENCE

Bartlett Allan Left this City the Year of the Big Fire—Sees Many Improvements.

Bartlett W. Allan, a former resident of this city, is spending some time here after an absence of thirty-nine years, having left here in 1877, the year of the big fire.

Mr. Allan when here was employed in the office of Manuel Pamares, one of the large importers of molasses from the West Indies. He has only been in St. John once since he left here and then only for a couple of days twenty years ago. He has been here a week and intends to spend quite a while here renewing as far as possible old friendships.

Mr. Allan was very enthusiastic over the improvements in the city since he saw it last and said he did not believe the citizens realized what a magnificent city they had for their home town, when he was simply amazed at the changes at Sand Point and Courtenay Bay.

Mr. Allan's home when here was on Douglas Avenue. At that time the avenue was woods on both sides from about where the entrance to St. Peter's church is to the bridge. He also referred to the changes which had taken place at the Haymarket Square and Lily Lake.

Prince William street was altogether new and the new post office and custom house were buildings which any city might be proud of. One thing which he did miss was the square-rigged vessels. In his time here was a steamer when here was a steamer was the other way round.

Mr. Allan has managed to find some of his friends still around the city, but he said most of the boys he asked about had crossed the great divide.

Mr. Allan makes his home now in Denver, where he is in the hotel and restaurant business. Asked about conditions there he said that business was very good and had improved very much since the state had gone dry. The experience of the merchants of Denver had been their accounts were better paid and the laboring classes were much better off than when the state was wet.

"THERE IS SOME KICK IN ME YET"

St. John Soldier, Though Painfully Wounded, Has Plenty of Spirit Left—Hopes to be Fighting Again

Although severely wounded, Private Kenneth Robertson of the Fighting 26th sends a postal card to his father, J. R. Robertson, 137 Newman street. The card reads as follows:

Dover, Eng., Sept. 19th.
Dear Father,
Just a line to let you know I'm not wounded very badly. I had a piece of shrapnel hit me under the left eye, going down into my mouth. I can't see out of the left eye for the swelling. I arrived at Dover, Eng., this morning and will be sent to some hospital later. I will write you and let you know where I am situated. Remember me to all at home and tell them there is some kick in me yet. Saw Frank a couple of days before I was hit; he was well and wished to be remembered to all at home.
Your son,
KENNETH.

Private Kenneth Robertson who writes the card is one of the original members of the 26th Battalion and was in the machine gun section. Up to the time he received this wound he had escaped all sickness or injury and had been through every battle in which the famous New Brunswick regiment participated.

The many friends of Private Kenneth Robertson will be pleased to learn that his wound will not prove fatal.

The Movie Actor's Soliloquy.

A Balboa actor was sitting on a barbed wire fence trying to look pleasant when the muse came along and he burst forth in this blythesome roundelay.

Suffering screens!
Life is just one blamed character after another.
This is all that happened to me today:

Was thrown off a switch engine.
Kicked by an electric.
Run through a hay cutter.
Hit by a custard pie.
Beamed with a beer bottle.
Pushed into a cistern.
Run over by a steam roller.
And my salary was reduced!

Wish I had a nice
Easy job
In a steel mill
Or
Chopping down trees
Or
Mining coal
Or
Something.

Damn the luck
Whaddidieverdo
To serve this fate?
But say!
It's great to see yourself there
On the screen
And
I'd work for nothing
If I had to.

Tomorrow I have to be killed
By Cannibals
And
Made into soup
This barbed wire fence is getting
Sharp.
Good-bye.

Mr. Horsford, manager of the Chateau Theatre of Toronto, is running a contest in connection with the showing of the serial "Liberty," which is so popular at the Opera House here. Three prizes will be awarded for the best answers sent in to answer to the question "Which episode of 'Liberty' do you consider best and why?"

AWARDING CONTRACTS FOR NEW PARLIAMENT BUILDING AT OTTAWA
Ottawa, Oct. 1.—Several contracts for supplies for the new parliament building have been awarded. Tenders for ten thousand barrels of cement were received from the Canada Cement Company of Montreal and Alfred Rogers of Toronto. The price, \$1.35, being the same, the order was divided between them. The contract for 3,500 tons of 5-8 inch crushed stone was awarded to Howard Rook of Ottawa at \$1.60 per ton. The National Brick Company of Montreal secured the contract for five million bricks delivered at site at \$18.50 per thousand. Tenders ran as high as \$16.20. Foran and Thibault of Ottawa got the contract for 4,000 tons of nepean sand stone at \$3.70 per ton, the highest tender being \$6.30.

Serial Photo Plays Achieve Great Popularity in Ontario as Well as St. John.
Toronto.—A noticeable feature of moving picture business in Ontario at the present time is the remarkable popularity of serials. The Universal Company alone has five serials showing in Ontario. Pathe have three or four. Famous Players have one, while the Mutual Company are boasting two. Many of the Toronto houses are even running two serials a week, and there seems to be no diminishing of the interest of the people in the continued photoplay.
