## Presentation of Book of Praise

Young People's Assn. of St. Andrew's Church Held First Meeting of Season.

The Young People's Association of St. Andrew's Church held their first meeting of the season last evening, and it took the form of a social event, at which the entire congregation were invited. There was an attendance of 240, and the orchestra under the direction of Wm. Strain, played well during the evening. The president, Samuel Parkhill, was in the chair and opened the meeting, welcoming the gathering. The following programme proved most enjoyable:

Solo—Miss Tweedie.  
Address—Rev. F. S. Dowling.  
Solo—Miss Minnie Daley.  
Humorous Songs—Robt. Carson.  
Solo—Miss Kaplin, of Montreal.  
Photograph Selections.  
Solo—Mrs. Thos. Guy.  
In a few well chosen words, Charles Robinson, on behalf of the Young People's Association, presented to the congregation a copy of the Book of Praise with suitable inscription, to be used on the pulpit next Sunday, and is a copy of the addition taking the place of the book that has been in use since 1897.

The book was handed to Rev. F. S. Dowling, pastor of the church, who received the same, thanking the donor and calling on His Honor, Judge J. G. Forbes, who, on behalf of the congregation, then thanked the young people for their thoughtful gift.

Refreshments were served, the gathering breaking up about 10:30 by singing the national anthem. The association meets the first and third Thursday of every month, and have arranged an excellent programme for each meeting. On the first meeting of each month the congregation is invited.

## Pulp Wood Matter Is Discussed

Provincial Dealers Not Optimistic Over High Prices for Wood on 1922 Contracts.

Provincial dealers in pulp wood are not optimistic over high prices for wood on 1922 contracts. The contracts for next year's delivery have called for prices ranging from \$19 to \$23 a cord, the price depending to a large extent upon the location of the wood. High prices have maintained for three years and the tempting figures caused every one who could secure a pulp plot to go after the expensive wood.

**Looks for Slump**  
The wood agent of a well known Realty Company of the Province informed the Standard yesterday that he looks for a considerable slump before another peaking season.

"On what do you base your conclusion as to price slump?" he was asked.

"Because the United States are our best customers for pulp and paper," he replied. "They have been looking to Canada for a large part of their supply and were willing to pay any price. The only cry was 'Give us the pulp no matter what the cost.'"

**Rushed to States**  
Continuing he said: "Today German pulp is being rushed to the States, as well as pulp from the Scandinavian countries. Already there is a big drop in the price of paper in the States, a drop of approximately ten cents, and a further drop is expected. With the increased supply from the foreign countries being rushed to the States, it will, naturally, lessen the demand upon this country. Our wood is contracted for at a high figure and we are fortunate."

**No Heavy Cutting**  
"How about operations for another season?" he was asked.

"I do not anticipate any extensive logging," was the reply. "There is no money available for the carrying on of extensive operations, and the uncertainty of prices for 1922 delivery will be another factor to deter operators from a heavy cut."

**Graduating Class Was Entertained**  
The 1920 Class of G. P. H. Were Guests of Nurses' Alumnae at Clifton House.

The 1920 graduating class of the General Public Hospital were entertained by the Nurses' Alumnae at an attractive dinner given at the Clifton House last evening. The tasteful decoration of the large dining room, the flower decked tables, and the many beautiful gowns worn, made the scene a brilliant one.

After an excellent repast had been enjoyed a programme of toasts was carried out, and music and dancing followed the very enjoyable evening to a close.

**The Members.**  
The members of the graduating class are:—Miss Marjorie Matchett, Mrs. Agnes Fahy Dolan, Miss Evelyn Cameron, Miss Sara McMillan, Miss Mabel McKinnon, Miss Athina Gilson, Miss Kathleen Williams, Miss Erna Ganong, Miss Louise Blue, Miss Ethel McDowell, Miss Margaret McDowell, Miss Mary Murdoch, Miss Lillian Shand, Miss Lily Simpson, Miss Beatrice Reid, Miss Annie Leckie, Miss Eva Craig.

At the close of the dinner the toast "The King" was proposed and duly honored. The Graduating Class was proposed by Miss Mitchell, president of the Alumnae, and responded to by Miss Mabel McKinnon on behalf of the class. The President was proposed by Miss Brophy, and responded to by Miss Mitchell; Our Honorary Guest, was proposed by Mrs. D. C. McColvin and responded to by Mrs. Duncan Smith.

The conveners of last night's entertainment were: Mrs. F. L. McKelvey, Mrs. G. L. Dunlop and Mrs. John Vauxhan, who also acted as toast mistresses.

The officers for the coming year were elected and plans made for the celebration of St. Andrew's Day in becoming manner at the close of the month. Following the meeting a dinner was held at Bond's, and an enjoyable programme of Scotch songs and music was carried out, the skirl of the pipes playing a prominent part therein.

## Canadian Club Hear An Able Address

"Education and War" Was Subject Taken by Dr. Frank D. Adams of McGill.

Dr. Frank D. Adams, Dean of the Faculty of Applied Science, McGill University, gave a very interesting and instructive address before the Canadian Club at the luncheon held in his honor at Bond's last evening. The subject chosen by Dr. Adams was "Education and War."

A. M. Seiding, who presided, made a few opening remarks. He apologized for not being present at the last two sessions, which was due to illness. After making the announcement that Sir Henry Drayton, Finance Minister of Canada, would address the club next Tuesday evening, he introduced the guest of honor and speaker for the evening, Dr. Adams.

**Dr. Adams**  
Dr. Adams, in beginning his address, stated that he came down to speak to the McGill graduates and was introduced, only after much controversy with the secretary, to address the Canadian Club. My subject for tonight, continued Dr. Adams, is "Education and War."

We are now passing through the most critical period in the history of the world. We are facing innumerable problems, to which we do not know the solution. Before the war the trend towards democracy was a gradual one, which had its advantages, in that the people of the various nationalities were able to prepare for it. Following the war democracy suddenly became widespread. The shock was too sudden for a number of the nations. As a result uneducated men were placed in positions of authority, who did not know the meaning of democracy.

**Canada to Be Envisaged**  
Lord Milner stated in a recent speech in London that Canada was of all countries the most to be envied. "We, it is true, are making great strides in democracy and education in this country of ours; but there is still a great deal of room for education. This is recognized in New Brunswick and the other provinces of the dominion. The schools of Montreal, of which I am better able to speak, are crowded to capacity. At present there are 5,000 children in the city without a school. Manitoba and the other western provinces, are becoming filled with peoples from Europe, who in many cases are unable to speak a word of English. The only solution towards the education of these nationalities is the finding of self-sacrificing teachers who are willing to go amongst them. Responsible government is something I might refer to in connection with education, but have not the time. A young school boy, when asked what responsible government was, answered, when a fellow goes you anything and won't pay up, he's the responsible government."

**Contradictory Reports**  
Many of the reports from Russia are contradictory, and not dependable; but one thing is certain, that due to ignorance, the people of Russia do not know what democracy involves. An eminent newspaper man, in a recent article in the Contemporary Review, says there are two facts in connection with Russia. The first is that Russia is bound up with revolution; the second that Bolshevism is a hopeless economic figure. Before the war the white race were in a position to speak of the world, but as a result of the war the colored races have been making great progress democratically and otherwise. Mexico is beginning to show real signs of progress, but as yet, when one considers that 86 per cent. of the population is illiterate, a republic is impossible.

**Khaki College**  
The "C. E. P." may be supposed to be the last place to conduct education, but when one considers there were three men behind lines to every one in the fighting zone, it throws a new light on the matter. The Y. M. C. A. did much in promoting the success that it was. Large quantities of books were bought in London and many sent from Canada. That comes of such one considers that 86 per cent. of the population is illiterate, a republic is impossible.

Dr. Adams related a trip by boat he had the good fortune to take during the war from London to Chatham, Kent county, England. During the trip his boat passed the place where the cruiser Bulwark sank by means unknown in the early stages of the war. They saw a German cruiser selected to complete the Zebrugg blockade. One of the submarines docked at Chatham was the U-62, which, before being captured, sunk 63 British ships.

At the conclusion of Dr. Adams' address, "God Save the King" was sung.

## Address Before High "Y" Members

J. H. Fowler, Secretary of Foreign Department, Spoke at Noon Luncheon.

J. H. Fowler, secretary of the Canadian Y. M. C. A. Foreign Department, delivered an interesting address before the members of the High "Y" Club assembled at last week's luncheon in the Y. M. C. A. yesterday at noon. There were thirty members in attendance, and Roland Rockwell, the club president, was in the chair. Mr. Fowler's address was listened to with much interest. He spoke of the work being done by the Y. M. C. A. in India, China, and Japan. Later in the afternoon he addressed the senior members of the association. His subject was an interesting one, which he dealt with in an able and eloquent manner, commanding the attention of all present.

## Manslaughter Case Was Concluded

Jury at Hampton Brought in Verdict of Not Guilty After 20 Minutes' Consultation.

A verdict of not guilty was brought in by the jury at Hampton yesterday in the case of the six young men on trial for manslaughter. The jury recommended that the store at Hampton where the accident occurred be removed.

Both Dr. J. B. M. Baxter and Senator Fowler for the defence, and Dr. W. B. Wallace, crown prosecutor, concluded their addresses to the jury in the morning. The defence lay stress on the fact that the boys had been blinded by the light of the other car; that the driver did not see the children, and that the circumstance was one calling for very difficult judgment and instant action. Chief Justice McKeown completed his charge to the jury at three o'clock in the afternoon and twenty minutes later a verdict of "not guilty" was returned with a recommendation that the store hit by the car be removed from the roadside.

The case, which was concluded yesterday has aroused a great deal of interest among motorists and the public in general since the accident happened on last April, which gave rise to the proceedings.

**HOSPITAL SOLDIERS WERE ENTERTAINED**

**ARRANGEMENTS ALL READY FOR TAG DAY**
