

We feel that the decisions given by the Most Worshipful Grand Master, and referred to in his Address, can only give satisfaction to the craft.

We concur in the expressions of regret in regard to suspensions, and trust this Grand Lodge will take some decided action concerning suspension for non-payment of dues; whilst we recognize the necessity of inflicting this penalty for misdeeds and violations of masonic rules, we cannot but deprecate the indiscriminate use of it to compel payment of dues, and in many cases, too, where the brother is unable to pay. We are glad to learn that the differences which existed in the jurisdictions of Manitoba and Cuba, have been satisfactorily settled, and that peace and good will now prevail among the brethren in those countries.

Before concluding this our Report, we desire to convey to you our appreciation of the able, efficient and dignified manner in which our Most Worshipful Grand Master has presided over this Grand Lodge since it has been established.

Respectfully and fraternally submitted,

P. ALBERT CARVELL,	} Committee.
