

THE OUTLOOK, MIDDLETON, NOVA SCOTIA

Middleton Will Be Home of Appo Krisp, Limited

Central Location, Competitive Freight Rates, Splendid Hydro, Good Water and Fine Site Were Determining Factors in Selecting Premier Valley Town For Factory. 50 Hands To Be Employed

Stock Going Fast --- Brokers Anxious To Buy

SINCE THE SELECTION OF LOCATION FOR THE PLANT, APPO KRISP'S STOCK IS BEING BOUGHT READILY. BROKERS IN VARIOUS PARTS OF PROVINCE AND UPPER CANADA EAGER TO PROCURE BLOCKS. EVERY CITIZEN IN VALLEY SHOULD PURCHASE AT LEAST ONE UNIT WHILE STOCK IS AT PAR.

MIDDLETON has been fortunate in being selected as the home of Appo Krisp, Limited. Manufacturers of the new cereal "Appo Krisps," from apples and wheat. Middleton put forth every effort to secure the new industry, and though in keen, but friendly, competition with other thriving Valley towns, the advantages were in Middleton's favor—and the directors acted accordingly.

Naturally, the citizens of Middleton and surrounding community, feel quite elated at securing another industry that bids fair to become one of the largest in the Valley. And, while our sister towns were abt disappointed, they realized that the directors were only doing what was considered to be the best interests of the shareholders, and accordingly extend congratulations to Middleton.

The several towns in competition with Middleton offered splendid inducements to Appo Krisps, all of which were put before the directors in a most convincing manner, and every point was given due consideration. The main point that won for Middleton the coveted honor—and which, was the greatest determining factor—was the freight rates, which were much lower than those of sister towns.

The first sale of stock in the new enterprise is for \$200,000 worth, selling at \$110 per unit. Each unit is comprised of one preferred and one of common stock. The stock at first did not meet with rapid sale, people as a rule, being a bit reticent to part with their coin—but as the company, its personnel, and general principals became better known, and the public greeted it more cordially—and with the definite selection of a location the stock is finding a ready market. People all through the Valley are now putting up money and purchasing from one unit up, according to their means. Not only Valley people are known, but from all over the province, enquiries are coming. Brokers in various centres interested—but from all over the province, enquiries are coming. Brokers in various centres interested—but from all over the province, enquiries are coming. Brokers in various centres interested—but from all over the province, enquiries are coming.

The new Cereal, Appo Krisp is manufactured from apples and wheat. It is patented in Canada and the United States—thus being fully protected. This new use for apples will open up a new apple sale avenue for the farmers, thus bringing to them additional prosperity. The wheat best adapted to this purpose is the grade grown here in the Valley and with Appo Krisp Limited in operation a market for all wheat grown will be right at the farmer's door, so to speak.

Appo Krisp Limited will employ fifty hands, which means considerable to the town in general.

All things considered, it looks as though a new era of prosperity is dawning, and we trust Appo Krisp Limited will meet with all the success anticipated, and will have the undivided support of every citizen in Nova Scotia—especially of those in the Valley.

A choice site has been selected, being on the north side of the tracks, opposite the D.

APPO KRISP, LIMITED

Special Announcement

THE Board of Directors of Appo Krisp Limited beg to announce that the first factory to be erected by the Company to manufacture the new Fruit Cereal APPO KRISPS will be located at Middleton, N. S.

Building operations are to be undertaken without delay. Pending the completion of the plant, the head office of the company will remain at Kentville.

By Order of the Board

R. INNES, Secretary.

Kentville, N. S.,
October 12th, 1925

N.B.—A portion of the capital stock issue of APPO KRISP, Limited is still available. Think of the world wide sales possibilities of a patented ready-to-serve Fruit Cereal which alone makes it possible to eat "AN APPLE A DAY IN A BRAND NEW WAY!" Never before has there been a Maritime investment opportunity to compare with this. A descriptive circular and a sample of Appo Krisp will be gladly furnished.

A. R. water tank. This site comprises slightly over eight acres. The erection of the new factory will commence immediately, all plans and specifications having been secured.

Following clippings taken from our contemporaries, appeared in issues following the announcement of the selection of Middleton as the home of Appo Krisp Limited:

APPPO KRISPS TO MIDDLETON
New Industry Selects Place of Manufacture—Freight Rate Difference Factor—New Plant Will Run—New Plant Will Employ About 50 Persons To Operate About First of Year

(Bridgetown Monitor, Oct. 14th)

At a meeting of the directors of Appo Krisp, held on Monday afternoon at Kentville, it was definitely decided to select Middleton as the most suitable town for the new plant. The directors, who are from Kentville, Bridgetown, and other Valley towns, were unanimous in their decision to select Middleton as the site for the new plant.

The directors, who are from Kentville, Bridgetown, and other Valley towns, were unanimous in their decision to select Middleton as the site for the new plant. shipping facilities were the determining factors and Middleton's position in these respects was unassailable. The investor can therefore be assured that the Directors of his company have acted in his best interests for the most economical and at the same time efficient conduct of the business.

WOLFVILLE GETS THE GO BY
New Valley Industry Will be Located at Middleton

(Wolfville Acadian, Oct. 15th)

The location of the first factory of the Appo Krisp Limited has been decided upon after a keen competition. Middleton, which is a valley town, was selected over Kentville, Bridgetown, and other Valley towns.
