were drowned .. The French Government wished to save the French Government wished to save the temporal Papacy. If the Court of Rome has no soldiers, it can pray; but did it ever think of recompensing its benefactor by in-woking on it blessings from on high? No; it has rather cursed the hand which protected; and, according, that hand will be with drawn, whatever may be done-will abandon that decayed edifice; and when that is done. the edifice will be nothing more than an ancient ruin in a desert.—Paris Presse.

A deputation of locomotive drivers ner Gibson, at the Board of Trade, to complain of the great amount of work they have

The London Athenaeum reports that Mr. Chas. Lungley, shipbuilder, Deptford, working on the ideas of Charles Wye Williams, has produced the model of a ship, which you may set on fire, dash against rocks, stave in and tear to pieces, but which, it is asserted, you cannot sink. His plan consists in divide g the lower part of the ship into two or ore closed water-tight compartments, and in affording access to these compartment for the introduction of Cargo or stores b means of water-tight trunks or passages, led up from them to such a height that their p from them to steen a neight that their per ends shall never, in any practicable sosition of the ship, be brought quite down the level of the water. Compartments to the level of the water. Compartment thus formed may be used as ordinary cargo

spaces, store rooms, chain lockers, or for any other like purposes. At Devizes Edward Seymour Birch was tried on a charge of solemnizing a marriage according to the rites of the Church of En gland, he not being in orders, and therebeloniously pretended to be in orders. Bire een convicted in Wales of th same offence, and sentenced to ten years' penal servitude. He was again found guilty, and sentenced to ten years' penal servitude This young person had passed himself off o two or three occasions as a clergyman duly ordained. When suspected, he simply went off. He had done duty in more than one shurch, and had performed several marriages, all of which were invalid. His whole career did not extend over a year, and he is now

in safe custody for ten.

The Post asserts that the military ope tions in which Garibaldi is to take part, are on the point of commencing, and that the leaders of the combined Hungarian and Italian movement have come to a perfect understanding. It is expected that the Hun-garian Diet will pass a formal vote, calling the Hungarian troops from the other parts of the Austrian Empire, to be concentrated in the Kingdom of Hungary alone. Such a measure, if complied with, would necessarily strip the Venetian Provinces of the flower strip the Venetian Provinces of the flower of the Austrian forces. If opposed by the Austrian Government, the Hungarians would refuse to pay taxes, and the moment for breaking out into insurrection would inches in diameter, the whole weighing about inches in diameter, the whole weighing abo
