

Weak - Nervous Women

There is No Remedy Like Vinol
"Women's work is never done." That's why they are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves and creates strength.

Here is Proof that Should Convince Everyone
"I was run-down, nervous, and losing flesh rapidly, and had fainting spells, so I had to stop work for weeks at a time. My doctor told me to take Vinol. I did and after two or three days I commenced to feel better. I have gained flesh rapidly and feel better in every way since taking it."
—Miss Phyllis Jones, W. Toronto, Ont.
For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.
Your money will be returned if Vinol fails - Leading Druggists.

INSTALLING NEW DIAMOND
Service on the K. & W. street Railway was considerably interfered with to-day especially at the noon hour when the diamond on the Elmira Branch of the G. T. R. at the King street crossing was changed, the old one being replaced by a new one. It took several hours to make the change and as a result passengers to and from Waterloo were obliged to transfer from one car to the other at the crossing. There were many late dinners and many ruffled tempers it being the consensus of opinion that a more suitable hour when the traffic was not so heavy could have been selected.

Asking for Annexation
The committee acting for the annexation of Homeside district, near Hamilton, in the township of Barton announces that the signed petitions of the municipal electors that were forwarded some time ago to the Ontario railway board and to the city council of Hamilton have been acknowledged by the railway board, and that this body is now awaiting the action of the city council. With a view to expediting this matter the committee waited on the board of control this morning and expects that a favorable decision will be reached on this question. Barton township is known as one of the most highly assessed and valuable townships in Ontario. The small portion of 800 acres asking annexation will, with the newly acquired Firestone Tire Company, possess industries valued at five million dollars, and 10,000 residents.

Election Prospects.
Ex-Aid G. L. Ireland, an unsuccessful candidate last year, has announced his intention of standing for the Stratford Municipality next year. Rumor has it that Aid J. C. C., who was elected last year and compelled to resign because of military service, and the

HOW WILL YOU STORE YOUR BATTERY THIS WINTER?

There are a dozen easy methods for winter battery care, advocated in good faith by misinformed persons. Almost without exception they produce the same result—partial or complete destruction of the Batteries' usefulness.

There is but one method advocated by battery authorities, which when applied by experts, prevents deterioration of the battery and insures satisfactory service.
