

of his bounty; as the following well authenticated anecdote will show:— One day, as he was passing privately in one of the quiet streets of the Transvernal, a considerable crowd was assembled round an old man, stretched upon the ground, and beating his head against the pavement in strong convulsions. "It is a Jew," it is a Jew," cried the people, and restrained by the grateful name, not one afforded the poor man the least assistance. "It is a man!" cried the Pope, descending from his carriage, and pressing through the crowd, "it is a suffering creature who must be succored," and raising the poor Jew in his arms, he placed him in his carriage, and conducted him to his home, where he remained with him until his senses returned. The same day, the Pope sent his physician, and the following day one of his secret Chamberlains, to make inquiries concerning him.

EMIGRATION TO AUSTRALIA.—The *Cork Examiner* says, the desire to emigrate to Australia is greatly on the increase. The applications made to Mr. Bernard, J. P., for advice and information on the subject have become so constant and numerous, that he has found it necessary to communicate with the Secretary to the Commissioners. The following reply has been made to his last communication, which we have been requested to give, and which we readily do for the guidance of those desirous to proceed to those interesting colonies, free of cost to themselves:— London, May 21, 1857. The Emigration funds are now so exhausted, and we have still in the office so many cases waiting their turn for consideration that the commissioners are unable to accept any fresh candidates. Will you be so good as to explain this, and to any other persons who may be applying to you for information on the subject of free emigration under the direction of this board.—Yours faithfully, S. WILCOCK.

LORD PALMERSTON.—A BELWARK, OR A BUILDING.—A curious incident occurred at a public meeting held at Norwich, on the subject of the law of settlement. One of the speakers, referring to Lord Palmerston, described him as the "bulwark of everything he took in hand," and upon this an individual possessing the rough but ready wit often to be observed in public assemblies, exclaimed, "Bulwark! 'bul-dog' you mean." The rally was of course received with much laughter.

There are more ways than one to make money in Chicago. The city is now agitated by the discovery that the physician of the County Poor House had been selling the dead bodies of the paupers to the various medical colleges of the country. It appears that the practice has been kept up for years, and that it had only been discovered by mere accident a short time since.

MARRIAGE A MEANS OF GRACE.—"Mr. Jones, don't you think marriage is a means of grace?" "Certainly; anything is a means of grace that leads us to repentance."

TO TELL GOOD EGGS.—If you desire to be certain that your eggs are good and fresh put them in water; if the butts turn up they are not fresh. This is an infallible rule to distinguish a good egg from a bad one.

An old bachelor geologist was boasting that every rock was as familiar to him as the alphabet. A lady who was present declared she knew a rock of which he was wholly ignorant. "Name it, madam," cried the lady, in a rage. "It is rock the cradle, sir," replied the lady. Celibacy evaporated.

A German writer says that the people of the United States can burst more steam boilers and chew more tobacco than any other of the nations on the globe.

"What's the state of morals in your district?"—said a long faced reformer to a farmer who recently visited town. "Pretty good," replied the farmer,—"every body seems disposed to mind their own business in our parts." This may be set down as a very fair hit.

A woman in one of the towns of New Hampshire, who had been ill used by her husband, on finding him asleep one day, quietly served him up in the bed clothes, and then gave him a tremendous thrashing.

DEGRADATION.—Charles Lamb once remarked on seeing some boys at play, "what a pity to think that some of those fine, innocent fellows, may some day come to be members of Parliament!" The author of the following dialogue appears to entertain a similar idea of legislative dignity:—

Anxious Father.—"What am I to do with you, sir—what an I to do with you. Do you know if you continue your present shameless course of falsehood and deceit, you will be fit for nothing but a member of the House of Assembly."

Distracted Mother.—"Oh don't say that, father, don't say that—you will humiliate the boy!"—Canadian Paper.

"Jack did you ever carry that umbrella home that I borrowed yesterday?" "No, father, you have often told me to lay up something for a rainy day, and as I thought it would rain before long, I have laid the umbrella up."

SOAP SONS FOR CURRENT BUSINESS.—A correspondent of the *Falton Farmer* says:—"I have found the cultivation of currant to be very profitable. By care and attention I greatly increased the size of the bushes and the quality of the fruit. My bushes are now about six or eight feet in height, and are remarkably thrifty. The cause of this large growth I attribute in a great measure to the fact that I have been in the habit of pouring soap suds and chamberley around their roots during the summer season. I am satisfied, from my own experience and that of some of my neighbors, that the treatment will produce a most astonishing effect upon the growth and product of the bushes, and would advise others to give it a trial."

Slugs on cherry and other trees, may be repelled by dusting them with pulverized or water slacked lime or ash, or by showering them briskly with dry sand or powdered earth.

WORMS! WORMS! There is no disease more common among children, and yet none which so frequently baffles the skill of the physician, as worms. They are highly detrimental to the constitution; and their presence should be carefully guarded against by parents. On the great manifestations of symptoms, every means should be used to expel them promptly and thoroughly. McLANE'S Vermifuge, prepared by Fleming Bros. of Pittsburgh, is well established, as the most certain, safe and speedy remedy ever offered for this troublesome and dangerous malady; and all who have the management of children should keep this invaluable medicine on hand. In addition to its perfect safety, it never fails to produce the desired effect.

Purchasers will be careful to ask for DR. McLANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburgh, Pa. All other Vermifuges in comparison are worthless. Dr. McLANE'S genuine Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS. AYER'S CHERRY PECTORAL, FOR THE RAPID CURE OF Colds, Coughs, and Hoarseness.

BRIMFIELD, MASS., 25th Dec., 1855. Dr. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold. It is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EDWIN KNOWLTON, M.D.

A. B. MORTLEY, Esq., of Uxma, N. Y., writes: "I have used your Cherry Pectoral in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza. SPRINGFIELD, MASS., Feb. 7, 1856. BROTHAN AYER: I will cheerfully certify your Pectoral is the best remedy we possess for the cure of Whooping Cough, Croup, and other diseases of children. No of your kind relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicine is the cheapest as well as the best we can buy, and we esteem you, Doctor, and your country, as the true benefactors of the world.

Asiatica, Phthisis, and Bronchitis. WEST SPRINGFIELD, PA., Feb. 4, 1856. Sir: Your Cherry Pectoral is producing a most happy course in this case. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., ALBION, MONROE Co., Iowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption. Probably no one remedy has ever been known which cured so many and such dangerous cases of this. Some no human aid can reach; but even these the Cherry Pectoral affords relief and comfort.

ALBION, IOWA, NEW YORK CITY, March 5, 1856. Doctor AYER, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which she was not to be cured by any other means. She was slowly sinking, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We tried his kindness, as we do your skill, for she has recovered from that disease, and is now as healthy as she used to be, but is free from her cough, and feels herself well. Yours, with gratitude and regard, GILLMAN SHELLEY, of SURBURYVILLE.

Consumption, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cure all round us bespeak the high merits of its virtues.—Pharmaceutical Editor.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been traced their utmost to produce this best, most perfect purgative which is known to man. Unimpeachable proofs are shown that these Pills have virtues which exceed all other cathartic medicines, and that they will unobscuredly upon the system of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the full humor which breeds and grows distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. They do this every day, every complaint of every body, and also semibillous and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in diminished dose, the safest and best physic that can be employed for children. Being unobscuredly, they are pleasant to take, and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of imposture. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent us the assurance of their conviction that my Preparations excels in eminently to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a full Stomach, Swollen Intestines, Morbid Inaction of the Bowels, and Pain arising therefrom, Flatulency, Loss of Appetite, all Venereal and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best and there is for them, and they should have it.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass. Price, 25 Cts. per Box. Put up boxes for 25.
