Certain Proof Will Be Made That
Stuart's Dyspepsia Tablets
Cure Stomach Trouble.

A Trial Package Sent Free.

Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemicals not only to digest food, but to enrich the fluids of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

We will send you a quantity of these tablets free, so that their power to cure may be proven to you.

Thousands upon thousands of people are using these tablets for the aid and cure of every known stomach disease. Know what you put into your stomach, and use discretion in doing so.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis, Golden Seal, which tone up and strengthen the mucous lining of the stomach, and increase the flow of gastric and other digestive juices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Pepsin of the highest digestive power and approved by the United States Pharmacopoeia.

One of the ablest professors of the University of Michigan recently stated that this Pepsin was the only aseptic Pepsin he had found that was absolutely pure—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—in itself a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation and chemical changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.

If you really doubt the power of these tablets, take this advertisement to a druggist and ask his opinion of the formula.

It is due your stomach to give it the ingredients necessary to stop its trouble. It costs nothing to try. You know what you are taking, and the fame of these tablets prove their value. All druggists sell them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address, F. A. Stuart Co., 206 Stuart Building, Marshall, Mich.

lors have been writing some letters in the correspondence columns, and I'm one of those bachelors, too. I'm 22 years of age, have a homestead here, but it is very lonesome, so I should like to correspond with any who care to write. There are many bachelors—about 20, I think—but only a few girls, and they leave the settlement, when the spring-time is coming. It seems that the girls like to be in the towns better than on the prairie.

To be a bachelor in a new settlement is not so joyful always. The bachelors have to work hard all day, doing cleaning, cutting big and small trees, etc., besides having to fix the breakfast, dinner, and supper and all he wants to eat, too.

Well, now my letter is getting lengthy and I must bring it to a close. I do hope that Inconnia, Josephus, Wincunla, and other boys and girls will write many good letters again. I would like some to write to me as I wish to learn English better, and I think a little practice in corresponding will do very much. My address is with the editor.

The Swede.

Leading all the Time.

June, 1911.

Sir,—It is with great interest I read the W.H.M., and believe it to be one of the leading magazines. I as many others, find the correspondence columns very amusing, and The Young Woman and Her Problem very helpful. I think, girls, we can get many hints from that page.

Admirer of Archibald's letter sure amused me greatly. He said women of the present day were always howling about the amount of work they had to do. Pardon me, Admirer of Archibald, there are not, I'll admit, some women are no lovers of work, but do you mean to say that all women are alike. Many a man would have been sent to the wall years ago had it not been for a careful wife. True a woman has often been the means of sending a man down. I don't mean to shield my own sex in the least, but I do not believe women are always at fault. Do you boys! Perhaps by now you'll think I am a cranky old maid, but really I'm not, and I sympathise with the boys who have left good homes and come to make homes for themselves on the western prairie. I notice considerable is said about smoking, chewing and drinking. Now I can see no harm in smoking, but detest chewing, and as for drinking, I feel sorry for the young man who has proved himself weak on that point.

Now I've spent more time with you than I really intended, so will draw my letter to a close by saying I am a dark eyed maiden of 21 summers, enjoy all kinds of sports, and should any of the readers care to write me I'll do all that is in my power to make our correspondence interesting.

Fair Play No. 1.

Wants Work.

Manitoba.

Sir,—I enclose two dollars for my subscription to your paper—it is renewal subscription.

I am a widow, 47 years of age, a lady by birth and education, compelled now to work and support myself. I find it hard, and if I could get a situation where work would not be too hard, I would be glad. I find the milking of four cows rather too much for me. I would like a situation with a bachelor or widower with no family. When one has to start in at 40 to work for their own living it comes hard, yet I am willing to do all I can. I used to help my husband in his work when he took up a homestead. I have no cash—but own other things; I am all alone out here. I have taken your paper for years. I can make bread, make butter; am good plain cook; can do plain sewing, make a good working shirt for a man.

Yours faithfully, Housekeeper.

Dear sir,—I have been a subscriber and reader of your paper for some time, and pass many a pleasant evening with

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alternative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotics nor alcohol.

The ingredients, as attested under oath, are Stone root (*Collinsonia Canadensis*), Bloodroot (*Sanguinaria Canadensis*), Golden Seal root (*Hydrastis Canadensis*), Queen's root (*Stillingia Sylvatica*), Black Cherry bark (*Prunus Virginiana*), Mandrake root (*Podophyllum Peltatum*), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive tissue waste in convalescence from fever; for the run-down, anæmic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.

Gives Men This Vitality of Youth

Vitality is the thing which makes success; it gives men that compelling power which sends them forth eager and equipped to meet and overcome all obstacles; it is the thing which gives the young soldier courage to face death; it is the thing which inspires and holds his sweetheart's love and faith. No matter what your age, I can give you this same vital power. I can restore the vigor you lost, no matter what early or late indiscretion may have sapped your strength. I can make you "young" and keep you "young." From an intimate and studious observation of possibly 100,000 weakened men, I say to you that VITALITY or the lack of it means all the difference between a manly man and a half man. The man who bubbles with vital power will exert a pleasing influence upon all with whom he comes in contact; women are naturally attracted to him, as are men. Lack of vitality is a negative condition and it even repels. You wear my HEALTH BELT all night; it sends a great glowing, health-giving current of electro-vitality into your nerves, blood and organs; it takes all the "kink" out of your back and all the coward out of your makeup; it puts you right up in the "feeling fine" class and keeps you there. No stimulation, no false results; just a sure return to manhood and courage. Recommended also for rheumatism, pain in the back; kidney, liver, stomach and bladder disorders. It makes you feel young and keeps you feeling young forever.
