10th Sept 85

Gentlemen,

You will remember that in May of the present year you were requested to prepare for this Department samples of tea, sugar, tobacco, &c., according to several standards which were approved for delivery by Contractors for Indian supplies in the North-West by Messrs Wadsworth and Sinclair.

These supplies have since been delivered, and it has become necessary to test, in one instance at least, by the opinion of an expert

Messrs Baker & Co.
Sparks St.
Ottawa.
